## Overview

### Agency overview

The Adjutant General serves as the military chief of staff to the commander in chief (Governor) and as the administrative head of the organized militia. The latter consists of the Ohio Army National Guard, the Ohio Air National Guard, the Ohio Military Reserve, the Ohio Naval Militia, and the Ohio Cyber Reserve.

The Adjutant General's Department duties and responsibilities are as follows:

- Providing trained and equipped reserve forces (National Guard) for joint military operations with the active military force (U.S. Army and Air Force);
- Participating in planning and coordinating with state officials for civil defense and disaster preparedness;
- Mobilizing to assist state and local responders during periods of disaster, disturbance, or other emergency situations; and
- Mobilizing as a member of the Emergency Management Assistance Compact (EMAC), a national interstate mutual aid agreement that enables states to share resources during times of disaster.

The federal government and the state fund the Ohio Army and Air National Guard jointly. The majority of the federal funding is disbursed directly by the U.S. Department of Defense and not subject to the General Assembly's appropriation process. The portion of the funding that is subject to the General Assembly's appropriation process is the focus of this Greenbook.

# Analysis of FY 2022-FY 2023 budget

## Introduction

This section provides an analysis of the funding for each appropriation line item (ALI) in the Adjutant General's budget. These line items are grouped into four categories based on their funding purposes. The analysis for a line item with a lower category or subcategory designation will appear before that for a line item with a higher category or subcategory designation. That is, the analysis for a line item with a category designation of C1:8 will appear before the analysis for a line item with a category designation of C2:1 and the analysis for a line item with a category designation of C1:3 will appear before the analysis for a line item with a category designation of C1:8.

To aid the reader in locating each line item in the analysis, the following table shows the category in which each line item has been placed, listing the line items in order within their respective fund groups and funds. This is the same order the line items appear in the Adjutant General's section of the budget bill.

In the analysis, each line item's expenditures for FY 2021 and appropriations for FY 2022 and FY 2023 are listed in a table. Following the table, a narrative describes the appropriation's revenue source and purpose.
