11 EPA - 14 Appropriations - Federal Stimulus

No provision.

No provision.

No provision.

Sections: 313.10, 521.10, 521.20

Requires the federal payments for clean air under ARRA to be credited to the Clean Air Fund (Fund 4K20). Specifies that related appropriation item 715648, Clean Air Non-Title V, be used in accordance with the requirements of ARRA.

Specifies that the federal payments for the Clean Water State Revolving Fund under ARRA be credited to the Water Pollution Control Loan Fund. Requires these funds to be used in accordance with the requirements of ARRA. Allows the Director of EPA, for purposes of obtaining these funds, to impose alternative public comment procedures for the draft intended use plan, including alternative time frames for public notice and comment and the frequency of public meetings.

Specifies that the federal payments for the Drinking Water State Revolving Fund under ARRA be credited to the Drinking Water Assistance Fund. Requires these funds to be used in accordance with the requirements of ARRA. Allows the Director of EPA, for purposes of obtaining these funds, to impose alternative public comment procedures for the draft intended use plan, including alternative time frames for public notice and comment and the frequency of public meetings.

Fiscal effect: Allowing the Director to modify current public comment procedures may allow for quicker distribution of ARRA moneys deposited in the state's Water Pollution Control Loan Fund and the Drinking Water Assistance Fund.

Executive

As Passed by the House

12 ETC - 9 Appropriations - Federal Stimulus

No provision.

Section: 315.10

14	IGO - 1	Deputy Inspector General for ARRA Funds	R.C. 123.53, Section 512.41
No provision.			Creates the position of Deputy Inspector General for Funds Received through ARRA to conduct investigations of the use of federal economic stimulus money by the Department of Transportation.
No provision.			Creates the Deputy Inspector General for Funds Received Through the American Recovery and Reinvestment Act of 2009 Fund (Fund 5GI0) to pay for costs incurred by the new Deputy Inspector General position, and charges the Inspector General with coordinating the work of the new Deputy Inspector General with that of the existing Deputy Inspector General for the Department of Transportation.
No provision.			Requires the Director of Budget and Management to make semiannual transfers of \$200,000 in cash on July 1 and January 1 each year from the GRF to Fund 5GI0, and requires these amounts to be appropriated in the main operating budget.
No provision.			Sunsets the position and the fund on September 30, 2013.

As Passed by the House

15 INS - 19 Reimbursement Insurance for Tire or Wheel Road Hazard Contracts

No provision.

R.C. 3905.425, 3905.423

Requires motor vehicle tire or wheel road hazard contracts to be covered by reimbursement insurance policies. Such contracts are contracts to pay for repairs or replacement of tires or wheels damaged because of a road hazard. (This provision essentially requires such contracts to be backed by a policy issued by an insurance company licensed to do business in Ohio by the Department of Insurance.) The provision includes other requirements governing the marketing of such contracts, and requirements governing the insurance policies.

Fiscal effect: No direct fiscal effect to local governments. It may increase the Department of Insurance's administrative costs related to regulation of reimbursement insurance policies; if there is any such increase, it would likely be minimal and would be paid out of the Department of Insurance Operating Fund (Fund 5540).

The requirement to carry insurance could increase GRF revenue from the domestic and foreign insurance taxes. Any such increase is likely to be minimal.

Executive

As Passed by the House

16 JFS - 58 Appropriations - Federal Stimulus

Section: 319.10

No provision.

Requires the federal payments for the Supplemental Nutrition Assistance Program under ARRA to be credited to the Food Stamps and State Administration Fund (Fund 3840).

No provision.

Requires the federal payments for the Commodity Assistance Program under ARRA to be credited to the Emergency Food Distribution Fund (Fund 3A20).

No provision.

Requires the federal payments for the Foster/Care/Adoption Program under ARRA to be credited to the IV-E Foster Care Maintenance/Pass Through Fund (Fund 3N00).

No provision.

Requires the federal payments for the Unemployment Insurance Program under ARRA to be credited to the Unemployment Compensation Review Commission Fund (Fund 3V40).

No provision.

Requires the federal payments for the Medicaid Disproportionate Share Hospitals under ARRA to be credited to the Medicaid Program Support Fund (Fund 5C90).

No provision.

Specifies that related appropriation items 600610, Food Assistance and State Administration, 600641, Emergency Food Distribution, 600628, IV-E Foster Care Maintenance, 600671, Medicaid Program Support, and 600678, Federal Unemployment Programs, be used in accordance with the requirements of ARRA.

17 LSC - 1 Commission on Local Government Reform and Collaboration

No provision.

Section: 610.30

Permits a portion of GRF appropriation item 035321, Operating Expenses, in FY 2009 to be used for the Commission on Local Government Reform and Collaboration. Reappropriates any portion of the above appropriation remaining at the end of FY 2009 to be used for the same purpose in FY 2010.

Fiscal effect: Approximately \$160,000 will be available for the Commission.

18	DPS - 20	Ohio Pet Fund	No provision.	<p>R.C. <i>955.201, 955.202, and 4501.21</i></p>
<p>Permits the organization Ohio Pet Fund to use the money it receives from persons who make contributions when they obtain "Pets" license plates to pay the expenses it incurs in obtaining and maintaining its tax-exempt status and performing its duties, and eliminates the Pets Program Funding Board and replaces references to "Pets Program Funding Board" with "Ohio Pet Fund."</p>				<p>Fiscal effect: None.</p>
19	DPS - 22	Clerk of Court Titling Fees	No provision.	<p>R.C. <i>1548.10, 4505.032, 4505.09, and 4519.59; Section 812.10</i></p>
<p>(1) Increases the following fees charged by the Clerk of the Court of Common Pleas for services related to certificates of title from \$5 to \$15: (1) issuance of a watercraft certificate of title (other than to a licensed watercraft dealer for resale purposes, which remains \$5), (2) motor vehicle title assignment (other than an assignment to a dealer for resale, which remains \$5), (3) issuance of a motor vehicle certificate of title (other than to a licensed motor vehicle dealer for resale purposes, which remains \$5), (4) issuance of off-highway motorcycle or all-purpose vehicle certificate of title (other than to a licensed motor vehicle dealer for resale purposes, which remains \$5), and (5) duplicate copy of a watercraft, motor vehicle, off-highway motorcycle, or all-purpose vehicle certificate of title.</p>				

Executive

As Passed by the House

No provision.

(2) Delays until one year after the subject-to-the-referendum effective date of the bill the increases in fees (generally from \$5 to \$15) charged by the Clerk of Court of the Court of Common Pleas for services related to certificates of title.

Fiscal effect: Based on the number of FY 2007 title transactions - 2,577,044 - the titling fee increases will generate up to \$25.8 million or more additional revenue annually, depending upon the number of title transactions conducted in subsequent years. Of that estimated annual amount, county clerks of courts will retain \$23.8 million. The remainder - \$2.0 million - will be transmitted to the state, with most of that amount being deposited in the State Bureau of Motor Vehicles Fund (Fund 4W40) and a smaller portion being deposited in the Waterways Safety Fund (Fund 7086).

20 DPS - 14 Increase in Driver, Motor Vehicle, and Certificate of Title Abstract Fees

R.C. *1548.14, 4501.34, 4503.26, 4505.14, 4506.08, 4509.05, and 4513.263*

R.C. *1548.14, 4501.34, 4503.26, 4505.14, 4506.08, 4509.05, and 4513.63*

(1) Increases seven abstract fees by \$6, from \$2 to \$8 (four fee increases that relate to abstracts containing driver and vehicle information become effective on the bill's normal effective date for permanent law amendments and enactments, while the three fee increases that relate to abstracts containing certificate of title information become effective October 1, 2009).

(1) Same as the Executive.

(2) Specifies of the \$6 increase is to be distributed to five funds as follows: \$1.25 to the existing Trauma and Emergency Medical Services Fund (Fund 83M0); \$1.25 to the Homeland Security Fund (Fund 5DS0), which the bill creates; \$0.75 to Investigations Fund (Fund 5FLO), which

Executive

As Passed by the House

the bill creates; \$2.25 to the existing Emergency Management Agency Service and Reimbursement Fund (Fund 4V30); and \$0.50 to the existing Justice Program Services Fund (Fund 4P60).

Fiscal effect: This provision will allow the Department of Public Safety to no longer receive funding from the GRF. The Department's four GRF line items would be eliminated, and the Emergency Management Agency (\$2.25), Investigative Unit (\$0.75), and the Office of Criminal Justice Services (\$0.50) will receive their funding from this fee increase. In addition, the Division of Emergency Medical Services (\$1.25) and the Division of Homeland Security (\$1.25) will receive additional funding from this fee increase. The annual revenue generated by the fee increase is estimated at approximately \$25.8 million.

21 DPS - 16 Drug Law Enforcement Fund

R.C. *2949.094, 5502.67, and 5502.68*

Alters current law, which transmits \$3.50 (35%) of the \$10 additional court cost for moving violations to the Drug Law Enforcement Fund (Fund 5ET0), to redirect 3% of that \$3.50 to the Justice Program Services Fund (Fund 4P60).

Fiscal effect: Of the up to \$4.5 million or more estimated to generated annually for deposit in Fund 5ET0 under current law, this provision will redirect up to \$135,000 or more annually for deposit in Fund 4P60.

R.C. *2949.094, 5502.67, and 5502.68*

Same as the Executive.

22 DPS - 18 Shipping Radioactive Waste

No provision.

R.C. *4163.01, 4163.07, 4163.08, and 4163.09*

Requires a person shipping, or who causes to be shipped, certain radioactive material within or through this state to provide the Emergency Management Agency (EMA) with notice of the shipment and pay the Department of Public Safety a fee for each shipment (\$2,500 for each shipment by motor carrier and \$4,500 per cask plus \$3,000 for each additional cask shipped by rail by the same entity in the same shipment), establishes civil penalties for violating the notice and fee requirements, and the Radiation Response Fund, which consists of the fees and fines used by the Director of Public Safety for purposes related to the safe shipment of such material.

Fiscal effect: The additional workload and related operating expenses, if any, that this provision may create for the EMA, as well as the amount of shipping fee and civil penalty that could be generated, is uncertain.

23 DPS - 15 Fee Increases to State Highway Safety Fund

R.C. *4501.01, 4501.03, 4501.044, 4501.06, 4503.04, 4503.042, 4503.07, 4503.10, 4503.182, 4503.65, 4506.08, 4507.23, and 4507.24*

R.C. *4501.01, 4501.03, 4501.044, 4501.06, 4503.04, 4503.042, 4503.07, 4503.10, 4503.182, 4503.65, 4506.08, 4507.23, and 4507.24*

Increases or establishes the following fees and directs that the fees be deposited into the State Highway Safety Fund (Fund 7036): (1) new late fee for vehicle registrations and driver's license applications, \$10, (2) additional passenger vehicle registration fee, \$5.75, (3) additional in-state commercial vehicle registration fee, \$19, (4) increased out-of-state apportioned registration tax for commercial cars and buses, ranging from \$2 to \$33.50, depending on the vehicle weight, (5) additional temporary registration tag fee, \$5, and (6) additional vision screening fee, \$1.

Same as the Executive.

Fiscal effect: The fee increases in this provision will generate an estimated \$106.3 million in revenues for deposit in the Stat Highway Safety Fund (Fund 7036). This amount, along with \$40 million in annual spending reductions, would allow Fund 7036 to remain solvent since it no longer receives revenues via the motor vehicle fuel tax.

24	DPS - 23	Inquiries Pertaining to Veteran's Status or Current Status in the U.S. Military or Ohio National Guard	R.C. 4501.026, 4506.07, 4506.11, 4507.06, 4507.13, 4507.51, 4507.52, and 5902.09
		(1) No provision.	(1) Requires the Registrar of Motor Vehicles and deputy registrars to send information regarding an individual who claims to be a veteran or currently serving in the armed forces of the United State or any reserve component of those forces of the Ohio National Guard for official government purposes regarding benefits and services without first asking the individual's permission to send the information.
		(2) No provision.	(2) Permits a person who is a veteran, active duty, or reservist of the United States armed forces to have an identifying mark placed on the person's driver's license, commercial driver's license, or identification card indicating that fact.
			Fiscal effect: The additional workload and related operating expenses, if any, that this provision may create for the state is uncertain. The state's political subdivisions appear unlikely to be affected, as generally political subdivisions do not perform the services of a deputy registrar.
25	DPS - 30	Commercial Trailer and Semitrailer Registration	R.C. 4503.103
		No provision.	Requires the Registrar of Motor Vehicles, not later than October 1, 2009, to adopt rules to permit commercial trailers and semitrailers to be registered for not more than five years.

Executive

Fiscal effect: The state and local fiscal effects of this provision are uncertain.

26 DPS - 13 Enforcement of the Seat Belt Use Requirements

R.C. *4507.05, 4507.071, 4511.093, and 4513.263;*
Sections 755.20 and 815.10

R.C. *4507.05, 4507.071, 4511.093, and 4513.263;*
Sections 755.20, 755.21, and 815.10

(1) Removes all the secondary enforcement limitations that apply to seat belt requirements, whereby a law enforcement officer cannot stop a vehicle in which the officer has observed a person in the vehicle violating a seat belt use requirement unless the officer observes another separate motor vehicle violation for which the officer can legally stop the vehicle.

(1) Same as the Executive.

(2) Provides that, as a result of the provision providing for the primary enforcement of seat belt use violations in this state, (1) the Ohio Department of Transportation (ODOT) is required to apply for a one-time federal grant (estimated at \$26.7 million) from the National Highway Traffic Safety Administration offered in the Safe, Accountable, Flexible and Efficient Transportation Equity Act of 2003 – A Legacy for Users (SAFETEA-LU), (2) of the grant money ODOT receives, \$1 million must be transferred to the Ohio Department of Public Safety and expended on safety activities in accordance with applicable federal law, and (3) ODOT must expend all the remaining grant money on eligible transportation safety issues.

(2) Same as the Executive.

(3) No provision.

(3) Prohibits the operation of an automobile unless each child occupying a seating position in the front seat is secured in a child restraint device or booster seat, or restrained in an approved child restraint system or in an occupant restraining devices; establishes a minimum fine

Executive

(4) No provision.

Fiscal effect: As a result of this provision, the number of citations for seat belt violations could increase, thereby resulting in a revenue gain. LSC fiscal staff's preliminary review of the available evidence from the experience of other states suggests, however, that when the law moves from a secondary to primary offense, the voluntary compliance rate increases dramatically. As a result, seat belt citations declined significantly. If this were to happen in Ohio, then revenues from seat belt citations could decrease, the magnitude of which is uncertain.

The fine for a seat belt violation is generally \$30 for an operator and \$20 for a passenger. All fines collected for violations of the state's mandatory seat belt law, or for violations of any ordinance or resolution of a political subdivision that is substantively comparable, are forwarded for deposit in the state treasury and apportioned between five state funds as follows: (1) Seat Belt Education Fund, 8%, (2) Elementary School Program Fund, 8%, (3) Occupational Licensing and Regulatory Fund, 2%, (4) Trauma and Emergency Medical Services Fund, 28%, and (5) Trauma and Emergency Medical Services Grants Fund, 54%.

As Passed by the House

of \$25 for a violation of this prohibition; increases the fine one existing seat belt prohibition that currently does not have a penalty.

(4) Requires law enforcement officers to document on a form for 15 months all traffic stops that are based on a seat belt use violation; requires the entity that produces the report on the primary enforcement of the seat belt use law to review all the forms and analyze the information contained therein.

Fiscal effect: Same as the Executive, except there likely would be additional costs related to developing a cultural competency training program, as well as entering into an agreement with an outside entity to study the primary enforcement of the seat belt use law in this state. The state and local fiscal effects of provisions (3) and (4) are uncertain.

Executive

As Passed by the House

27 DPS - 19 Road Service and Emergency Vehicles

No provision.

R.C. *4511.01, and 4511.213*

Requires a driver to move over or slow down upon approaching a stationary road service vehicle or emergency vehicle that is displaying a flashing, oscillating, or rotating amber light, and defines "road service vehicle" as wreckers, utility repair vehicles, and state, county, and municipal service vehicles equipped with flashing, rotating, or oscillating lights.

Fiscal effect: As a result of violations of this provision, the state may gain locally collected court cost revenues that are deposited in the state treasury to the credit of the GRF and the Victims of Crime/Reparations Fund (Fund 4020), and counties, municipalities, and townships involved in the enforcement and processing of violations may collect additional court costs and fines. The magnitude of the potential revenue gains for the state or any affected political subdivisions is uncertain. If most of the violations are in fact citation-based minor misdemeanors, then, to the degree that the number of violations creates tangible enforcement costs for county, municipal, and township law enforcement agencies and case processing costs for county and municipal criminal justice systems, those operating expenses appear unlikely to exceed minimal annually.

Executive

As Passed by the House

28	DPS - 21	Vehicle Headlights	No provision.	R.C. 4513.03	Requires the headlights of a vehicle to be lighted when its windshield wipers are in use.	Fiscal effect: Minimal cost depending on how many people actually get pulled over for not having their lights on when their windshield wipers are on. Unlikely that there would need to be additional police cars or State Highway Patrol cars just to look for violations. Potential increase in revenue depending on the number of tickets issued for violations.
29	DPS - 27	Transfer of Excess Money from Certain Funds to the State Highway Safety Fund	R.C. 4513.263, 5502.03, 5502.131, 5502.39, and 5502.67	R.C. 4513.263, 5502.03, 5502.131, 5502.39, and 5502.67	Same as the Executive.	
			Permits the Director of Budget and Management to transfer excess money from the Homeland Security Fund (Fund 5DS0), Investigations Fund (Fund 5FL0), Trauma and Emergency Medical Services Fund (83M0), Emergency Management Agency Service and Reimbursement Fund (Fund 4V30), or Justice Program Services Fund (Fund 4P60) to the State Highway Safety Fund (Fund 7036), if the Director of Public Safety determines that the amount of money in any of these funds exceeds the amount required to cover the costs payable from the fund.

(1) No provision.

(1) Requires all all-purpose vehicles to be registered, except those that are used primarily on a farm as a farm implement.

(2) No provision.

(2) Increases the three-year snowmobile, off-highway motorcycle, and all-purpose vehicle registration fee from \$5 to \$31.25.

(3) No provision.

(3) Increase the length of time a temporary operating permit for these vehicles is valid from 15 days to one year, and increases the cost of such a temporary permit from \$5 to \$11.25.

Fiscal effect: The additional workload and related operating expenses that this provision will create for the state, as well as the amount of revenue that may be generated for the state, is uncertain.

31 DPS - 25 Homeland Security Fund

R.C. 5502.03

Creates in the state treasury the Homeland Security Fund (Fund 5DS0), consisting of \$1.25 of each of the driver, vehicle, and certificate of title abstract fee increases contained in the bill, restricts use of the fund's money for the purpose of paying the expenses of administering the law relative to the powers and duties of the Executive Director of the Division of Homeland Security, and permits the Director of Budget and Management to transfer excess money from the fund to the State Highway Safety Fund (Fund 7036), if the Director of Public Safety determines that the amount of money in the fund exceeds the amount required to cover such costs incurred by the Division of Homeland Security and requests the Director of Budget and Management to make the transfer.

Fiscal effect: Annual revenue generated for deposit in Fund 5DS0 estimated at \$5.4 million.

66 DOT - 8 Tolling Authority

R.C. 5531.11 - 5531.18, 5531.99

Allows DOT to construct and operate tolled new capacity projects and requires the Director of DOT to adopt a plan for tolls in rule. Allows the Director to adjust proposed plans, schedules, or systems to implement a toll or other charge without further public notice and opportunity for public comment. Requires the Director to establish a procedure for a transportation innovation authority (TIA) to request that DOT construct and operate a tolled project and grants other authority necessary for the operation of tolled projects.

Creates the Ohio Toll Fund to receive toll revenues and allows toll revenue to be pledged for the repayment of bonds and the cost of maintaining, improving, repairing, constructing, and operating the tolled project as well as the Ohio transportation system.

Requires the State Highway Patrol to police tolled projects and enforce the traffic control rules DOT develops that are punishable as criminal offenses.

Provides that all public or private property damaged or destroyed in connection with DOT tolled projects must be repaired and placed in its original condition, or adequate compensation or consideration be paid from tolled project money.

R.C. 5531.11 - 5531.18, 5531.99

Same as the Executive, but specifies that adjustments to a plan, schedule or system of tolls cannot be made without public notice and comment, but must be made in accordance with the Administrative Procedure Act, Chapter 119. of the Revised Code.

Same as the Executive, but specifies that money generated by toll projects must be used for tolled projects and other highway projects within one mile of a tolled project.

Same as the Executive.

Provides that if property is damaged, an action for damages against the state must be filed in the Court of Claims, rather than the property be repaired or restored or consideration paid from tolled project money.

67 DOT - 7 New Generation State Infrastructure Bank

R.C. 5531.09

Creates the New Generation Infrastructure Bank Fund within the State Infrastructure Bank, consisting of assistance received by the state as may be provided by law, to provide financial assistance to transportation innovation authorities (TIAs), a new form of special district proposed in the bill.

Removes authority to use the Highway and Transit Infrastructure Bank Fund, the Aviation Infrastructure Bank Fund, and the Rail Infrastructure Bank Fund (all within the State Infrastructure Bank) to pay debt service on obligations whose proceeds have been deposited into the Infrastructure Bank Obligations Fund (federal GARVEE bonds).

Fiscal effect: Creates a new form of project financing intended to contribute to the multi-modal transportation capabilities, including roads, bridges, transit, freight, and passenger rail. Project financing methods may involve loans or bonds. New Generation Infrastructure Bank Funds will come from a variety of sources, such as state motor fuel taxes for highway projects and non-gas tax revenues for public transit and rail portion projects. Tolling may also be used to support bonds issued for such projects. Funds not used in FY 2010 may be carried forward into FY 2011 under temporary law provided in the bill.

R.C. 5531.09

Same as the Executive, but recognizes that the New Generation State Infrastructure Bank Fund may consist of more than one fund.

Fiscal effect: Same as the Executive.

68 DOT - 9 Transportation Innovation Authorities (TIAs)

R.C. 5539.01 - 5539.11

Subject to the approval of the Director of DOT, authorizes the creation of a transportation innovation authority (TIA) by specified governmental agencies for the purpose of encouraging the investment of public and private resources in the planning and implementation of innovative transportation projects to enhance the efficiency of the state's transportation system.

Sets forth the minimum requirements of an agreement among governmental agencies forming a TIA.

Establishes the powers of a TIA, which include the authority to acquire and dispose of property, but not the authority to appropriate property, the authority to issue bonds but not the authority to levy taxes, and the authority to develop toll projects under the proposed toll authority being given to DOT.

Requires an authority to submit an annual audited financial report to the Director of DOT, which must also contain two-year budget projections of the operating expenses for the authority and specific transportation project funding.

No provision.

R.C. 5539.01 - 5539.11

Same as the Executive, but establishes TIAs as a pilot project and limits the Director of Transportation to the approval of no more than four TIAs.

Same as the Executive, but requires an agreement to specify how the TIA may expand membership and how a member may end its membership.

Same as the Executive, but requires toll revenues generated by an authority to be used for transportation projects within the geographical jurisdiction of the authority.

Same as the Executive, but requires an authority to submit its annual audited financial report to the General Assembly, in addition to the Director of DOT.

Requires a TIA, upon creation, to (1) develop a proposed land use plan for the area within the authority that includes recommended changes to current land use and zoning policies and other measures that promote land use consistent with the authority's proposed transportation projects, and (2) to submit the plan to each governmental agency and DOT documenting the changes that the

Fiscal effect: Creates a new transportation funding mechanism, or Transportation Innovation Area (TIA), which can be formed by local governments and other organizations to construct multimodal projects. Gives TIAs the authority to issue bonds and toll, potentially allow certain projects to be funded that otherwise would not have been. Prohibits state dollars from being used to support the operating costs of TIAs.

governmental agency must make to that agency's current land use and zoning policies and requires the governmental agency to express its intent to take action to change its land use policies and regulations.

69 DOT - 10 Motor Fuel Evaporation Tax Credit

R.C. 5703.053, 5703.70, 5735.06, 5735.141 (repealed), 5735.145, 5735.16, 5735.23, Section 503.10

Eliminates the motor fuel shrinkage allowance for distributors and retail dealers of motor fuel.

Specifies that, beginning July 1, 2009 and on the first day of every month thereafter and before making certain statutory distributions of the motor fuel tax, the Treasurer of State is to deposit the first 3% of motor fuel tax receipts received for the preceding month to the credit of the Highway Operating Fund (Fund 7002).

Specifies that, of the amounts transferred, \$54 million annually must be used to offset the cost of requirements that direct DOT to use proceeds in the Highway Operating Fund (Fund 7002) for the following purposes:

R.C. 5736.06, 5735.141, Sections 503.10, 812.30

Provides an allowance of 0.5% for distributors of motor fuel and 0.15% for retailers for fuel lost through evaporation or other unaccounted causes (current law provides for an allowance of 1.0% for distributors and 0.5% for retailers).

Same as the Executive, but reduces to 2.5% the percentage of motor fuel tax receipts deposited into Fund 7002 before any other allocations are paid.

Same as the Executive, but reduces the amount required to be used to offset the costs of the funding requirements each year from \$54 million to \$43.5 million. Reduces the funding requirement for non-highway modes of

Executive

(1) At least \$24,350,000 in FY 2010 and at least \$14,350,000 in FY 2011 to support public transit, rail, maritime, and aviation, or any planning and design activity related to those modes in Ohio; and
 (2) Up to \$19,650,000 in each fiscal year for transportation purposes.

In addition, up to \$10 million in FY 2010 and up to \$20 million in FY 2011 must be used to offset the amounts transferred by the Treasurer of State to pay for the debt service of state highway capital improvement bonds.

No provision.

As Passed by the House

transportation to \$14.5 million in FY 2010 and to \$4.5 million in FY 2011. Reduces the funding requirement for transportation purposes to \$19 million in each fiscal year.

Same as the Executive.

Makes the changes to the motor fuel tax evaporation allowance under R.C. 5735.06 and 5735.141 effective July 1, 2009.

Eliminates the requirement that both the report be timely filed and the tax be timely paid for motor fuel distributors and retail dealers to claim an allowance for fuel lost through evaporation or other unaccounted for loss, so long as at least one is done in a timely manner.

Executive

As Passed by the House

Fiscal effect: Gain in motor fuel tax revenue (MFT) receipts to Fund 7002 from the elimination of the motor fuel evaporation allowance for distributors (3% allowance currently) and retail dealers (1% allowance currently). This would not have any fiscal effect, however, on distributions to the Waterways Safety Fund, the Wildlife Boater-Angler Fund, and municipalities, counties, and townships.

Fiscal effect: Same as the Executive, but reduces the gain in revenue to Fund 7002 by \$10.5 million each fiscal year.

Revenue retained from eliminating the credit will be used to offset the cost of the \$54 million in earmarked funding noted above. DOT would use flexible federal dollars to fulfill those funding requirements. The moneys generated by the elimination of the credit will be available to backfill the federal dollars directed toward non-highway modes.

The portion allocated to debt service makes DOT whole for the additional debt service costs created by authorizing an additional \$200 million of state highway bonds over DOT's original bonding plan. The extra bonding offsets the transfer of \$200 million over the biennium to the Local Transportation Improvement Program Fund (Fund 7052).

70 DOT - 45 Public Access Roads for DNR Facilities

No provision.

Section: 203.11

Earmarks \$5 million in each fiscal year from Highway Operating Fund appropriation item 772421, Highway Construction - State, for the construction, reconstruction, or maintenance of public access roads, including support features, to and within state facilities owned or operated by the Department of Natural Resources.

97 OTC - 1 Bidding for Turnpike Contracts

R.C. 5537.07

Requires bid guaranty and surety bonds for Ohio Turnpike Commission bids and contract awards that are over \$150,000 and for any service facility contract, rather than for all bids and contracts over \$50,000.

Fiscal effect: Potential decrease in commodity costs for the Ohio Turnpike Commission if the increased threshold for bid guaranty and surety bonds enables additional contractors to bid on smaller projects and the additional bids result in lower contract costs.

R.C. 5537.99

Establishes that violations of vehicle weight limits on the Turnpike are subject to the same fines as such violations occurring on other roads (dependent generally on the amount by which the overweight vehicle exceeds the established weight limits), rather than being a minor misdemeanor on a first offense and fourth degree misdemeanor on subsequent offenses.

Fiscal effect: Potential increase or decrease in the fine revenues distributed, depending on the weight violation. A portion of the revenue from vehicle weight fines is distributed to the GRF after specific amounts are credited to the Security, Investigations, and Policing Fund (Fund 8400) to support certain State Highway Patrol activities. A small portion is credited to the Trauma and Emergency Medical Services Grants Fund (Fund 83P0) and the remainder is distributed to the court that imposes the fine.
