Removes the Department of Aging as the Council's fiscal agent. Instead, requires the Council to enter into a written agreement with another state agency to serve as the fiscal agent. Eliminates the prohibition that the Council's fiscal agent approves any payroll or other personnel related documents, or any biennial budget, grant, expenditure, audit, or other fiscal-related document. Specifies that the agreement must specify all fiscal matters and financial transactions for which the fiscal agent will be responsible. Requires the Council to work with and consult with the fiscal agent with regard to the Council's fiscal matter and to follow all state fiscal, human resources, statutory, and administrative rule requirements.	Same as the Executive. 2	AGE - 2	Civil Penalties Against Long-Term Care Providers	
R.C.	173.28	R.C. 173.28	R.C. 173.28
Permits the Director of Aging to impose civil fines for violating prohibitions against (1) subjecting a long-term care facility resident or community long-term care services recipient to retaliation for filing a complaint or (2) denying the Long-Term Care Ombudsperson access to a long-term care facility or community-based long-term care site to investigate a complaint.		Same as the Executive.	Same as the Executive.
Provides that the imposition of civil fines may be in lieu of the existing criminal fines for violating the prohibitions, and requires the Attorney General to collect unpaid civil fines.		Same as the Executive.	Same as the Executive.
Fiscal effect: There could be a decrease in local prosecutorial costs if the Department of Aging fines a long-term care provider for violations rather than seeks action through the criminal courts. As a result, local courts would lose the fine revenues associated with these cases. Instead, these fines would be deposited into the Regional Long-Term Care Ombudsman Program Fund (Fund 4C40), used by the Department. The amount deposited would depend on the number of violations. The Attorney General's Office may realize an increase in costs if the Office is required to prosecute cases to collect any unpaid fines.		Fiscal effect: Same as the Executive. No provision.		No provision.	R.C. 173.402 Establishes requirements regarding kosher home-delivered meals provided under the PASSPORT Program and requires that the reimbursement rate for kosher home-delivered meals equal the reimbursement rate for home-delivered therapeutic meals. Fiscal effect: Therapeutic home-delivered meals are reimbursed at a higher rate than other home-delivered meals. Thus, if certain areas are not currently offering kosher home-delivered meals it is possible that meal reimbursements could increase. The increase would depend on the number of kosher meals requested.		
6	AGE - 33	Statewide Expansion of Choices Program			
No provision.		R.C. 173.402 Requires that the Choices Program be available statewide, subject to federal approval. Fiscal effect: The Choices Program is funded with moneys appropriated to PASSPORT and the program is only open to individuals currently on PASSPORT. Choices consumers typically have higher average per member per month costs than PASSPORT consumers. Thus, there could be an increase in expenditures for those consumers who decide to enroll in Choices.	R.C. 173.403 Same as the House, but codifies the provision in a different Revised Code section. Long-Term Care Consultations

R.C. 173.42

Requires the Long-Term Care Consultation Program to be administered in a manner that includes (1) coordination and collaboration regarding funding, (2) assessments of service needs, (3) assessments of on-going eligibility for services, (4) assistance in accessing and coordinating services, (5) procedures for monitoring the provision of health and long-term care services and supports, including the quality and cultural competence of the services and supports, and (6) priorities for using resources efficiently and effectively.

Requires that a consultation be provided to (1) each nursing facility resident, in place of the current requirement that is based on a resident's potential eligibility for Medicaid and (2) each individual identified as being likely to benefit from a consultation and, for this purpose, grants the Department of Aging or a program administrator access to nursing facility resident assessment data.

Eliminates the requirement to provide a written summary of each consultation.

Permits the Director of Aging to fine a nursing facility for denying access to the facility or a resident as needed to perform a consultation or implement the program and requires the Director to give notice and an opportunity for a hearing before imposing any fine.

R.C. 173.42, 173.421 - 173.425

Same as the Executive, but requires the program to be administered in a manner that includes procedures for monitoring the quality of long-term care services and supports and the health and welfare of individuals receiving the services and supports (rather than procedures for monitoring the provision of health and long-term care services and supports). Requires that the procedures include procedures for assessing the extent to which long-term care services and supports are provided in a culturally competent manner (rather than procedures for monitoring the quality and cultural competence of the services and supports).

Same as the Executive, but permits rather than requires that a consultation be provided to each nursing facility resident.

R.C. 173.42, 173.421 - 173.425

Same as the House, but (1) does not require the program to include procedures for monitoring the quality of services and supports, including assessment of whether the services and supports were provided in a culturally competent manner, and (2) includes Medicaid waiver components administered by the Department of Aging within a provision requiring the program to include procedures for assisting individuals in obtaining access to, and coordination of, health and supportive services.

No provision.	Requires the Department to prepare an annual report regarding individuals who are the subjects of consultations and elect to receive certain Medicaid-covered home and community-based services.	Same as the House.

Fiscal effect: These provisions could increase the number of long-term care consultations performed and thus increase costs for the Department of Aging. However, if more consultations are performed then it is possible that services may be more efficiently allocated, which could ultimately save costs for the Department. The Department may realize an increase in fine revenue for denying access to the facility or to a resident as needed to perform consultations. Minimal administrative savings could occur for entities conducting the consultations due to the elimination of the requirement to provide a written summary of each consultation performed.

Fiscal effect: Same as the Executive, but since the consultations for nursing facilities are permissive, the Department will perform them as appropriations allow. Costs could increase for provisions requiring the Department to assist individuals in accessing all appropriate sources of care and services and monitoring individuals who have received a consultation and received certain Medicaid services. Minimal increases in administrative costs could occur as a result of the provision requiring the Department to prepare an annual report regarding individuals who are subjects of consultations and elect to receive certain Medicaid services.
