obligations of political subdivisions, regardless of their date of maturity, and (2) Securities or obligations otherwise eligible for investment that mature on a date that is more than 5 years but not more than 10 years from the date of settlement.

Eliminates two exemptions from the maturity-date restrictions provided under current law: (1) investments specifically approved by the investment advisory committee that are matched to a specific obligation or debt of the county or of a political subdivision, and (2) a county's authority to invest (with advisory committee approval) up to 25% of the county's total average portfolio in securities and obligations that mature on a date that is more than 10 years from the date of settlement.

No provision.

Allows townships to provide a property tax exemption for property consisting of at least four residential units pursuant to a tax increment financing resolution if construction on the project begins between April 1, 2012, and December 31, 2013, and if the tax increment financing resolution was adopted before December 14, 2001.

Same as the House.

Executive

As Passed by the House

As Reported by Senate Finance

Fiscal effect: Under current law, a resolution adopted by a township's board of trustees that creates a parcel-by-parcel TIF may not exempt residential property from taxation. Current TIF law does not define "residential property." The provision applies to parcel-by-parcel TIF resolutions adopted before December 14, 2001. Presently, there are 19 active township TIFs that fit this criteria, and they affect 11 different school districts. However, the provision only applies to those TIF resolutions with a property where four or more residential units are constructed between April 1, 2012 and December 31, 2013. Although LSC is unaware of any construction projects expected to occur over the 21 month period, a school district could lose property tax revenues from the new construction of residential units based upon the expanded exemption contained in this provision.

TAXCD53 Real Property Valuation

No provision.

No provision.

R.C. 5713.03, Section 757.51

Provides that real property is to be valued, as nearly as practicable, on the true value of the fee simple estate as if unencumbered (encumbrances include mortgages, other liens, and other claims on the property). Allows county auditors to consider factors other than the sale price in determining true value, if a property has been the subject of an arm's length sale between a willing seller and a willing buyer. Specifies that the effective date of this change, for each county, is the year of the first sexennial reappraisal or triennial update after tax year 2012.
