### Detailed Fiscal Analysis

The bill prohibits manufactured home park operators, home owners associations, and other landlords from prohibiting the display of the United States flag, or the display of a service flag approved by the United States Secretary of Defense, provided that these flags are displayed in accordance with (1) federal, state, and local law governing display of the United States flag or (2) a proclamation of the President of the United States or the Governor. Because these types of disputes are infrequent and are not often litigated, the fiscal effect on local court jurisdictions would most likely be negligible, at most. The most likely effect would be some small reduction in overall caseload related to these types of disputes.
