Detailed Fiscal Analysis

The bill makes several changes to motor vehicle towing requirements and procedures under certain circumstances. In general, these changes primarily affect private towing companies and do not have any fiscal impact on state or local governmental entities. The bill also requires the Public Utilities Commission of Ohio (PUCO) to adopt rules pursuant to the Administrative Procedure Law governing for-hire motor carriers engaged in towing motor vehicles. Any costs related to the additional rulemaking required of PUCO could likely be absorbed within its existing budget.
