## Synopsis of House Committee Amendments\*

Bob Bennett

### **Sub. S.B. 264**

129th General Assembly  
(H. Finance and Appropriations)

Restructures the wording of the 17th accountability measure, which regards nursing facilities' policies for overhead paging systems, in a manner that makes its structure similar to the structure of the 20th accountability measure, which regards consistent assignment of nurse aides, and provides for the overhead paging system policies to be shared with the families of residents in addition to staff and residents.

States the intent of the General Assembly periodically to amend the law governing quality incentive payments in a manner that increasingly provides for the payments to (1) serve as opportunities for nursing facilities to earn portions of their total Medicaid rates by satisfying accountability measures and (2) help differentiate among nursing facilities regarding quality.
