### **Am. H.B. 72**

125th General Assembly  
(S. Judiciary Civil Justice)

The Committee removed from the House-passed version of the bill a prohibition against a principal, who creates a valid durable health care power of attorney, revoking that instrument or the designation of the attorney in fact under that instrument if the principal has lost the capacity to make informed health care decisions for the principal.

The Committee also amended the bill to make permissive the designation of a proxy when a person uses a printed form of a declaration for mental health treatment.
