DASCD4 Official Public Notice Web Site

R.C. 125.182, 7.10, 7.16, 2701.09

(1) Changes the name of the state public notice web site operated by the Office of Information Technology (OIT) within DAS or its contractor to the "Official Public Notice Web Site." Eliminates the requirement for OIT to bear the expense of maintaining the domain name for the Official Public Notice Web Site.

(1) No provision.

R.C. 125.182, 7.10, 7.16

(1) Same as the Executive, but requires an Ohio trade association that represents the majority of newspapers of general circulation (instead of OIT or its contractor as under current law) to operate and maintain the web site.

(2) Allows OIT or its contractor to (a) charge a fee for enhanced search and customized content delivery features of the official public notice web site, and (b) to charge the publisher of a newspaper or daily law journal a reasonable, uniform fee for posting notices and advertisements on the official public notice web site.

(2) No provision.

(2) Same as the Executive, but applies the provision to the Ohio trade association that represents the majority of newspapers of general circulation, instead of OIT or its contractor.

(3) Requires the publisher of a daily law journal in which abstracts of legal notices of advertisements are published to also post those notices and advertisements in their entirety on the journal's web site, if it has one, and the Official Public Notice Web Site.

(3) No provision.

(3) No provision.

(4) Requires, if requested, OIT or its contractor to provide a regularly scheduled feed or similar data transfer to DAS of notices and advertisements posted on the web site, provided the feed not be required more frequently than once each business day.

(4) No provision.

(4) Same as the Executive, except places this responsibility with the Ohio trade association that represents the majority of newspapers of general circulation.

(5) Specifies that an error in a notice or advertisement posted on the web site does not constitute a defect in making a legal publication of the notice or advertisement if the notice or advertisement published in the newspaper or daily law journal is correct.

(5) No provision.

(6) Requires the publisher of a newspaper or daily law journal that maintains a web site to include a link to the Official Public Notice Web Site.

(6) No provision.

(6) Same as the Executive.

(7) Changes the second, abbreviated notice or advertisement publication requirements that a state agency or political subdivision must meet to eliminate further newspaper publications by: (a) eliminating a requirement that the second abbreviated notice be published on a newspaper's Internet web site, if the newspaper has one; (b) specifying that the publisher of the newspaper post the second, abbreviated notice or advertisement on the official public notice web site at no additional cost; and (c) requiring that the abbreviated second notice need only include the Internet address of the official public notice web site and the name, address, telephone number, and email address of the state agency, political subdivision, or other party responsible for publication (thereby eliminating the need for these entities to include their own specific Internet addresses).

(7) No provision.

(8) No provision.

(8) Requires that, not later than 180 days after the amendment's effective date, all notices or advertisements that are required by law to be published in a newspaper or in a daily law journal be posted on the Official Public Notice Web Site by the publisher of the newspaper or journal.

(9) No provision.

(9) No provision.

(9) Prohibits the Official Public Notice Web Site from containing any political publications or political advertising.

Fiscal effect: Potential for a minimal gain in revenues collected by OIT resulting from user fees charged for enhanced searches, customized content delivery, and uniform fees charged for posting notices and advertisements. Alternatively, if OIT's contractor assesses these fees rather than OIT, there would be no fiscal effect.

Fiscal effect: Transferring responsibility for operating and maintaining the Official Public Notice Web Site from OIT to a non-governmental entity would result in a decrease in costs for OIT.

AGECD2 Criminal records checks for direct-care positions

R.C. 109.572, 173.27, 173.38, 3701.881, 5123.081, 5123.169, 5164.34, 5164.342

Revises provisions regarding criminal records checks, hiring and retention, and conditional hiring for specified positions or certificates as follows:

No provision.

No provision.

(1) Removes provisions that specify that a finding of eligibility for intervention in lieu of conviction of certain offenses is a disqualifying offense with respect to positions: that provide ombudsman services to residents and recipients; that involve a direct-care position with an area agency on aging (AAA), a PASSPORT administrative agency (PAA), a provider, or a subcontractor; with a home health agency involving direct care to an individual; and with the Ohio Department of Developmental Disabilities (ODODD) or a county board of developmental disabilities, or direct mental retardation or developmental disabilities service positions with a provider or subcontractor; and with respect to supported living certificates.

Medicaid waiver agency.

(3) In the provisions that require a "responsible party" (an AAA, PAA, a provider, or a subcontractor) to conduct a review and obtain a criminal records check before hiring an applicant or retaining an employee in a direct-care position, expands the definition of "responsible party" to include a consumer who, as the employer of record, directs a consumer-directed provider, and revises procedures for the conduct of criminal records checks regarding self-employed providers so that the involved AAA or PAA has the responsibility for the records checks.

AGRCD1 Amusement ride inspection fees

R.C. 1711.53, 1711.50

(1) Increases the annual inspection and reinspection fee for a roller coaster from \$950 to \$1,200 (unless the roller coaster qualifies as a kiddie ride, as described in (3)), and clarifies that the \$5 annual inspection and reinspection fee for go karts is calculated per kart.

(2) Requires the Department of Agriculture to charge an annual inspection and reinspection per-ride fee of \$105 for inflatable rides, both kiddie and adult.

(3) Stipulates in statute what constitutes a kiddie ride by defining it to mean an amusement ride "designed for use by children under 13 years of age" (rather than "designed primarily for use by children up to 12 years of age" as currently defined in rule), adding (a) that the children are unaccompanied by another person and (b) that it includes a roller coaster that is not more than 40 feet in elevation. Correspondingly removes the requirement that "kiddie rides" be defined by rule.

Fiscal effect: The inspection fees for inflatable rides currently differ depending upon whether the ride is a kiddie ride (\$100) or an adult ride (\$160). Standardizing the inspection fee for all inflatable rides will likely result in a minimal loss of revenue from these inspections, while increasing the roller coaster inspection fee will likely result in some additional revenue deposited into the Amusement Ride Inspection Fund (Fund 5780). The anticipated net impact of these adjustments, however, is a decline in annual inspection revenue to Fund 5780.

AGOCD4 Consumer Sales Practices Act investigations by the Attorney General

No provision.

No provision.

R.C. 1345.06

Clarifies that the person subpoenaed by the Attorney General investigating violations of the Consumer Sales Practices Act may file a motion to extend the return day or to modify or quash the subpoena. Changes the venue for filing such a motion from the court of common pleas of Franklin County or the county in which the person served resides or has his or her principal place of business to the court of common pleas of Franklin County or any other county in this state. Changes the venue for the Attorney General to apply for an order compelling compliance with a subpoena from the county in which the person served resides or has his or her principal place of business to the court of common pleas of Franklin County or any other county in this state.

Fiscal effect: There may be a minimal shifting of annual adjudicatory costs, as some matters related to the Consumer Sales Practice Act may be filed in the common pleas court of a county different from the county where these matters might otherwise have been filed under current law.

AGOCD5 Payment for HIV post-exposure prophylaxis for victims of sex offenses

(1) No provision.

(1) No provision.

R.C. 2743.191, 2907.28

(1) Requires the cost of HIV post-exposure prophylaxis provided to a victim of a sex offense as part of a medical examination performed for the purpose of gathering physical evidence to be paid out of the Reparations Fund in the same manner as other examination expenses are paid.

(2) No provision.

(2) No provision.

(2) Requires the hospital or emergency facility performing the examination to accept a flat fee payment for providing HIV post-exposure prophylaxis, and requires the Attorney General to determine a reasonable flat fee payment amount for that purpose.

(3) No provision.

(3) No provision.

(3) Defines "HIV post-exposure prophylaxis" as the administration of medicines to prevent AIDS or HIV infection following exposure to HIV, and specifies that "AIDS" and "HIV" have the same meanings as in the Health Department Law.

Fiscal effect: The Reparations/Crime Victims Fund (Fund 4020) will experience an increase in annual expenditures related to the costs of providing for HIV post-exposure prophylaxis medications. The health care regimen could cost several hundreds of dollars per course of treatment (typically lasting 30 days). If the flat fee payment is set at a level below the actual cost of treatment, locally funded health care facilities could experience cost increases related to the difference between the actual cost of treatment and the reimbursement rate set by the Attorney General.

Requires the application to indicate the additional locations at which the organization desires to conduct instant bingo other than at a bingo session.

Fiscal effect: This provision may minimally increase the Attorney General's annual administrative costs, which could be offset, in whole or in part, by the required \$250 application fee. These fees are deposited to the credit of the Charitable Foundations Fund (Fund 4180).

COMCD2 Mortgage broker and loan originator requirements

R.C. 1321.535, 1322.051

Removes the requirement that an applicant for a mortgage loan originator license or a loan originator license must achieve a test score of at least 75% correct answers on all questions relating to Ohio Mortgage Lending Laws and the Ohio Consumer Sales Practices Act in order to be considered to have passed the written test. Specifies, instead, that the applicant must correctly answer at least 75% of the questions to pass the test. (The test covers an applicant's knowledge and comprehension of topics such as ethics and federal and state law on mortgage origination generally.)

Requires a designated business operations manager of a mortgage broker business to pass a written test developed and approved by the Nationwide Mortgage Licensing System and Registry instead of a written test approved by the Superintendent of Financial Institutions.

Eliminates prohibitions against (1) more than 600 beds converting from providing ICF/IID services to providing home and community-based services available under Medicaid waiver programs administered by ODODD and (2) the Medicaid Director seeking federal approval for more than 600 slots for such home and community-based services for the purpose of the bed conversions.

Revises a requirement that ODODD strive to reduce the number of ICF/IID beds in the state by (1) removing the limit of 600 beds applicable to the reduction achieved by downsizing ICFs/IID with 16 or more beds, (2) removing the limit of 600 beds applicable to the reduction achieved by converting ICF/IID beds to providing home and community-based services under ODODD-administered Medicaid waiver programs, and (3) requiring ODODD to strive to achieve a reduction of at least 1,200 ICF/IID beds through a combination of the downsizing and bed conversion methods.

Fiscal effect: Potential increase in ICF/IID bed conversions to home and community-based services could result in a decrease in Medicaid costs, as home and community-based services are generally less expensive than ICF/IID services.

EDUCD26 Conditional waiver from achievement assessments, teacher evaluations, and report card ratings for STEM schools and certain innovative school districts

Executive	As Passed by the House	As Passed by the Senate
No provision.	No provision.	R.C. 3302.15, 3326.29 Authorizes STEM schools and eligible school districts to request a waiver from the Superintendent of Public Instruction for up to five school years from any or all of the following requirements:
No provision.	No provision.	(1) Administration of the elementary and secondary achievement assessments, in favor of alternative assessments as proposed in the request for the waiver and as approved by the state Superintendent.
No provision.	No provision.	(2) Teacher evaluations.
No provision.	No provision.	(3) Reporting of student achievement data for the purpose of the report card ratings.
No provision.	No provision.	Specifies, for purposes of this provision, an eligible school district is one that is a member of the Ohio Innovation Lab Network.
No provision.	No provision.	Specifies that a STEM school is presumptively eligible to request a waiver.
No provision.	No provision.	Stipulates a number of requirements for the waiver application.
No provision.	No provision.	Prohibits the state Superintendent from granting a waiver to more than ten school districts.

Executive	As Passed by the House	As Passed by the Senate
No provision.	No provision.	Specifies that a waiver granted to a school district or STEM school is contingent on an ongoing review and evaluation by the state Superintendent.
No provision.	No provision.	Requires the state Superintendent to approve or deny a request for a waiver or request additional information within 30 days after receiving a request.
No provision.	No provision.	<p>Requires ODE to seek a waiver from the testing requirements prescribed under the federal "No Child Left Behind Act of 2001," and to create a mechanism for the comparison of the proposed alternative assessments and the state assessments as it relates to the evaluation of teachers and student achievement data for the purpose of state report card rating.</p> <p>Fiscal effect: The development and ongoing administration of this waiver program will have an additional administrative burden on participating schools and ODE. ODE could see an increase or decrease in the costs to administer state achievement assessments depending on the choices made by schools. R.C. 156.03, 3313.372

Specifies that if the Executive Director of the Ohio Facilities Construction Commission or a Board of Education determine that a surety bond is necessary to secure energy or water savings promised in a contract, that the energy services company must provide a surety bond that satisfies three conditions: (1) the surety bond is issued within 30 days of the commencement of the first day of the first energy or water savings guarantee year, (2) the surety bond has a term of not more than one year (but may be renewed at the option of the Executive Director or a Board of Education for one or two additional terms), and the (3) penal sum of the surety bond is equal to the annual guaranteed savings amount of energy or water savings that is measured and calculated in accordance with the measurement and verification plan included in the contract.

DOHCD4 Certificate of Need

R.C. 3702.511, 3702.52, 3702.526

Revises the law governing the Certificate of Need (CON) Program as follows:

(1) Eliminates a requirement to obtain a CON for any change in the bed capacity or site of a long-term care facility or any other failure to conduct an activity in substantial accordance with a previously granted CON when the change is made within five years after the activity's implementation;

(2) Specifies that the ODH Director, when monitoring the activities of a person granted a CON, is to determine whether the activity for which the CON was granted is conducted in substantial accordance with the CON and specifies that no activity is to be determined to be not in substantial accordance due to a decrease in bed capacity;

(3) Provides that the ODH Director may accept an application for a replacement CON only if it is requested so that an activity can be implemented in a manner that is not in substantial accordance with the CON being replaced;

(4) Provides that a long-term care bed that was proposed to be relocated in an approved CON remains eligible to be recategorized in an application for a replacement CON;

(5) Requires the ODH Director to review, approve, or deny an application for a replacement CON in the same manner as the application for the approved CON application; and

(6) Changes the deadline, generally from 30 days to 45 days, by which an affected person may submit written comments about a CON application to the ODH Director.

employee will be able to exclude the payments from income;

(2) Remuneration on account of a stock transfer through an incentive stock option plan or employee stock purchase plan, or disposition of that stock;

(3) Any benefit or payment that is excluded from an employee's gross income if the employee is a qualified volunteer for an emergency response organization.

Excludes the types of compensation listed above from an employee's "net take-home weekly wage" for purposes of determining the amount of the employee's temporary total disability compensation under Ohio's Workers' Compensation Law, because the definition of that term cross-references to the definition of "remuneration" under Ohio's Unemployment Compensation Law (see R.C. 4123.56 (A)).

Fiscal effect: By adding types of compensation that cannot be considered as part of an individual's income when determining the individual's average weekly wage (for determining an individual's weekly benefit amount), there would likely be a decrease in unemployment benefit amounts to some individuals, and therefore, a decrease in unemployment benefit payments.

R.C. 4141.09, 3125.191 (repealed), 4141.11, and 4141.131; Section 512.30

Requires the OBM Director to, within 90 days of the effective date of this provision, (1) transfer the balances of 38 inactive funds used by ODJFS to the Administration and Operating Fund (Fund 5DM0) used by ODJFS, (2) transfer the balances of three inactive funds used by ODJFS to the General Revenue Fund, and (3) abolishes the 41 inactive funds after the transfers are made.

Provides for all money received from the sale of real property that is no longer needed for the operations of the ODJFS Director under the Unemployment Compensation Program to be deposited into the Unemployment Compensation Special Administrative Fund.

Eliminates the requirement that the Treasurer of State, under the direction of the ODJFS Director, deposit amounts of interest earned by the state on funds in the Benefit Account within the Unemployment Compensation Fund into the Banking Fees Fund (which is abolished by the bill). Eliminates the requirement that excess interest be deposited into the Unemployment Compensation Fund.

R.C. 5165.157, 5165.15

Revises the law governing an alternative purchasing model for nursing facility services (current law allows the ODM Director to establish such a model) provided to Medicaid recipients with specialized health care needs as follows:

(1) No provision.

(1) No provision.

(1) Provides for the model to be ongoing rather than applicable only to FY 2014 and FY 2015.

(2) No provision.

(2) No provision.

(2) Eliminates the requirement that the model be established as a Medicaid waiver.

(3) No provision.

(3) No provision.

(3) Provides for the services to be provided by discrete units of nursing facilities that meet criteria the ODM Director establishes, which must include criteria that exclude a unit from the alternative purchasing model if the unit is paid for nursing facility services in accordance with current law regarding outliers or the Centers of Excellence component of the Medicaid program and may require a nursing facility to report health outcome measurement data to ODM.

(4) No provision.

(4) No provision.

4) Requires the ODM Director to set the Medicaid payment rate for the services (a) at 60% of the statewide average of the Medicaid payment rate for long-term acute care hospital services or (b) pursuant to an alternative methodology that includes improved health outcomes as a factor in determining the payment rate.

(5) No provision.

(5) No provision.

(5) Requires the ODM Director to require, to the extent the Director considers necessary, a Medicaid recipient to obtain prior authorization for admission to a long-term acute care hospital or rehabilitation hospital as a condition of Medicaid payment.

Fiscal effect: This provision is permissive as the ODM Director may or may not choose to establish an alternative purchasing model for nursing facility services.

MCD4CD4 Nursing facilities' quality incentive payments

No provision.

No provision.

R.C. 5165.25, 173.47, 5165.23

Revises the law governing nursing facilities' quality incentive Medicaid payments as follows:

(1) No provision.

(1) No provision.

(1) Enables a nursing facility to receive the higher of the two maximum quality incentive payment rates if it meets the accountability measure regarding a tool tracking residents' admissions to hospitals.

(2) No provision.

(2) No provision.

(2) Establishes for FY 2016 and thereafter an accountability measure regarding the employment of an independent social worker or social worker at least 40 hours per week and an accountability measure regarding the utilization of a person-centered method of medication delivery.

(3) No provision.

(3) No provision.

(3) Eliminates obsolete provisions regarding FY 2014.

Executive

No provision.

Requires, beginning two years after the bill's effective date, that each ADAMHS board establish, to the extent resources are available, a full spectrum of care for all levels of treatment services for opioid and co-occurring drug addiction.

No provision.

No provision.

Requires ODMHAS to assist an ADAMHS board with the full spectrum of care for ODMHAS-approved treatment services for opioid and co-occurring drug addiction and, to the extent it has available resources, support the full spectrum of care on a single ADAMHS district or a multi-district basis.

No provision.

No provision.

Requires that the full spectrum of care include at least ambulatory and subacute detoxification, nonintensive and intensive outpatient services, medication-assisted treatment, peer mentoring, residential treatment services, recovery housing, and 12-step approaches.

No provision.

No provision.

Requires ODMHAS to withhold all of an ADAMHS board's allocated funds if the board fails to make the full spectrum of care available in its service district.

No provision.

No provision.

Permits an ADAMHS board to provide treatment services included in the full spectrum of care to eligible individuals with alcohol or other types of drug addictions if the amount of funds the board has for the full spectrum of care is greater than the amount needed to provide the treatment services to all eligible individuals with opioid and co-occurring drug addictions who apply to the board for the treatment services.

No provision.

Executive	As Passed by the House	As Passed by the Senate
No provision.	Establishes certain requirements and options for the recovery housing that each ADAMHS board is to include in the full spectrum of care.	No provision.
No provision.	Requires each community addiction services provider, beginning two years after the bill's effective date, to maintain (in an aggregate form) a waiting list of applicants who have been documented as having a clinical need for alcohol and drug addiction services due to an opioid or co-occurring drug addiction but have not begun to receive the services within five days of application for the services because the provider lacks available slots.	No provision.
No provision.	Requires each provider to report certain information monthly about the waiting lists to each ADAMHS board that serves the county or counties in which the provider provides alcohol and drug addiction services.	No provision.
No provision.	Requires each ADAMHS board to compile monthly (on an aggregate basis) the information the board receives from the providers and to determine specified information about denied applications for certain treatment services.	No provision.
No provision.	Requires each ADAMHS board to report monthly to ODMHAS: (1) the information the board compiles from the reports it receives from the providers, (2) the information about denied applications, and (3) all other information the ODMHAS Director requires in rules.	No provision.
No provision.	Requires ODMHAS to make the reports it receives from ADAMHS boards available on ODMHAS's web site and in a manner that presents the information on both a statewide and county-level basis.	No provision.

Executive

DNRCD16 Use of Oil and Gas Well Fund for infrastructure

**R.C. 1509.071, Section 610.20
Amends Section 333.10 of H.B. 59**

(1) Authorizes the Chief of the Division of Oil and Gas Resources Management to spend money credited to the Oil and Gas Well Fund to develop infrastructure as a solution to problems directly attributable to historic production operations. Requires the Chief to adopt rules in accordance with Chapter 119. of the Revised Code for this purpose, and requires the rules to establish criteria for determining the types of infrastructure for which revenues may be used.

(1) No provision.

(1) No provision.

(2) Eliminates the requirement in current law that the Chief spend not less than 14% of the revenue credited to the Fund the previous fiscal year to plug idle and orphaned wells and properly restore the land surface, but retains the authority of the Chief to use money credited to the Fund for these purposes.

(2) No provision.

(2) No provision.

Fiscal effect: While the requirement that the Chief spend at least 14% of the previous fiscal year's revenues to the Oil and Gas Well Fund (Fund 5180) on well plugging and land restoration activities would be eliminated, the Chief would have the flexibility to spend more or less than that percentage on those purposes. Additionally, increases the existing FY 2015 appropriation to Fund 5180 appropriation item 725677, Oil and Gas Well Plugging, from \$1.5 million to \$2.5 million for these purposes.

DNRCD7 Nonresident deer permit and hunting license fees

R.C. 1533.10, 1533.11, 1533.12

(1) Revises existing law requiring the procurement of a \$23 deer permit to hunt deer by establishing a nonresident deer permit, the fee for which is \$99, and a resident deer permit, the fee for which is \$23.

(2) Specifies that the fee for a youth deer permit established in current law is one-half of the regular resident deer permit fee regardless of residency.

(3) Revises existing law requiring a person on active duty in the U.S. Armed Forces who is either stationed in Ohio or on leave or furlough to obtain a deer permit by requiring such a person to obtain a resident deer permit and specifying that the person is eligible to obtain a resident deer permit regardless of whether the person is a resident of Ohio.

(4) Increases the nonresident hunting license fee and the apprentice nonresident hunting license fee from \$124 to \$149.

Fiscal effect: The Wildlife Fund (Fund 7015) will likely receive some additional revenue from increased fees for nonresident deer permits, hunting licenses, and apprentice hunting licenses. A portion of this gain may be offset by a reduction in revenue from the sale of youth deer permits to nonresident youth, which would be reduced to half the price of a resident adult deer permit.

PWCCD1 Repayment of Clean Ohio Conservation Grants

R.C. 164.26, 164.261, Section 503.30

(1) Requires repayments of Clean Ohio Conservation Grants to be returned to the natural resource assistance councils that approved the original grant applications, and requires repayment funds to be used for the same purpose as that for which the grant was originally approved.

(2) Requires grant repayments to be deposited into the Clean Ohio Conservation Fund before they are returned to the appropriate councils.

(3) Specifies that any grant repayment received by the Public Works Commission and deposited into the Clean Ohio Conservation Fund is appropriated in appropriation item C15060, Clean Ohio Conservation.

(4) Requires the Director of the Public Works Commission to establish policies providing for "liquidated damages and grant repayment" rather than "penalties, including grant repayment."

Fiscal effect: The Clean Ohio Conservation Fund (Fund 7056) could receive revenues from grant repayments, but these revenues would be required to be returned to the natural resource assistance council that approved the original application. Alternative retirement program mitigating rate

Sections: 752.10, 752.20

No provision.

Provides that the percentage of an alternative retirement program (ARP) participant's compensation paid by a public institution of higher education to the State Teachers Retirement System (STRS) to mitigate any financial impact of an ARP on STRS (known as the "mitigating rate") cannot exceed 4.5% of the participant's compensation. Specifies that the limit on the STRS mitigating rate is effective until July 1, 2015.

Sections: 752.10, 752.20

Same as the House.

No provision.

Requires the Ohio Retirement Study Council (ORSC) to (1) study and recommend changes to the ARP mitigating rate and (2) not later than December 31, 2014, submit to the Governor, Senate President, and House Speaker a report of its findings and recommendations.

Same as the House.

Executive

As Passed by the House

As Passed by the Senate

Fiscal effect: The provision temporarily "freezes" the percentage of the mitigation rate to up to 4.5% until July 1, 2015. Under existing law, each public institution of higher education may offer an ARP to certain academic and administrative employees. The institutions of participants in the ARP must contribute a percentage of the participants' compensation to the retirement system (in this case it would be STRS) that would otherwise cover the ARP participant to mitigate any negative financial impact of the ARP on the retirement system's defined benefit (DB) plan. The percentage paid by public institutions of higher education is determined by actuarial studies conducted by the ORSC and submitted to the Board of Regents. Currently, public institutions of higher education contribute 4.5% of ARP participants payroll to STRS' DB plan to help pay for unfunded liabilities. The provision that requires the ORSC to study and recommend changes to the ARP mitigating rate may increase costs to the ORSC. ORSC receives its funding from a portion of investment earnings made on the assets of the five state retirement systems.

Commercial Activity Tax

TAXCD14 Historic Preservation Tax Credit taken against the CAT

Section: 757.20

Authorizes certain holders of historic rehabilitation tax credit certificates to temporarily claim a historic rehabilitation credit against the commercial activity tax (CAT) if the holder cannot claim the credit against any of the personal income tax, financial institutions tax, or insurance premium taxes, as authorized under continuing law. Limits the amount that may be claimed against the CAT to \$5 million per certificate.

Authorizes a corporate owner of a pass-through entity to claim the credit only if the owner is in the same combined or consolidated CAT taxpayer group as the entity or if the credit was issued in the name of the owner.

Fiscal effect: Decreases revenue from the CAT by an undetermined amount. Under current law, the GRF receives 50% of CAT revenue; the School District Tangible Property Tax Replacement Fund (Fund 7047) and the Local Government Tangible Property Tax Replacement Fund (Fund 7081) receive 35% and 15%, respectively, of CAT receipts.

Personal Income Tax

TAXCD37 **Income tax rate reduction**

No provision.

No provision.

R.C. 5747.02

Accelerates the phase-in of an income tax rate reduction enacted by Am. Sub. H.B. 59 of the 130th General Assembly, which reduced rates by 8.5% in tax year (TY) 2013, 9% in TY 2014, and 10% in TY 2015. Shifts the 10% rate reduction into TY 2014 and thereafter.

Fiscal effect: Reduces personal income tax revenue on an all funds basis by an estimated \$100 million in FY 2015. Revenue to the GRF is reduced by an estimated \$97 million, with the rest of the revenue reduction divided evenly between the Local Government Fund (Fund 7069) and the Public Library Fund (Fund 7065).

TAXCD36 **Increase income tax personal exemption amounts**

No provision.

No provision.

R.C. 5747.025

Increases personal exemption amounts in tax year (TY) 2014 and TY 2015 to \$2,200 for income taxpayers with Ohio adjusted gross income (OAGI) of \$40,000 or less, and to \$1,950 for those with OAGI over \$40,000 but less than or equal to \$80,000 (personal exemption amounts for those with OAGI over \$80,000 remain unchanged at \$1,700, the level for all taxpayers in current law). Indexes for inflation all three exemption amounts beginning in TY 2016 (indexing of the exemption amount resumes in current law in that year).

Executive

As Passed by the House

As Passed by the Senate

Fiscal effect: Reduces personal income tax liabilities by an estimated \$74 million in TY 2014, \$73 million in TY 2015, and \$72 million in TY 2016. If withholding amounts are unchanged, reduces personal income tax revenue on an all funds basis by \$74 million in FY 2015, \$73 million in FY 2016, and \$72 million in FY 2017. Reduces revenue to the GRF by 96.68% of these amounts. Reduces revenue to each of the Local Government Fund (Fund 7069) and the Public Library Fund (Fund 7065) by 1.66% of these amounts.

TAXCD45 Earned income tax credit

No provision.

No provision.

R.C. 5747.71

Increases the state earned income tax credit from 5% of the federal earned income tax credit to 10% of the federal credit, beginning in 2014.

Fiscal effect: The increase would reduce revenue from the personal income tax by an estimated \$17 million on an all funds basis in tax year (TY) 2014 and \$18 million in each of TY 2015 and TY 2016. Distributions to each of the Local Government Fund (Fund 7069) and the Public Library Fund (Fund 7065) would be reduced by 1.66% of these amounts. The GRF would retain 96.68% of these amounts.

TAXCD43 Enhanced business income deduction

No provision.

No provision.

Section: 757.80

Temporarily increases the existing income tax deduction for individuals having income from a trade or business from 50% to 75% of such income. Temporarily increases the maximum deduction amount from \$125,000 (or \$62,500 for each spouse filing separately) to \$187,500 (or \$93,750 for each spouse filing separately). Applies the enhanced deduction only to a taxpayer's taxable year beginning in 2014, after which the deduction percentage reverts back to 50% and the maximum deduction reverts back to \$125,000.

Fiscal effect: Reduces GRF revenues by up to \$290 million in FY 2015.

TAXCD34 Property tax exemption for organ and blood donation organizations

No provision.

No provision.

R.C. 5709.12, Section 757.50

Exempts from taxation the property of a charitable organization that is used exclusively for receiving, processing, distributing, researching, or developing human blood, tissues, eyes, or organs.

Fiscal effect: Detailed information about charitable organization properties meeting this criteria is unavailable. Local taxing jurisdiction will lose indeterminate amounts of property tax revenue through the exemption.

TAXCD39 Tax exemption for property belonging to an LLC owned by a charitable organization

No provision.

No provision.

R.C. 5709.121, 5713.08

Exempts from property tax property owned or, in certain situations, leased by an LLC owned by a charitable or educational institution and formed for the sole purpose of qualifying for a federal or state tax credit for rehabilitating historic buildings, provided the property is a certified historic structure and is used for charitable, educational, or public purposes. Restricts application of the exemption to a certain amount of time until after the property's tax credit-funded rehabilitation is completed.

Fiscal effect: Would result in revenue loss from property tax for jurisdictions in which eligible properties are located.

TAXCD29 Real property tax exemption for qualifying fraternal organization

No provision.

R.C. 5709.17, Section 757.50

Modifies a tax exemption for real property held or occupied by fraternal organizations by allowing a fraternal organization's property to qualify for the exemption if the organization has been operating in Ohio with a state governing body for at least 85 years. (Under current law, the exemption is only available for property held by fraternal organizations that have been operating in Ohio with a state governing body for at least 100 years. Also under current law unchanged by the bill, real estate generating rental receipts of more than \$36,000 per year would remain taxable.)

No provision.

Executive

As Passed by the House

As Passed by the Senate

Fiscal effect: The Moose fraternal organization, the state governing body of which was founded in 1928, would likely benefit from this change. Lodges of that organization will become eligible for the tax exemption 14 years from now under current law. Other fraternal organizations may also benefit from the change. The provision would reduce property tax revenue to political subdivisions in which such property is located, by a total of very roughly \$1 million statewide. Some lodges may be ineligible for the property tax exemption because of rental income in excess of \$36,000.

TAXCD30

Authorized uses of TIF revenue

No provision.

R.C. 5709.40

Expressly authorizes political subdivisions to use revenue collected from tax increment financing (TIF) to fund the provision of gas or electric service by or through privately owned facilities if doing so is necessary for economic development.

R.C. 5709.40

Same as the House.

Executive

As Passed by the House

As Passed by the Senate

Fiscal effect: Under continuing law, a political subdivision may wholly or partially exempt from property taxation any increase in value of property where economic development is desired. The subdivision may then collect payments from the owner of the property equal to the amount of real property taxes the local government would have received from the improvements on the property if the improvements were not tax exempt. Continuing law authorizes subdivisions to use the proceeds from the payments to fund "public infrastructure improvements" specified in the ordinance approving the TIF. The public infrastructure improvements may include the provision of gas or electric service.

Fiscal effect: Same as the House.

Property tax complaints

No provision.

No provision.

R.C. 5715.19, 307.699, 3735.67, 5715.27, and 5717.01

Limits the right to file property tax complaints to the property owner, the owner's spouse, certain agents of the owner or spouse, or the recorder of the county in which the property is located. (Allows other parties, currently allowed to file original complaints, only to file counterclaims.)

Fiscal effect: May result in lower real property tax revenues to school districts and other units of local government, by precluding original complaints by representatives of units of government that property valuations are too low.

TAXCD26 Historic rehabilitation tax credit for "catalytic projects"

R.C. 149.311, Section 757.40

R.C. 149.311, Section 757.40

(1) No provision.

(1) Allows the Development Services Agency to issue one historic building rehabilitation tax credit certificate per fiscal biennium to the owner of a "catalytic project," and increases to \$25 million this tax certificate amount, instead of the current law cap of \$5 million. Defines a "catalytic project" to be a rehabilitation project that will foster economic development within 2,500 feet of the historic building.

(1) Same as the House, but specifies that the Director may consider applications for a catalytic project certificate and a certificate under the existing program concurrently (instead of applying under only one program at a time).

(2) No provision.

(2) Restricts the annual tax credit claim for the owner of the "catalytic project" to \$5 million, and permits unused credits to be claimed over the ensuing five years.

(2) Same as the House.

(3) No provision.

(3) Specifies that, in the current biennium, this rehabilitation tax credit certificate may be issued only to the owner of a "catalytic project" whose application is currently pending with the Director of Development Services, provided the qualified rehabilitation expenditures paid or incurred exceed \$75 million.

(3) Same as the House, but clarifies that the Director may award a credit for the 2014-2015 biennium only to the owner of a catalytic project that applies for the credit after the bill's effective date but before December 1, 2014.

(4) No provision.

Venture capital loan loss tax credit

R.C. 150.05, 150.07

No provision.

Increases from \$20 million to \$26.5 million the annual limit on venture capital loan loss tax credits available to lenders to the state's venture capital loan program that lose money, and the amount of principal and interest payments that may be paid to lenders each year.

No provision.

Fiscal effect: Potentially decreases by \$6.5 million annual revenues to the GRF from the personal income tax, the financial institutions tax, foreign and domestic insurance taxes, and the public utility excise tax. Any decrease in GRF revenue would also result in a decrease in distributions to the Local Government Fund (LGF) and the Public Library Fund (PLF). Each of these funds receives 1.66% of GRF tax revenues, making the potential revenue loss to each fund approximately \$108,000.

R.C. 5703.052

Extends, from 24 to 36 months, the period of time over which the Tax Commissioner may spread the recovery of refunds that are deducted from taxes and fees collected by the Commissioner and distributed to local governments. (Under continuing law, when a local tax that is collected by the Tax Commissioner, e.g., county sales tax, must be refunded, the Tax Commissioner must pay the refund from the Tax Refund Fund and withhold the amount of the refund from the next distribution of tax revenue due to the local government. Currently, if the amount of the refund exceeds 25% of the local government's next distribution, the Commissioner may spread the recovery of the refund over distributions made within the next 24 months.)

Authorizes the Treasurer of State to purchase obligations of political subdivisions relating to a project approved by the Federal-Military Jobs Commission (FMJC) and identified in an agreement between the Treasurer of State and the political subdivision to provide for their purchase. Specifies that the principal amount of the obligations may not exceed \$200 million at any one time, and that no money from the General Revenue Fund may be used to subsidize the purchase or resale of such obligations. Specifies that the political subdivision may provide for the payment of a reasonable fee to the Treasurer for purchasing the obligations, with any fee related to such purchase deposited into the State Political Subdivision Obligations Fund.

No provision.

No provision.

Creates a 9-member commission, the FMJC. Requires the FMJC to establish criteria for and make available financial assistance for eligible federal-military projects and take such other actions as necessary to implement the federal-military jobs program. Specifies that initial appointments to the Commission must be made not later than December 31, 2014. Requires the FMJC, not later than January 31, 2015, to establish criteria for evaluating proposals and awarding financial assistance for eligible federal-military projects. Requires the FMJC to issue reports of its activities by January 31 each year to the Governor, Senate President, Senate Minority Leader, Speaker of the House, and House Minority Leader.

No provision.

Requires the Treasurer of State to provide administrative assistance to the FMJC, including office space and facilities. Requires the Treasurer to pay expenses related to the FMJC, which will be reimbursed from a new fund that will be created in the state treasury, the Federal-Military Jobs Fund. Specifies that the Fund would consist of any appropriation, repayments of principal and interest on financial assistance made from the Fund, and any grants or donations received from nonpublic entities.

Fiscal effect: The provision that allows the Treasurer to invest interim funds of the state in obligations issued by political subdivisions for projects approved by the FMJC may allow the Treasurer to diversify its investments of state interim funds, thereby potentially increasing investment returns or, potentially, leading to investment losses. That provision and others increase the Treasurer's administrative costs, however any costs incurred by the Treasurer may be reimbursed from the Federal-Military Jobs Fund established by the bill. TOSCD1 State infrastructure bank obligations

R.C. 5531.10

R.C. 5531.10

No provision.

Permits state obligations issued to fund public or private transportation projects to have a maximum maturity date of up to 45 years, if the debt service is contracted in the bond proceedings to be paid by a private entity, as such entity is defined in the Public-Private Initiative Law (R.C. 5501.70 to 5501.83).

Same as the House, but changes description of eligible obligations from those on which "debt service is contracted...to be paid...by a private entity..." to those "issued to finance a transportation facility pursuant to a public-private agreement," and provides definitions for "transportation facility" and "public-private agreement" (R.C. 5501.70).

No provision.

Permits the costs of professional services, such as services provided by attorneys, trustees, and other agents, determined necessary to issue the obligations, to be payable as otherwise provided in the bond proceedings rather than being payable from funds of the State Infrastructure Bank (SIB) as current law provides.

Same as the House, but modifies wording slightly.

No provision.

Permits the obligations to be secured by a trust agreement or indenture with any trust company or bank "possessing trust powers" and that has a place of business in Ohio (current law does not include the trust powers requirement).

Same as the House, but (1) specifies that trust powers must be corporate trust powers and (2) permits the trust company or bank to have a place of business outside the state (current law requires a place of business in Ohio).

Executive

As Passed by the House

As Passed by the Senate

Fiscal effect: The provision would allow the Treasurer of State, the issuer of revenue bonds related to state infrastructure projects, to extend the maximum maturity of transportation projects bonds to 45 years, if the bond proceedings are paid by a private entity. The provision would allow the state to spread debt service payments for such bonds over more years, thereby lowering its annual debt service payment. However, generally, the longer the maturity period of a bond, the higher its total costs (debt service payments) over the entire lifetime of the bond due to payment of more interest; also investors may require higher interest rates for longer-term bonds.

Fiscal effect: Same as the House.

R.C. 2151.421, 5139.12

(1) Requires a person who reports the abuse or neglect or threat of abuse or neglect of a child under 18 years of age or a mentally retarded, developmentally disabled, or physically impaired child under 21 years of age under current law to direct the report to the State Highway Patrol if the child is a delinquent child in the custody of an institution under the management and control of the Department of Youth Services (DYS) or a private entity under contract with DHS.

(2) Requires the Patrol, upon finding probable cause of the abuse, neglect, or threat, to report its findings to DHS, the court that ordered the delinquent child's custody to DHS, the public children services agency in the county of the child's residence or where the abuse, neglect, or threat occurred, and the Correctional Institution Inspection Committee.

(3) Adds a superintendent or regional administrator employed by DHS to the list of persons who are required under existing law to make reports of such abuse or neglect or threat of abuse or neglect.

Fiscal effect: None, largely codifying current practice.

DYSCD3 Placement of delinquents in community corrections facilities

R.C. 2152.19, 5139.05, 5139.34, 5139.36, 5139.41

Permits the Department of Youth Services to place a felony delinquent in the Department's custody directly into a community corrections facility without getting consent from the committing court.

No provision.

R.C. 2152.19, 5139.05, 5139.34, 5139.36, 5139.41

Replaces the Executive provision with a provision that permits the Department of Youth Services: (a) to establish, with the consent of the juvenile court with jurisdiction over the Montgomery County Center for Adolescent Services, a unit for female felony delinquents within the community corrections facility, and (b) to place a female felony delinquent committed to the Department's custody into the unit without the consent of the juvenile court.

Fiscal effect: Same as the Executive.

Fiscal effect: Potential increase in annual operating expenses for community corrections facilities, the magnitude of which will depend on the number of felony delinquents placed in such a facility by the Department when the committing court would have otherwise not consented to the placement under current law. Any increase in expenses will be offset at least partially, or in whole, by additional funding from the Department.

DYSCD1 Quality Assurance Program

R.C. 5139.45

Establishes the Office of Quality Assurance and Improvement within the Department of Youth Services, provides that quality assurance records are confidential and are not public records, and provides circumstances for when quality assurance records may be disclosed and testimony may be provided concerning those records.

LOCCD14 Lawrence County's use as jail of former Ohio River Valley Juvenile Correctional Facility

(1) No provision.

(1) No provision.

R.C. 341.12, 341.121

(1) Authorizes the board of county commissioners of Lawrence County, the Director of Youth Services, the Director of Rehabilitation and Correction, and the Director of Administrative Services to enter into an agreement pursuant to which the sheriff of Lawrence County may use a specified portion of the former Ohio River Valley Juvenile Correctional Facility in Scioto County as a jail.

(2) No provision.

(2) No provision.

(2) Specifies that, if a portion of the facility is used as a jail pursuant to such an agreement: (a) it may be used for confinement of criminal offenders and persons under custody upon civil process from Lawrence County or another county that has entered into an agreement with the Lawrence County sheriff for its use, (b) it generally will be subject to the same laws and conditions as if it were a Lawrence County jail, and (c) its use is subject to specified terms and conditions, including duties and responsibilities for its operation, payment of costs, and potential liability, etc., as if it were a Lawrence County jail.

Fiscal effect: Lawrence County would incur additional annual costs related to the operations of this additional jail facility.

LOCCD3 Local government payments to art museums

R.C. 757.03, 757.04 to 757.08

R.C. 757.03, 757.04 to 757.08

No provision.

Includes art museums among the current entities allowed to receive annual payments, calculated on the basis of taxable property values, from boards of education, education service centers, and other local governments.

Same as the House.

No provision.

Imposes on art museums similar conditions to receiving these payments as those currently imposed on a symphony association, area arts council, or other similar nonprofit association: (1) filing a resolution as a condition precedent to the receipt of payments; (2) conferring specified rights on the local governing board or boards to nominate trustees or members of any governing body of, and members of the executive committee of, the art museum.

Same as the House.

No provision.

Requires recipients of payments also to agree to confer the right to require the symphony orchestra or any performing groups maintained by the entities to provide such feasible popular performances at low cost as in the judgment of the parties will serve the largest interests of the school children served or the citizens of the city or county.

Same as the House.

Fiscal effect: Possible reduction of property tax revenues in a local government's or board of education's general fund, as those revenues will be used to issue payments to art museums.

Fiscal effect: Same as the House.
