
OHIO BOARD OF NURSING

- Removes the requirement that the Board of Nursing collect a \$5 fee for written verification of licensure or certification.
- Modifies the structure of the course in advanced pharmacology and related topics that a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner must complete to obtain a certificate to prescribe.

Fees

(R.C. 4723.08 and 4723.88)

The act removes the requirement that the Board of Nursing collect a \$5 fee for written verification of licensure or certification.

Pharmacology course of study for nurses

(R.C. 4723.06, 4723.482, and 4723.50)

The act modifies the structure of the course of study in advanced pharmacology and related topics that a clinical nurse specialist, certified nurse-midwife, or certified nurse practitioner must complete to obtain a certificate to prescribe. The act removes the requirement that the course of study consist of planned classroom and clinical instruction. Under law unchanged by the act, the course of study must consist of at least 45 contact hours and be approved by the Board.
