

# Board of Deposit Overview

---

The State Board of Deposit was created in 1904 and operates under the authority of Ohio Revised Code Chapter 135, the Uniform Depository Act. The board's major functions are to designate financial institutions and banks to function as public depositories and to regulate the deposits of state money into these institutions. The board also approves bank service charges and confirms the designation and investment of interim moneys of the state.

The Board of Deposit uses no GRF moneys. The Board of Deposit Expenses Fund receives transfers of cash from the Interest Holding Distribution Fund (Fund 608) after certification of the board's expenses by the Director of Budget and Management. The board's funding is used to pay for banking charges and fees required for the operation of the state treasurer's regular bank account and two auxiliary accounts: the Consolidated Check Clearing Account and the Treasurer's Custodial Contingency Account.

The board is composed of three elected officials or designees of these officials: the Treasurer of State, the Auditor of State, and the Attorney General. The treasurer serves as the board's chairperson. The cashier of the state treasury serves as the secretary of the board.

Recommended funding for FY 2002 is \$838,000. This amount is \$41 less than FY 2001, or virtually unchanged. Recommended funding for FY 2003 is identical to that of FY2002.
