READER'S GUIDE

The Legislative Service Commission prepares an analysis of the executive budget proposal for each agency. These analyses are commonly called "Redbooks." This brief introduction is intended to help readers navigate the Redbook for the Treasurer of State (TOS), which includes the following three sections.

1. Overview: Provides a brief description of TOS and an overview of the provisions of the executive budget that affect TOS.
2. Analysis of Executive Proposal: Provides a detailed analysis of the executive budget recommendations for TOS, including funding for each appropriation line item. The line items for TOS are organized into four categories.
3. Attachments: Includes the catalog of budget line items (COBLI) for TOS, which briefly describes each line item, and the LSC budget spreadsheet for TOS.

OVERVIEW

Agency Overview

The Office of the Treasurer of State (TOS), which was established over 200 years ago, is responsible for protecting, managing, and investing state funds. The Treasurer is a constitutional officer elected to a four-year term. The Treasurer also serves as chairman of the State Board of Deposit (BDP), a member of the Commissioners of the Sinking Fund (CSF), a member of the Petroleum Underground Storage Tank Release Compensation Board (UST), and a member of other boards, commissions, and authorities. Currently, the Office of the Treasurer of State employs approximately 126 employees.

The Treasurer's Office manages banking services for all state agencies, clearing and reconciling transactions, and collects various state taxes, court fees, and fines on behalf of certain state entities. The Treasurer's Office collects over \$15 billion in revenues annually from various state taxes, court fees, and fines. Currently, most of these collections are paid electronically through electronic funds transfer (EFT). The Treasurer's Office also handles automated clearinghouse (ACH) and credit card transactions on behalf of state entities.

Furthermore, the Treasurer's Office administers and invests over \$12 billion in total assets of the state investment portfolios (Regular Account, Ohio Lottery Deferred Prize Trust Fund, and STAR Ohio). The types of financial instruments that the Treasurer's Office may invest in are statutorily defined in the Ohio Revised Code. The Regular Account contains money from the General Revenue Fund (GRF) and other moneys held on behalf of various state agencies.

The Treasurer's Office also manages the Bid Ohio Program, which competitively auctions off about \$100 million of interim money on a monthly basis. The program allows the state to receive higher yields and competitive six-month certificate of deposit (CD) rates from participating Ohio public depositories. The Treasurer's Office also manages the Securities Lending Program, which generates income by loaning securities on a short-term basis to selected brokerage firms and financial institutions for a fee.

The Treasurer's Office serves as custodian of about \$187 billion of moneys in the state treasury and certain moneys that are held, by law, in the custody of the Treasurer's Office, but outside the state treasury. The Treasurer's Office also safeguards the funds of

the state's five public pension systems. Additionally, the Treasurer is authorized to issue various bonds for specified purposes.

The Treasurer's Office manages various Linked Deposit programs, provides online educational opportunities for public fund manager continuing education training, and provides educational resources related to personal financial education to all Ohioans.

The executive's recommended total funding is \$40.8 million each for FY 2014 and FY 2015. This amount is about \$0.2 million, or 0.4%, lower than total FY 2013 estimated expenditures of the recommended amounts, approximately \$29.2 million each year represents GRF appropriations. The remaining appropriations are drawn from four funds in the General Services Fund Group, and one in the Agency Fund Group.

The following table presents the number of filled positions for the Office of the Treasurer of State since 2011. Figures for FY 2013 are for all funded positions. Figures for FY 2014 and FY 2015 are estimates.

*FY 2013 figures represent estimated expenditures.

Recommended GRF funding for FY 2014 is \$29.2 million, the same as recommended funding for FY 2015. This amount is \$0.1 million, or 0.4%, lower than FY 2013 estimated expenditures. Of the recommended GRF funding, \$7.7 million in each year is recommended for line item 090321, Operating Expenses. This amount is the

same as the FY 2013 estimated spending for that line item. Most of the recommended GRF funding, \$20.6 million, about 70% each fiscal year is for subsidies that are administered by the Board of Police and Fire Pension Fund. This amount is \$111,900, or 0.4%, lower than FY 2013 estimated expenditures. The remaining \$880,006 each year in GRF funding is split between two appropriation items, each of which is recommended to receive the same amount as FY 2013 estimated expenditures. One of those line items funds the operations of the Commissioners of the Sinking Fund (see CSF Redbook), and the other funds continuing education programs for local government officials.

The executive budget provides the Treasurer's Office with non-GRF funding of \$11.6 million in FY 2014. This non-GRF funding comes from investment income, and fees and charges assessed on services provided by the Treasurer. Slightly over half of the non-GRF funding is for tax refunds, which are recommended to receive the same amount as the estimated expenditures for FY 2013. The remaining funding is split between four appropriation line items that fund operation of the Office and educational programs for local government financial officials. The total amount recommended for the four line items is \$64,441, or 1.1%, lower than FY 2013 estimated expenditures.

The following chart presents the executive recommendation by expense category for the Office of the Treasurer of State for the FY 2014-FY 2015 biennium. The largest category is "Subsidies," which are funds transferred to the Board of the Police and Fire Pension Fund. The category "Other" includes tax refunds. The "Personal Services" category includes payroll and benefit costs for the Treasurer's employees.

ANALYSIS OF EXECUTIVE PROPOSAL

Introduction

This section provides an analysis of the Governor's recommended funding for each appropriation item in TOS's budget. In this analysis, TOS's line items are grouped into five major categories. For each category, a table is provided listing the recommended appropriation in each fiscal year of the biennium. Following the table, a narrative describes how the appropriation is used and any changes affecting the appropriation that are proposed by the Governor. If the appropriation is earmarked, the earmarks are listed and described. The four categories used in this analysis are as follows:

1. Treasurer's Office Operations;
2. Office of the Sinking Fund;
3. County Treasurer Education;
4. Police and Fire Subsidies; and
5. Tax Refunds.

To aid the reader in finding each item in the analysis, the following table shows the category in which each appropriation has been placed, listing the line items in order within their respective fund groups and funds. This is the same order the line items appear in the budget bill.

to a money market mutual fund. The investment program is co-managed by investment staff of the Treasurer's Office and a private fund manager. Funding for the program is from fees paid by governmental subdivisions that participate in the fund.

STAR Ohio affords the participants a convenient tool for investing in an affordable and diversified pool of high quality short-term assets. Most of the portfolio is invested in U.S. government obligations and U.S. government agency securities. The remainder of the portfolio is invested in fully collateralized certificates of deposit, repurchase agreements, eligible bankers' acceptances, and commercial paper. While the fund is not insured, it is backed by the underlying securities of the portfolio.

On January 31, 2013, the fund's assets totaled over \$3.8 billion, with 2,759 accounts. School districts are among the primary users of STAR Ohio, with 964 accounts totaling approximately 25% of all STAR assets. State custodial funds, cities, counties, townships, villages, libraries, and some public hospitals also invest in STAR Ohio.
