125th General Assembly  
(S. Agriculture)

Excludes from an agricultural security area land that is located in a municipal corporation and land that is located in territory that is proposed to be annexed to a municipal corporation by a pending proceeding before the board of county commissioners or in any court of competent jurisdiction.

Specifies that land that is enrolled in an agricultural security area must be located in the unincorporated area of a township or county.

Authorizes boards of township trustees and boards of county commissioners to establish fees to be paid at the time that an application for enrollment in an agricultural security area is submitted for the purpose of paying certain costs that are incurred in the proceedings conducted under the bill, and requires the clerk of a board to return to an applicant any unused portion of the fees after the conclusion of the proceedings.

Adds to the list of people who must be notified of meetings held by boards of township trustees and boards of county commissioners on the establishment of agricultural security areas the legislative authority of each municipal corporation that is located within one-half mile of the boundaries of the proposed area if the municipal corporation has requested notice of such a meeting.

Removes the requirements that copies of resolutions that boards of township trustees and boards of county commissioners adopt approving the creation of agricultural security areas and approving the operation of businesses in agricultural security areas be sent by certified mail.
