Sub. H.B. 514

129th General Assembly
(S. Highways and Transportation)

Requires the amount of an ODOT construction contract performance bond and payment bond to be equal to 100% of the contract amount rather than 100% of the estimated cost of the work as in existing law.

Eliminates the requirement that a motorist slow down or move over upon approaching a moving highway maintenance vehicle that is displaying the appropriate visual signals, but retains that requirement with regard to approaching a stationary highway maintenance vehicle.
