READER'S GUIDE

The Legislative Service Commission prepares an analysis of the executive budget proposal for each agency. These analyses are commonly called "Redbooks." This brief introduction is intended to help readers navigate the Redbook for the Adjutant General's Department (ADJ), which includes the following three sections.

1. **Overview:** Provides a description of the Department's existing functions and staffing, and an overview of the Department's executive recommended budget for the FY 2014-FY 2015 biennium, and notes other important budgetary matters.
2. **Analysis of Executive Proposal:** Provides a detailed analysis of the Department's executive recommended budget, including the funding and purposes for each appropriated line item, and the services and activities that are financed by those appropriated moneys.
3. **Attachments:** Includes LSC's Catalog of Budget Line Items (COBLI), which describes each line item's purpose, revenue, and expenditures, and the LSC budget spreadsheet, which summarizes each line item's recent expenditure and appropriations history.

OVERVIEW

Mission

The Adjutant General serves as the military chief of staff to the commander-in-chief (Governor) and as the administrative head of the organized militia. The Governor appoints the Adjutant General to serve during the Governor's term in office.

The Adjutant General's Department performs a combination of federal and state missions that can be summarized as follows:

- Provide trained and equipped reserve forces (National Guard) for joint military operations with the active military force (U.S. Army and Air Force);
- Participate in planning and coordinating with state officials for civil defense and disaster preparedness;
- Mobilize to assist state and local responders during periods of disaster, disturbance, or other emergency situations; and
- Mobilize as a member of the Emergency Management Assistance Compact (EMAC), a national interstate mutual aid agreement that enables states to share resources during times of disaster.

For its federal mission, the Ohio National Guard is trained to respond, along with the nation's standing active military, in roles such as combat, peacekeeping, humanitarian support, and nation building in accordance with U.S. national defense strategies. Ohio National Guard members – when mobilized – serve under the command of the U.S. military in the area they are assigned.

Since September 11, 2001, the Ohio National Guard has mobilized more than 21,000 members in support of the global war on terrorism. Currently, around 600 Ohio National Guard members remain on active duty in Afghanistan.

For its state mission, the Ohio National Guard is equipped and trained to respond to public disturbances, natural disasters, and homeland security or defense initiatives and to assist law enforcement and state, federal, and community emergency response agencies in the protection of lives and property in Ohio. The Governor is able to activate Ohio National Guard units and dispatch them where needed around the state. Additionally, all equipment owned by the federal government and maintained for the Ohio National Guard is available for use by the state during an emergency.

Through EMAC, the Ohio National Guard also assists other states. For example, over 2,500 Ohio Guard members assisted affected states during the aftermath of hurricanes Katrina and Rita. Most recently, in November 2012, 132 servicemembers were deployed to the state of New York to provide support in the aftermath of Hurricane Sandy. No Ohio Army or Air National Guard members are currently deployed for this purpose.

Organized Militia

The Adjutant General's Department provides administration, oversight, and command-control of the Ohio organized militia, which is principally comprised of the Ohio Army National Guard, the Ohio Air National Guard, and the Ohio Militia.

Ohio Army National Guard

The Ohio Army National Guard was established in 1788. There are approximately 11,000 Army National Guard members in Ohio. The Ohio Army National Guard maintains 50 readiness and five training sites along with 21 logistical facilities that are used as maintenance shops, emergency shelters, training facilities for the Guard, and civil activities.

Ohio Air National Guard

The Ohio Air National Guard was established in 1947. There are approximately 4,600 Air National Guard members in Ohio. Eleven Air National Guard units are located at seven bases. The flying units are based in Mansfield, Rickenbacker, Springfield, and Toledo. Specialized nonflying units that provide engineering, communications, and other support services are based in Blue Ash, Zanesville, and Camp Perry (Port Clinton).

Ohio Militia

The Ohio Militia has two elements: the Ohio Military Reserve and the Ohio Naval Militia. Their purpose is to provide, on a cadre or reserve basis, military forces capable of being expanded and trained to defend the state or provide emergency response.

Summary of Federal and State Appropriated Funds

Currently, the operating expenses for the Ohio Army and Air National Guard programs are well in excess of \$600 million annually, roughly 93% of which is paid directly by the federal Department of Defense and not subject to the state's appropriations process. The remaining 7%, which generally runs around \$45 million annually, is subject to the state's appropriations process. And, of that annual amount that is subject to the state's appropriations process, roughly 77% is composed of federal

grants awarded to the Adjutant General for the purposes of maintaining and operating various military properties.

Table 1 below illustrates, for FY 2012, this division of operating funds between those that are paid directly by the federal Department of Defense and those that are paid from funds that are appropriated as part of the state's biennial operating budget.

Personnel Figures

Military and Civil Personnel

The Adjutant General's Department is essentially the state's military organization, the largest component of which is the Ohio National Guard. The Ohio National Guard is comprised of around 15,600 traditional Guard members, of which approximately 11,000 and 4,600 serve in the Army National Guard and Air National Guard, respectively. These traditional Guard members are supported by a 3,000-plus mix of full-time state employees, federal technicians, and Active Guard/Reserve personnel located at various sites around the state. The composition of these military and civilian personnel from FY 2010-FY 2012 is depicted in Table 2 below.

The federal Department of Defense generally pays for all of the operating expenses associated with traditional Guard members and the supporting full-time staff, with the exception of 30 to 40 state employees that are typically paid using state funds appropriated from the GRF and revenue-generating activities (property rentals, leases, sales, and lodging accommodations).

Table 2. Adjutant General Personnel Figures, FY 2010-FY 2012

State	333	312	329
Total	3,370	3,264	3,339

State Employees

Table 3 below displays the number of staff paid by the Adjutant General from funds that are appropriated as part of the state's biennial operating budget, expressed as full-time equivalent (FTE) positions. As noted above, the bulk of the Army and Air National Guard operating expenses are paid directly by the federal Department of Defense. A considerably smaller share of federal grants and state funds are subject to the state's appropriations process.

The data in Table 3 support two generalizations. First, federal funding appropriated as part of the state's budget process fully supports more than 50% of the Department's FTEs. Second, the number of FTEs supported by federal special revenue has decreased. This decrease is due to the conversion of security services personnel at the four flying wings to positions paid directly by the Department of Defense, resulting in the loss of 50 authorized state positions.

Table 3. Adjutant General State Employee FTEs, FY 2011-FY 2015

*The FTE counts for FY 2013-FY 2015 are estimates.

**Totals for FY 2011-FY 2013 are as of June in each year and may not reconcile with the state totals listed in Table 2.

Summary of Executive Budget Recommendation

The Department's FY 2013 estimated expenditures are compared with the executive recommendations for FY 2014 and FY 2015, by fund group, in Table 4 below. To support the Department's services and activities, the executive budget recommends funding in the amount of \$45,495,633 for FY 2014 and FY 2015, an amount that is \$6,317,895, or 12.2%, less than FY 2013 estimated expenditures of \$51,813,528.

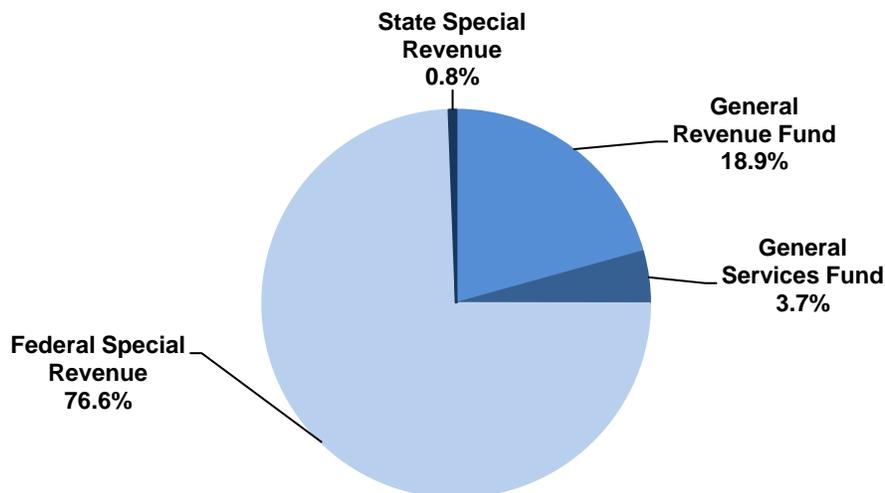

Fund Group	FY 2013*	FY 2014	% change, FY 2013-FY 2014	FY 2015	% change, FY 2014-FY 2015

*FY 2013 figures represent estimated expenditures.

Appropriations by Fund Group

Chart 1 below shows the Department's total recommended appropriations (FY 2014 plus FY 2015) by fund group. Federal grant funding, primarily to operate and maintain Ohio Army and Air National Guard properties, will comprise approximately three-quarters (76.6%) of the Adjutant General's biennial state operating budget. The second largest funding source is the GRF, at 18.9% of the Department's state operating budget. And the remainder (4.5%) will be drawn from a mix of revenue generated from the use, sale, and lease of various properties and services.

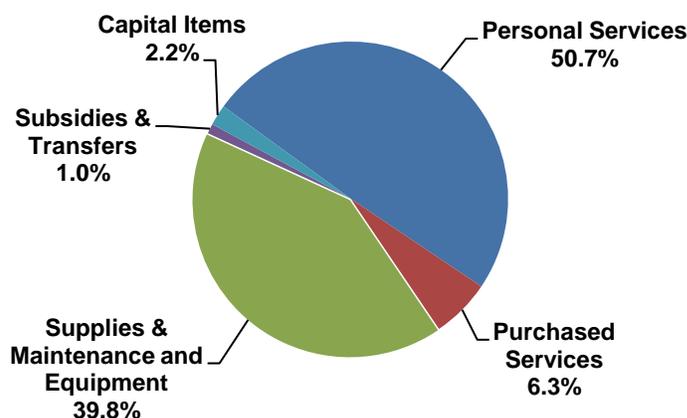

Chart 1: Biennial Budget Recommendations by Fund Group, FY 2014-FY 2015

Appropriations by Expense Category

Chart 2 below shows the executive budget recommendations by expense category. About 51% of the Department's biennial operating budget will be allocated for personal services (payroll-related expenses). Equally notable is that close to 40% of the Department's biennial operating budget will be allocated for supplies, maintenance, and equipment, which reflects the ongoing cost to operate and maintain a geographically dispersed system of properties (readiness centers, training sites, miscellaneous facilities, and weapons ranges).

Chart 2: Biennial Executive Budget Recommendations by Expense Category, FY 2014-FY 2015

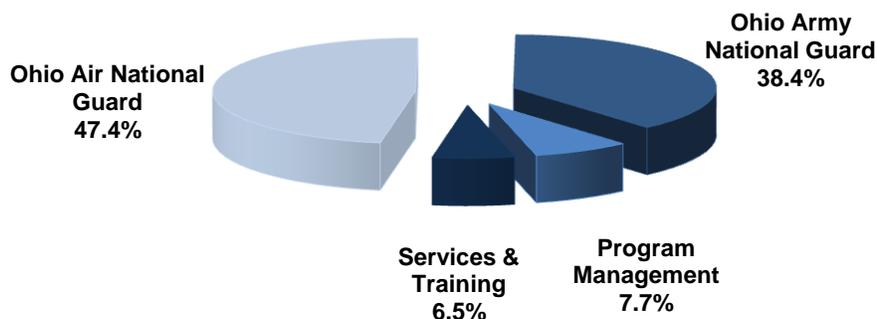

Appropriations by Program Series

Another manner in which the Department's budget can be summarized is in what the Office of Budget and Management terms a *program series*.¹ Chart 3 below displays the Department's biennial executive budget recommendations for its four program series. At 47.4% and 38.4%, respectively, the bulk of the Department's biennial budget will be allocated for the Air and Army National Guard programs. The remainder will be allocated for Program Management (7.7%) and Services and Training (6.5%).

¹ A program series is generally a set of services and activities that have a common focus, goal, or objective.

FY 2014-FY 2015**

National Guard Scholarship Program (Regents GRF line item 235599)

The Ohio National Guard Scholarship Program provides tuition assistance to individuals who enlist, extend, or re-enlist in the Ohio National Guard for a six-year period. The scholarship program pays 100% of a student's tuition at state-supported post-secondary institutions, and an amount equivalent to the average state-assisted award for students enrolled in private post-secondary institutions. From the Adjutant General's Department perspective, the scholarship program is a major recruitment and retention tool.

For the 2011-2012 academic year, 5,386 Guard members were awarded scholarships. For the scholarship program in FY 2014 and FY 2015, the executive recommendation for the Board of Regents includes an appropriation of \$16,711,514 in FY 2014 for GRF line item 235599, an amount that is \$267,434, or 1.6%, more than FY 2013 estimated expenditures of \$16,444,080. For FY 2015 the executive recommendation includes funding in the amount of \$17,384,511, an amount that is \$672,997, or 4.0%, more than the FY 2014 recommendation.

The Adjutant General has three full-time staff charged with processing and monitoring Guard member participation in the scholarship program. Since FY 2000, fiscal services have been provided by the Board of Regents, which uses moneys in its budget appropriated to GRF line item 235599, National Guard Tuition Grant Program, to provide for payment of scholarships.

National Guard Scholarship Reserve Fund. Current law permits, at the end of each fiscal year, the transfer of the certified unencumbered balance of the line item 235599 appropriation to the National Guard Scholarship Reserve Fund (Fund 5BM0). The purpose of the reserve fund is to pay scholarship obligations in excess of the GRF

appropriations made for that purpose (R.C. 5919.341). As of February 1, 2013, the cash balance in the National Guard Scholarship Reserve Fund was approximately \$1.4 million.

Property Management

The Adjutant General's Department is responsible for the management, maintenance, and repair of numerous state-owned and state-operated properties. In this regard, the Adjutant General's Department is less like a traditional state agency, board, or commission, and more like one of the state's institutional agencies, e.g., the Department of Rehabilitation and Correction, in that it has to allocate a considerably larger amount of its annual operating budget to operate and maintain a geographically widespread mix of land and buildings. The mix of properties managed by the Department in FY 2012 is summarized in Table 5 immediately below.

Type of Facility/Site	Number of Facilities/Sites
Readiness Centers	50
Army Training Sites	5
Miscellaneous Facilities*	21
Weapons Ranges**	3

*Includes 16 field maintenance shops.

**Located at Camp Perry, Camp Sherman, and Camp Ravenna.

ANALYSIS OF EXECUTIVE PROPOSAL

Funding Categories

This section provides an analysis of the executive recommended funding for each appropriated line item in the Adjutant General's FY 2014-FY 2015 biennial budget. In this analysis, the Department's line items are grouped into four funding categories reflecting the focus of its services and activities. The four categories used in this analysis are as follows:

1. Ohio Army National Guard;
2. Ohio Air National Guard;
3. Billeting and Event Facilities; and
4. Central Administration.

To aid the reader in finding each line item in the analysis, Table 6 below shows the category in which it has been placed, listing the line items generally in order within their respective fund groups and funds. This is generally the same order the line items appear in the budget bill.

Funding Category 1: Ohio Army National Guard

This funding category includes state and federal moneys appropriated *primarily* for the purpose of operating and maintaining Army National Guard properties. Table 7 below shows the line items that are used to fund this category of services and activities, as well as the executive recommended funding levels. It is followed by a discussion of the purpose of each appropriated line item.

Table 7. Executive Recommendations for Ohio Army National Guard

State Special Revenue (SSR) Fund Group				
5U80	745613	Community Match Armories	\$350,000	\$350,000
Total Funding: Ohio Army National Guard			\$19,637,175	\$19,637,175

Army National Guard (GRF line item 745499)

This GRF line item is used in combination with federal line item 745616 generally to fund operations and maintenance services and activities rendered at various Army National Guard properties around Ohio. Under an ongoing cooperative agreement with the federal government, the Adjutant General shares certain personnel, supply and maintenance, purchased personal services, and equipment costs associated with the daily operation of Army National Guard properties. For eligible costs generally, the federal match is 75%, and the required state contribution is 25%.

The executive recommendation flat funds this line item at the FY 2013 level of \$3,689,871 in both FY 2014 and FY 2015. These amounts will be allocated primarily for supplies and maintenance and secondarily for personal services expenses. The remainder will be allocated for a smaller mix of purchased personal services, and equipment.

Property Operations Management (GSF line item 745612)

This GSF line item, which is supported by the proceeds from the sale of vacated armories or other facilities and land owned by the Adjutant General, is used to fund Army National Guard facility and maintenance expenses. The executive recommendation for this line item is flat funded at the FY 2013 level of \$534,404 for both

FY 2014 and FY 2015, most of which will be allocated in each year for supplies and maintenance.

Army National Guard Service Agreement (FED line item 745616)

This federal line item is supported entirely by funds awarded to the Department by the National Guard Bureau of the Department of Defense to support the provision of numerous military operations and maintenance services and activities. This includes, but is not limited to, real property maintenance, electronic security system operation and maintenance, security guard costs, telecommunications, environmental management, ranges and training land, and information services.

The executive recommendation provides the Department's requested level of funding for this line item: \$15,063,000 in both FY 2014 and FY 2015. Anywhere between 40%-50% of each year's appropriation will be allocated for supplies and maintenance, and another 20%-30% for personal services. The remainder will be allocated, in rough order of magnitude, for purchased personal services, capital improvements, and equipment.

This funding stream is part of an ongoing cooperative agreement with the federal government to share the costs of personnel, utilities, supplies, and equipment associated with the daily operation of Army National Guard facilities. Some of these costs are fully paid for out of this line item, while other costs require 25% state matching funds. That required state match is generally drawn from GRF line item 745499, Army National Guard.

Community Match Armories (SSR line item 745613)

This SSR line item is supported by revenue in the form of contributions from state and local entities for their share of construction and utility costs of readiness and community centers and facilities. Subsequent to its appropriation, this money is used to fund the sharing entity's portion of acquisition and maintenance costs of centers and facilities. The executive recommendation provides the Department's requested level of funding for this line item – \$350,000 in both FY 2014 and FY 2015. The entire appropriation for both FY 2014 and FY 2015 will be allocated for supplies and maintenance. These recommended amounts are \$750,000, or 68.2%, less than FY 2013 estimated expenditures of \$1,100,000. This funding decrease is largely due to one-time FY 2013 construction costs associated with the Engagement Skills Training Center at Camp Perry.

Funding Category 2: Ohio Air National Guard

This funding category includes state and federal moneys appropriated *primarily* for the purpose of funding services and activities rendered at base wings located in Springfield, Toledo, Mansfield, and Rickenbacker and the specialized nonflying units based in Blue Ash, Zanesville, and Camp Perry (Port Clinton). These services and activities include the provision of maintenance and facility support to all base wings and specialized nonflying units. In addition, fire protection and security guard services and activities are rendered to all base wings.

Table 8 below shows the line items that are used to fund this category of services and activities, as well as the executive recommended funding levels. It is followed by a discussion of the purpose of each appropriated line item and how its recommended FY 2014 and FY 2015 appropriations will be allocated.

Table 8. Executive Recommendations for Ohio Air National Guard				
Fund	ALI and Name		FY 2014	FY 2015
General Revenue Fund (GRF)				
GRF	745404	Air National Guard	\$1,810,606	\$1,810,606
Federal Special Revenue (FED) Fund Group				
3410	745615	Air National Guard Base Security	\$2,919,000	\$2,919,000
3E80	745628	Air National Guard Operations and Maintenance	\$16,850,000	\$16,850,000
Federal Special Revenue Fund Group Subtotal			\$19,769,000	\$19,769,000
Total Funding: Ohio Air National Guard			\$21,579,606	\$21,579,606

Air National Guard (GRF line item 745404)

This GRF line item provides the required match of 25% that the Department uses for the purposes of securing a federal grant for on-site maintenance and facility support personnel and related services and activities at the base wings located in Springfield, Toledo, Mansfield, and Rickenbacker, and the specialized nonflying units based in Blue Ash, Zanesville, and Camp Perry (Port Clinton). The federal funds are appropriated to FED line item 745628, Air National Guard Agreement.

The executive recommendation provides funding at the FY 2013 estimated expenditure level of \$1,810,606 in both FY 2014 and FY 2015. These amounts will be allocated primarily for supplies and maintenance and secondarily for personal services expenses. The remainder will be allocated for a smaller mix of purchased personal services, and equipment. Personal services expenses include the costs (wages, salaries, fringe benefits, and payroll charges) for maintenance repair workers, plumbers, electricians, environmental specialists, carpenters, purchasing/storekeeper, and administrative support (secretary, clerk, and administrative assistant).

Air National Guard Base Security (FED line item 745615)

This line item is supported entirely by a project grant awarded to the Department by the National Guard Bureau of the Department of Defense specifically for the purpose of funding security guard services to the base wings located in Springfield, Toledo, Mansfield, and Rickenbacker. Each wing generally has 11 security guards and one clerk. These federal funds cover 100% of the cost of rendering security guard services.

The executive recommendation provides the Department's requested level of funding for this line item – \$2,919,000 in both FY 2014 and FY 2015 – an amount that is \$58,692, or 2.0%, less than the FY 2013 estimated expenditure of \$2,977,692. Each year's appropriation will be allocated primarily for personal services expenses.

Air National Guard Operations and Maintenance (FED line item 745628)

This line item is supported entirely by a project grant awarded to the Department by the National Guard Bureau of the Department of Defense specifically for the purpose of funding: (1) fire protection personnel and related services and activities at the base wings located in Springfield, Toledo, Mansfield, and Rickenbacker and (2) on-site maintenance and facility support personnel and related services and activities at the four base wings and the specialized nonflying units based in Blue Ash, Zanesville, and Camp Perry (Port Clinton).

The federal funds cover 100% of the cost of rendering fire protection services, and generally 75% of the cost of rendering on-site maintenance and facility support services. The remainder of the latter's cost, generally 25%, is covered by a required state match that the Department draws from GRF line item 745404, Air National Guard.

The executive recommendation provides the Department's requested level of funding for this line item – \$16,850,000 in both FY 2014 and FY 2015 – an amount that is \$108,595, or 0.6%, less than the FY 2013 estimated expenditure of \$16,958,595. Each year's appropriation will be allocated primarily for personal services expenses, and secondarily for supplies and maintenance. Personal services expenses include the costs (wages, salaries, fringe benefits, and payroll charges) associated with firefighting personnel and on-site maintenance and facility support personnel. Maintenance and facility support personnel include maintenance repair workers, plumbers, electricians, environmental specialists, carpenters, purchasing/storekeeper, and administrative support (secretary, clerk, and administrative assistant).

Funding Category 3: Billeting and Event Facilities

This funding category includes line items that draw on the revenues that the Adjutant General generates from the Camp Perry Training Site/ Clubhouse near Port Clinton. These revenues are in turn appropriated almost exclusively for the purpose of maintaining and operating that facility.

Table 9 below shows the line items that are used to fund this category of services and activities, as well as the executive recommended funding levels. It is followed by a discussion of the purpose of each appropriated line item and how its recommended FY 2014 and FY 2015 appropriations will be allocated.

Table 9. Executive Recommendations for Billeting and Event Facilities				
Fund	ALI and Name		FY 2014	FY 2015

General Services Fund Group Subtotal			\$1,107,446	\$1,107,466
Total Funding: Billeting and Event Facilities			\$1,119,754	\$1,119,754

Ohio Military Reserve (GRF line item 745401)

This GRF line item is used to help support training and administrative operations of the Ohio Military Reserve (OHMR), a voluntary state defense force capable of being expanded and trained to defend Ohio under circumstances when it might otherwise be left without adequate defense. The executive recommendation provides the Department's requested level of funding for this line item – \$12,308 in both FY 2014 and FY 2015 – an amount that is identical to FY 2013 estimated expenditures. The entire appropriation for both FY 2014 and FY 2015 will be allocated for supplies and maintenance, principally the cost of meals provided during training.

Marksmanship Activities (GSF line item 745605)

This GSF line item draws on revenue generated from the leasing of booth space to vendors at the annual National Rifle & Pistol Championships hosted at the Camp Perry Training Site. This money is then appropriated for the purpose of maintaining and improving Camp Perry's weapons ranges and vendor booth areas. The executive recommendation provides the Department's requested level of funding for this line item – \$128,600 in both FY 2014 and FY 2015 – an amount that is identical to the FY 2013 estimated expenditure. These appropriated amounts will be used also exclusively for supplies and maintenance.

Camp Perry Operations (GSF line item 745620)

This GSF line item draws on revenue generated from: (1) the rental of facilities located at the Clubhouse on the Camp Perry Training Site in Ottawa County and (2) the use generally of the Camp Perry Training Site and its facilities. This money is then appropriated for the purpose of supporting the facility operations of the Camp Perry Clubhouse.

The executive recommendation provides funding in the amount of \$978,846 for FY 2014 and FY 2015, an amount that is identical to FY 2013 estimated expenditures. Each year's appropriation will be allocated primarily for supplies and maintenance, and secondarily for a mix of personal services and purchased personal services expenses.

Funding Category 4: Central Administration

This funding category includes moneys that primarily support the provision of executive oversight, management, and administration of the Department's functions, including the Ohio Army and Air National Guard programs.

Table 10 below shows the line items that are used to fund this category of services and activities, as well as the Governor's recommended funding levels. It is followed by a discussion of the purpose of each appropriated line item and how its recommended FY 2014 and FY 2015 appropriations will be allocated.

Total Funding: Central Administration			\$3,159,098	\$3,159,098

National Guard Benefits (GRF line item 745407)

An ongoing temporary law provision requires this GRF line item be used for the purposes of: (1) reimbursement of federal life insurance premiums for eligible active duty National Guard members and (2) death benefits paid to a National Guard member's beneficiary if the member dies while performing state active duty.

The executive recommendation provides funding for this purpose in the amount of \$400,000 in both FY 2014 and FY 2015, an amount that is identical to FY 2013 estimated expenditures.

Central Administration (GRF line item 745409)

The primary purpose of this GRF line item is to pay for personnel that provide executive oversight, management, and administration of the Ohio Army and Air National Guard programs. Personnel includes the Adjutant General's executive staff, public relations, human resources, fiscal, purchasing, finance, administrative services, information management, facility management, and tuition scholarship program coordination.

The executive recommendation fully funds the Department's requested level of funding for this line item: \$2,682,098 in both FY 2014 and FY 2015. These amounts will

be allocated primarily for personal services expenses, and secondarily for supplies and maintenance. The executive recommendation for this line item in each fiscal year is \$764,765, or 22.2%, less than FY 2013 estimated expenditures of \$3,446,863. At this reduced funding level, the Department believes it will be able to execute all of its core functions.

A related temporary law provision requires \$50,000 of the line item's appropriation in each fiscal year be used for the purpose of paying expenses related to state active duty of members of the Ohio organized militia in accordance with a proclamation of the Governor (expenses include, but are not limited to, the cost of equipment, supplies, and services).

Ohio National Guard Facilities Maintenance (GSF line item 745604)

This GSF line item, which is supported by the proceeds from land and building rentals and leases, is used to pay for utility and maintenance costs at various properties managed by the Department, primarily its headquarters located in the Beightler Armory. The executive recommendation provides the Department's requested level of funding for this line item – \$62,000 in both FY 2014 and FY 2015 – an amount that is identical to FY 2013 estimated expenditures. The appropriated amount in each fiscal year will be allocated primarily for supplies and maintenance, with the remainder being used for purchased personal services.

Counter Drug Operations (FED line item 745603)

This line item consists of the Department's share of federally seized assets from drug operations in which the Ohio National Guard participated. There are no restrictions on the use of these funds.

The executive recommendation provides the Department's requested level of funding for this line item – \$15,000 in both FY 2014 and FY 2015 – an amount that is \$10,000, or 40%, less than FY 2013 estimated expenditures. The decrease in funding is largely due to the fact that the Adjutant General has not received federal revenue from drug seizures over the past couple of years so the appropriation was reduced to the amount of cash on hand. The appropriated amount in each fiscal year will be allocated primarily for supplies and maintenance, generally for work performed at the Department's headquarters located in the Beightler Armory.
