Synopsis of Senate Committee Amendments*

Laurel Mannion

Sub. H.B. 121

129th General Assembly
(S. State & Local Gov't. & Veterans' Affairs)

Removes the Ohio naval militia from the definition of uniformed services.

With respect to a person who has been ordered to active military service and who is the subject of a child custody order, or in relation to whom a custody proceeding is pending, requires the person to notify the child support enforcement agency of the date of termination of the active military service in addition to notifying the court and the other parent.

Specifies that no hearing is required with respect to a temporary parenting time order when the person who is called for active military service and the other parent agree to the terms of the requested temporary order and the court determines that the order is in the child's best interest.

Clarifies that the bill's provisions requiring a court to permit a parent who is called to active military service to participate in custody or visitation proceedings and present evidence by electronic means apply only to the extent permitted by the rules of the Supreme Court of Ohio.

Adds a provision urging the Supreme Court of Ohio to adopt changes to its rules necessary to implement the bill's provisions.

Declares an emergency.
