Architects Board

Quick look...

- The Ohio Architects Board and Ohio Landscape Architects Board are responsible for the regulation of the practices of architecture and landscape architecture in the state of Ohio.
- The boards operate under a combined budget, and are supported entirely by fees paid by licensees. The Board receives no GRF funding.
- Together the two boards license around 6,500 architects, 1,650 architecture firms, 650 landscape architects, and 170 landscape architecture firms.
- Each board is governed by five members appointed by the Governor.

Analysis of FY 2022-FY 2023 budget

The Ohio Architects Board and the Ohio Landscape Architects Board are two boards that operate under a combined budget and share staff and facilities. Each board consists of five members appointed by the Governor. For the Architects Board, all five members must be architects who have been in active practice in Ohio for at least ten years. For the Landscape Architects Board, three members must be landscape architects registered with the state for at least five years, one must be a licensed design professional, and one must represent the public.

A staff of four employees, led by an executive director, handles day-to-day operations for both boards. The boards receive no GRF funding; their operating expenses are funded entirely by architecture licensing fees credited to the Occupational Licensing Fund (Fund 4K90).
