

Department of Public Safety

- Most of Public Safety's budget is included in the Transportation Budget Bill
- 7.2% decrease from FY 01 to FY 02, 5.7% increase from FY 02 to FY 03.

OVERVIEW

The Agency Executive Recommendation: **Decrease 7.2% (-\$668,836) from FY01 to FY02**

Increase 5.7% (\$490,596) from FY02 to FY03

See individual sections below for explanation of decreases and increases

This analysis contains only the General Revenue Fund (GRF) line items in the Department of Public Safety's budget. The GRF line items are included in H.B. 95, the main operation budget bill for the 2001-2003 biennium. All other budget line items are contained in the Transportation Budget Bill. The GRF line items support the operating expenses of the following:

- Emergency Management Agency (EMA) Operating Expenses
- MARCS Operations and Management (within the EMA)
- County Emergency Preparedness Grants (within the EMA)
- Transportation Enforcement (within the State Highway Patrol)
- Food Stamp Trafficking Enforcement (within the Investigative Unit Division)

EMA

Executive Recommendation: **Decrease 1.5% (-\$62,089) from FY01 to FY02**

Increase 9.7% (\$389,272) from FY02 to FY03

The EMA has three major funding sources. These are: (1) the GRF, (2) the State Disaster Relief Fund, (3) federal and other state revenues which include grants from nuclear electric utilities, and fees from hazardous materials producers. The primary focus of the EMA lies in the reduction of loss of life, injury, and economic loss from disasters. The EMA provides disaster relief to all 88 of Ohio's counties including preparedness, response, recovery, and mitigation activities.

The Executive's recommendation for the EMA operating expenses is a 1.5% decline from FY 2001, and for FY 2003, a 9.7% increase from FY 2002. EMA requested increased funding of \$656,614 in FY02 and \$768,078 in FY03. This is mainly comprised of payroll increases of \$223,864 in FY02 and \$334,134 in FY03, maintenance funding increases of 1.025%, equipment increases of \$280,000 in FY02 and \$287,000 in FY03, a subsidy of \$200,000 in FY02 and \$200,000 in FY03 earmarked for Urban Search and Rescue.

MARCS (Multi Agency Radio Communications System)

Executive Recommendation: the MARCS line item was combined with EMA's operating line item, and the dollars are included in the previous EMA section.

MARCS funding is provided from several sources: GRF, appropriations from the Transportation budget, and other agencies. Public Safety will be one of the most significant users of MARCS. The contract for system construction was awarded in late 1998, and the system will begin to be put into operation during the 2001-2003 biennium. By the end of the biennium, it is anticipated that approximately 60% – 70% of the system will be operating.

EMA's request included funding for three staff to integrate and support MARCS, however, the Executive Budget provided continued funding for two of the positions. In addition, the funding for the MARCS Operations and Maintenance line item was eliminated and the funding for the new positions (\$143,426 in FY02 and \$302,438 in FY03) was integrated with the EMA's operating expenses line item. DAS will be centralizing some of the functions related to MARCS, therefore, various funds and positions were eliminated from EMA's budget.

County Emergency Preparedness and Service Upgrade Grants

Executive Recommendation: continue one-time grant program from previous biennium

Senate Bill 239 of the 123rd G.A. provided one-time funding of \$1,000,000 to improve emergency management in Ohio by providing grants to countywide emergency management agencies, regional authorities for emergency management, and county emergency management agencies. Public Safety requested, and the Executive Budget includes, continued funding for these grants during FY02 and FY03 of \$1 million annually. Grants would be used to support enhancing emergency preparedness at local level by supporting the Federal Emergency Management Agency's (FEMA) 13 emergency management functions.

Individual and Family Grants

Executive Recommendation: maintain base levels

These funds provide the state match for federal funds for disasters. The Controlling Board has the authority to increase funding as necessary to meet the needs of the state therefore, the Executive Budget did not provide the requested increases.

Transportation Enforcement Operations

Executive Recommendation: Decrease 14.1% (-\$416,604) from FY01 to FY 02

Increase 2.2% (\$54,820) from FY02 to FY03

These funds are used to support a portion of State Highway Patrol positions as well as providing the state match for federal Motor Carrier Safety Assistance Program (MCSAP) funds.

Food Stamp Trafficking Enforcement

Executive Recommendation: Increase 8.6% (\$77,089) from FY01 to FY02

Increase 4.9% (\$47,506) from FY02 to FY03

These funds are used to support investigative personnel and to provide the equipment and operational costs related to MARCS. While this analysis focuses on the Executive Budget's recommendations related to the GRF, it is important to note that GRF represents only 18% of the funding for liquor and food stamp investigative operations. The other 82% of funding is through additional line items in the Transportation Budget. Funding for all line items combined increased by 5.3% in FY02 and by 5.4% in FY03.

The following tables show the line items that are used to fund this agency's program series, as well as the Governor's recommended funding levels.

Emergency Management Agency

Program Series P006

Purpose This division coordinates and manages the emergency planning, response, and recovery for emergencies and disasters affecting the state and local governments. A goal is to minimize the effects of disasters on Ohio’s citizens. There are approximately 83 full-time and 5 part-time authorized positions.

Fund	ALI	Title	FY 2002	FY 2003
GRF	763-403	Operating Expenses – EMA	4,012,424	4,401,696
Total funding: Emergency Management Agency			4,012,424	4,401,696

Program Description: originally established by Am.Sub.H.B.117 of the 121st G.A. This line item supports the operating costs for the Emergency Management Agency. It used to be a part of the Adjutant General’s line item 745-402, Ohio National Guard Disaster Relief.

Implication of the Executive Recommendation: The Executive’s recommendation represents a 1.5% decrease from the FY01 to FY02, a 9.7% increase from FY 02 to FY03, and results in providing continued funding for two of the three positions EMA requested funding for.

Fund	ALI	Title	FY 2002	FY 2003
GRF	763-409	MARCS Operations and Maintenance	0	0
Total funding: Emergency Management Agency			0	0

Program Description: originally established by Am.Sub.H.B.117 of the 121st G.A. This line item supports the operating costs and maintenance expenses for MARCS as it pertains to the responsibilities of the Emergency Management Agency.

Implication of the Executive Recommendation: This line item was not funded, however, funding for two positions will be provided to support MARCS projects and will be funded through EMA’s operating expenses fund (line item 763-403).

Fund	ALI	Title	FY 2002	FY 2003
GRF	763-501	County Emergency Preparedness Grants	1,000,000	1,000,000
Total funding: Emergency Management Agency			1,000,000	1,000,000

Program Description: originally established by Am.Sub.S.B.239 of the 123rd G.A. This line item provides grants to various county and regional emergency management groups in Ohio.

Implication of the Executive Recommendation: The Executive’s recommendation is to continue funding of \$1,000,000 for this line item; originally enacted as a one-time pilot program. As a result, the recommendation represents a 100% increase from FY01 to FY02 (due to the one-time nature of the FY01 funding), and a 0% change from FY02 to FY03.

Fund	ALI	Title	FY 2002	FY 2003
GRF	763-507	Individual/Family Grant-State	93,765	93,123
Total funding: Emergency Management Agency			93,765	93,123

Program Description: originally established by Am.Sub.H.B.117 of the 121st G.A. This line item provides the state portion of federal monies to individuals for disasters (line item 763-645).

Implication of the Executive Recommendation: The Executive's recommendation is the standard appropriation amount for this line item. Any additional amounts necessary to address disaster relief for individuals and/or families may be requested from the Controlling Board as necessary therefore, the Executive Budget did not provide additional funds for the biennium.

Highway Enforcement

Program Series P003

Purpose The Ohio State Highway Patrol is responsible for enforcing laws on state highways. This includes controlling and regulating the operation of commercial motor vehicles, conducting driver license testing, investigating crimes related to state property, and providing security for the Statehouse, Governor’s residence, and the Ohio State Fairgrounds. There are approximately 2,585 employees assigned to this division, including a class of 78 cadet trainees scheduled to graduate from the Patrol Academy in March 2001.

Fund	ALI	Title	FY 2002	FY 2003
GRF	764-404	Transportation Enforcement Oper.	2,540,603	2,595,423
Total funding: Highway Enforcement			2,540,603	2,595,423

Program Description: Originally established by Am.Sub.H.B.117 of the 121st G.A., this bill transferred funds for transportation inspection activities from the PUCO (Public Utilities Commission of Ohio) to the Ohio State Highway Patrol. Employees of the Commercial Motor Vehicle Safety Enforcement Unit regulate commercial motor vehicle transportation safety and hazardous materials requirements. This unit is also responsible for the inspection of commercial buses.

Implication of the Executive Recommendation: The Executive’s recommendation represents a 14.1% decrease from FY01 to FY02, and a 2.2% increase from FY02 to FY03 and no additional GRF provided to match federal funds. However, the agency submitted a variation of this proposal to the Controlling Board (February 26, 2001) to use Gas Tax, rather than GRF, funded positions.

Investigative Unit

Program Series P005

Purpose To fund the portion of the Investigative Unit that investigates food stamp trafficking. In Am. Sub. H.B. 163 of the 123rd G.A., food stamp and liquor enforcement operations were consolidated into a single unit.

Fund	ALI	Title	FY 2002	FY 2003
GRF	769-321	Food Stamp Traffic. Enforce. Oper.	974,809	1,022,315
Total funding: Highway Enforcement			974,809	1,022,315

Program Description: originally established by Am. Sub.H.B.117 of the 121st G.A. These positions were previously funded from the Department of Human Services.

Implication of the Executive Recommendation: The Executive recommendation represents an 8.6% increase from FY01 to FY02, and a 4.9% increase from FY02 to FY03. However, it is important to note that GRF represents only 18% of the funding for liquor and food stamp operations. The other 82% of funding is provided through additional line items in the Transportation Budget. Funding for all line items combined increased by 5.3% in FY02 and 5.4% in FY03. The Executive Budget eliminated 14 unfilled positions. Due to on-going contract negotiations, it is possible this division may experience problems meeting salary needs once the contracts are finalized.

PERMANENT AND TEMPORARY LAW

This section describes permanent and temporary law provisions contained in the Executive Budget that will affect the department's activities and spending decisions during the next biennium.

Temporary Law Provisions

Ohio Task Force One – Urban Search and Rescue Unit

This provision authorizes \$200,000 in FY02 and \$200,000 in FY03 be provided from EMA's operating expenses line item (763-403). The funds will be used for search and rescue programs to create a stronger search and rescue capability statewide.

County Emergency Preparedness Grants

Two temporary law provisions are included related to county emergency preparedness grants. One provision specifies that appropriation items 763-501, County Emergency Preparedness Grants (\$1,000,000 in FY02 and \$1,000,000 in FY03) be distributed to qualifying countywide, regional, and county emergency management agencies.

The other provision creates an emergency management advisory committee to establish minimum standards for emergency management practice by countywide, regional, and county emergency management agencies for the purpose of their receipt of countywide emergency preparedness grants. The committee will also determine and recommend, to the Director of Public Safety, a formula for allocating grants to countywide emergency management agencies, regional authorities for emergency management, and county emergency management agencies.

Individual and Family Grants – State Match

This provision specifies that appropriation item 763-507, Individual and Family Grants (\$93,765 in FY02 and \$93,123 in FY03) be used to fund the state match required by the federal government to provide grants to families and individuals in cases of disaster.
