Classroom Facilities Maintenance Obligation

No provision.

R.C. 3318.04, 3318.08, 3318.37

Permits a school district segmenting its state-assisted classroom facilities project or participating in the Exceptional Needs School Facilities Assistance Program to prorate its maintenance obligation to cover only the facilities acquired under the segment or program, if the district can generate the amount needed for maintenance of those facilities by a method other than levying a one-half mill maintenance tax for 23 years.

**Fiscal effect: Under current law, a district may generate all or part of its maintenance obligation by (1) using proceeds from a property tax for permanent improvements or from a school district income tax, (2) applying donations, credit issued to the district, or funds provided by a third party, or (3) using any other available moneys. The bill would allow a school district to use one of these methods, rather than levying a one-half mill maintenance tax for 23 years, to cover only the maintenance of the facility funded in the segment or ENP project.**

Local Share for ELPP School Districts

No provision.

R.C. 3318.36

Specifies that the local share of a Classroom Facilities Assistance Program (CFAP) project for a school district that participated in the Expedited Local Partnership Program (ELPP) and whose general business tangible personal property (TPP) valuation made up 18% or more of its total taxable value for TY 2005 (before the TPP tax was phased out), be the lesser of (1) the percentage locked in when the district signed the ELPP agreement or (2) the percentage computed using its current wealth percentile rank.

**Fiscal effect: The local share for an eligible school district may be lower and the state share would be higher as a result.**
