

\$185,000 in FY 2002, and would be increased according to the smaller of the Consumer Price Index and 3% increase.

Local Fiscal Highlights

LOCAL GOVERNMENT	FY 2001	FY 2002	FUTURE YEARS
Counties			
Revenues	- 0 -	- 0 -	- 0 -
Expenditures	Up to \$5.6 million increase	Up to \$7.3 million increase	Up to \$10.8 million increase in 2003; increases up to \$21.8 million in 2008
Townships			
Revenues	- 0 -	- 0 -	-0-
Expenditures	- 0 -	- 0 -	Up to \$1.3 million increase in 2003; increase in millions of dollars thereafter

Note: For most local governments, the fiscal year is the calendar year. The school district fiscal year is July 1 through June 30.

- Counties would have increased costs to pay for increases in officials' salaries and benefits (primarily PERS) costs for those increased salaries. These increases reflect the assumption that cost of living increases would be based on a 3% increase, instead of the increase in the Consumer Price Index. The lesser of the two rates would be used to determine actual increases. Starting in 2003, county auditors would receive the salary increases.
- Increases for board of elections members are also included in the county costs above.
- Township increases for trustees and clerks do not begin until 2003 because the current law schedule goes through 2002.
- The salary for clerks of municipal courts may be determined by the presiding judge for territories with a population of up to 100,000, with the exception of Auglaize and Lorain County Municipal Courts. These salaries would probably range greatly and cannot be estimated, since they will depend on individual presiding judges' decisions.

Detailed Fiscal Analysis

This bill increases the base salary of state legislators, judges, county officials, and township trustees, allows for a cost of living increase based primarily on the lesser of 3% or the increase in the Consumer Price Index, Urban Wage Earners (CPI), and increases associated costs for certain local officials. Attached are tables that list the increased costs to the state, counties, and townships.

These tables reflect benefits that are earned as a proportion of salary, such as retirement benefits (PERS) for legislators and participating local governments. Rates for Medicare and Workers Compensation are included in calculations for local governments, as applicable, but not for legislators, who receive a fixed rate that would not be increased under this bill. Local elected officials are exempt from membership in PERS. However, officials may choose to be members and most officials do become members. This analysis assumes that all local officials will join PERS. Counties and townships pay 13.55% of an official's pay to PERS, except in the case of sheriffs for which counties pay a rate of 16.7% percent. Counties and townships would also pay an additional small percentage for Medicare and Workers Compensation.

State Cost

Starting in FY 2002, judges of the Supreme Court, and appellate, common pleas, municipal, and county courts will receive pay raises, to be increased annually according to the lesser of 3% or the CPI. These increases would cost the state up to \$2.4 million in FY 2002 and up to \$4.9 million in FY 2003.

In addition, over \$698,000 in the second half of FY 2001 and \$1,460,000 in FY 2002 will be used to cover increases in the salaries of members of the General Assembly. Of these amounts, approximately 75% will be used for the House of Representatives and the remainder for the Senate payroll. These figures will actually increase by the lesser of 3% or the increase in the CPI for the year from CY 2002 to CY 2008, but this analysis reflects a maximum 3% increase, since future increases in the CPI are unknown.

The salaries for the statewide officials are also adjusted starting in CY 2003. However, the Governor's and Lieutenant Governor's salaries would remain at the levels already set by current law for CY 2002 through 2006. These two officials would receive an increase in CY 2007 that equals the lesser of the CPI or 3%, compounded for the previous five years. Starting in 2008, the Governor and Lieutenant Governor would receive annual increases equal to the lesser of the CPI or 3%. The Secretary of State, Auditor of State, Treasurer of State, and the Attorney General will receive increases starting in CY 2003, with annual increases equal to the lesser of the CPI or 3%. Assuming increases up to 3%, these increases would have a maximum range from \$11,550 in CY 2003 to \$20,698 in CY 2007.

The state would have increased costs to pay a share of the increase in the salaries and/or certain benefits for each county clerk of courts, sheriff, and county prosecutor. These costs are estimated to be

about \$91,000 for the six remaining months in FY 2001, \$185,000 in FY 2002, and would be increased according to the smaller of the CPI and 3%.

Local Cost

The bill increases salaries for each county official (Auditor, Treasurer, Sheriff, Clerk of Courts, Recorder, Commissioner, Prosecuting Attorney, Engineer and Coroner) and township official (Trustee and Clerk). After increasing the base pay, the bill increases the salaries by the lesser of 3% or the CPI for the preceding September 30th to September 30th period. For local, as well as state, estimates in this fiscal note, an increase of the maximum 3% is reflected. Between 1989 and 1999, the average rate of increase in the CPI used in the bill was 3.5%. The overall CPI, that which reflects all urban consumers and not just wage earners, was 3% from September 30, 1999 to September 30, 2000. All elected officials in the bill follow a four-year election cycle, as shown below.

Under the terms of the bill, the presiding judge shall prescribe the salary for clerks of municipal courts in territories of less than one hundred thousand population, excluding the Auglaize and Lorain County Municipal Court. The presiding judge of the municipal court has the permissive authority, constrained only by whether the court’s total annual revenues exceed total annual expenditures, to determine the salary of the clerk. Should total annual expenditures of the court exceed revenues, the legislative authority would determine the salary of the clerk as prescribed under existing law.

<u>Elected in 2000</u>	<u>Elected in 2001</u>	<u>Elected in 2002</u>	<u>Elected in 2003</u>

Note: One of the three Commissioners in each county would not receive an increase until 2003 because that Commissioner's term was in progress when HB 712 was enacted. That Commissioner could not receive a pay increase under the Ohio Constitution until he or she began a new term.

County Commissioners: Increase over Current Expenditure

County	1999 Pop. Estimate	Pay Class (new)	2001 Difference*	2002 Diff.*	2003 Diff.	2004 Diff.	2005 Diff.	2006 Diff.	2007 Diff.	2008 Diff.

Notes: The figures for fiscal years 2001 and 2002, for each individual county and for the county totals, would actually be 2/3 of the amounts shown. The totals included in the Local Fiscal Highlights section of the fiscal note are therefore \$1,239,243 for FY 2001 and \$1,498,873 for FY 2002. One of the three Commissioners in each county would not receive an increase until 2003 because that Commissioner's term was in progress when HB 712 was enacted. That Commissioner could not receive a pay increase under the Ohio Constitution until he or she began a new term.

Notes: The estimates in this table assume the wording of the bill As Passed by the Senate. For purposes of these estimates, a printing change made in the act is assumed not to have been intended. According to information supplied to LBO, the County Coroners in Butler, Cuyahoga, Lorain, Lucas, and Stark Counties are full-time coroners, meaning that they are not engaged in private practice. Full-time County Coroners are paid a higher salary than are County Coroners who are engaged in private practice. The salary figures shown above are based on this office's understanding that the coroners in the five counties listed above are full-time and that the coroners in all other counties are engaged in private practice.

County Coroners: Increase over Current Expenditure

Notes: The estimates in this table assume the wording of the bill As Passed by the Senate. For purposes of these estimates, a printing change made in the act is assumed not to have been intended. The numbers shown here are based on the assumption that all County Engineers are full-time employees of the county, meaning that they do not have a private practice. A few County Engineers actually do have a private practice, but LBO does not know which ones. The actual salaries of such part-time engineers would be less than the figures shown here.

County Engineers: Increase over Current Expenditure

County	1999 Pop. Estimate	Pay Class (new)	Current Law CY 2001 Salary	2001 Difference	2002 Diff.	2003 Diff.	2004 Diff.	2005 Diff.	2006 Diff.	2007 Diff.	2008 Diff.

Notes: The estimates in this table assume the wording of the bill As Passed by the Senate. For purposes of these estimates, a printing change made in the act is assumed not to have been intended. The numbers shown here are based on the assumption that all County Engineers are full-time employees of the county, meaning that they do not have a private practice. A few County Engineers actually do have a private practice, but LBO does not know which ones. The actual cost increases attributable to such part-time engineers may differ from the figures shown here.

Table 8: County Treasurers

County	1999 Pop. Estimate	Pay Class	2001 salary, current law	2001	2002	2003	2004	2005	2006	2007	2008

Note: According to information received by LBO, 23 of the 88 counties in Ohio have a County Prosecutor that also engages in private practice. Such prosecutors are paid less than are full-time County Prosecutors. The salaries listed in the table above are based on this office's understanding of which County Prosecutors are engaged in private practice and which are not.

County Prosecutors: Increase over Current Expenditure

County	1999 Pop. Estimate	Bill Pay Class (new)	Current Law CY 2001 Salary	2001 Increase	2002 Increase	2003 Increase	2004 Increase	2005 Increase	2006 Increase	2007 Increase	2008 Increase
