## Synopsis of Senate Committee Amendments\*

Nick Thomas

### **Sub. H.B. 417**

129th General Assembly  
(S. Insurance, Commerce and Labor)

Requires health care entities, when providing the notification required under the bill, to provide contact information that enables the patient to obtain information on the patient's medical records, as opposed to information on the location of the patient's medical records.

Requires the State Medical Board to revise pertinent rules in accordance with the bill, as opposed to requiring the Board to revise the rules to require health care entities to provide the notice under the bill.
