DASCD25 Debarred vendor participation in state contracts

R.C. 9.242, 125.25, 153.02, 5513.06, and 5525.03

Provides for a general prohibition against vendor participation in any state contract for the duration of the debarment. Defines "participate," for purposes of the general provision, to mean to respond to solicitation or procurement issued by a state agency, be the recipient of an award of a state contract, or to provide any goods or services to any state agency. Defines "state contract" as any contract for goods, services, or construction that is paid for in whole or in part with state funds.

Requires state agencies to exclude vendors debarred under specified sections, or any other section of law, from participating in state contracts. Specifies, in certain sections, that eligibility for participation in state contracts is restored only when the vendor is not otherwise debarred.

Fiscal effect: Assuming that a vendor has been debarred due to some negative performance under a state contract, it is likely that a prohibition against contracting with a debarred vendor would result in lower overall procurement costs.

DASCD31 Computation of amortization from equipment and systems from IT service delivery and major IT purchases

R.C. 125.18

Adds the following to the list of operating appropriation items for which the Information Technology Chief Information Officer must compute the amount of revenue attributable to amortization: (1) MARCS administration, including the user fees charged by DAS and deposited into the MARCS Administration Fund, (2) enterprise applications, including the rates charged by DAS to benefiting agencies for the operation and management of information technology applications and deposited into the Enterprise Applications Fund, and (3) Professions Licensing System, including the rates charged by DAS for the cost of ongoing maintenance of the Professions Licensing System and deposited into the Professions Licensing System Fund.

Fiscal effect: The proceeds from these calculated amortization amounts would be deposited into the Major Information Technology Purchases Fund (Fund 4N60) currently used to make infrequent and large-scale IT purchases for state agencies. PENCD2 Death Benefit Fund recipients in state health benefit plan

R.C. 124.824, 124.82, 361.10
 Requires a Death Benefit Fund recipient to notify the Ohio Police and Fire Pension Fund Board of Trustees ("the Board"), rather than the Department of Administrative Services (DAS), of the election to participate in a health benefit offered to state employees.

Requires the Board to withhold the premium or cost of a benefit that would be paid by a state employee from the recipient's death benefit payments instead of the recipient paying that amount directly to DAS. Requires the Board, rather than DAS as under current law, to pay the premium or cost that would be paid by a state employer for those benefits. Requires the Board to pay DAS the total costs of the benefit, including any administrative costs up to 2% of the total cost of benefits. Prohibits the Board from withholding from or charging to a recipient the amount of the administrative costs.

Specifies that receiving a health benefit does not make the recipient a state employee, and that a recipient who is a state employee is not eligible for a health benefit through the Fund.

Specifically includes vision benefits in the types of benefits that DAS contracts for or otherwise provides to state employees.
