Introduction

The Comparison Document provides brief descriptions and fiscal estimates of the provisions that make up the executive recommended version and subsequent versions of the biennial main operating budget bill of the 135th General Assembly, House Bill 33. The document is arranged in alphabetical order by state agency. It also includes three nonagency items for which appropriations are made: Employee Benefits Fund (PAY), Pension Subsidies (PEN), and Revenue Distribution Funds (RDF) as well as a section for Local Government Provisions (LOC). A Table of Contents follows this Introduction. Three indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency; the third index lists items affected by the Governor's vetoes by agency.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The sections for the Department of Education and Workforce, the Department of Taxation, and the Department of Medicaid are first arranged by general topic area. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies. However, the other agencies are listed in the cross-reference index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page numbers for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-reference index in addition to the agency's section.

Each item is assigned a unique identification number. This number begins with the three-letter agency code used in the state's accounting system followed by a comparison document reference ("CD") and a number (TAXCD15, for example). A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

Items affected by the Governor's vetoes and the General Assembly's veto override are noted in the item's subject line. Within the item description, affected components are contained within the bracketed text. However, fiscal entries for the vetoed or partially vetoed items do not reflect the effects of the vetoes. The Comparison Document does not include appropriation amounts for the agencies. Please see the Appropriation Spreadsheet for that information. For a complete discussion of the statutory changes in the bill, please see the Bill Analysis for H.B. 33.

Executive	As Passed By House	As Passed By Senate	As Enacted
	Fiscal effect: DAS and counties will incur costs to implement Next Generation 9-1-1 services. For DAS, the Department estimates costs totaling approximately \$10.3 million per year over a ten year period. Counties may incur costs of several hundreds of thousands to implement their part of the NG 9-1-1 system. These costs could be at least partially offset by the NG 9-1-1 access fees under the bill. Wireless 9-1-1 fees of 25¢ per month under current law generate an average of approximately \$25.0 million per year. Replacing this fee with a 64¢ per month fee coupled with a likely expansion of the fee base creates the potential for tens of millions of dollars in additional revenue.		Fiscal effect: Same as the House. Despite the Conference Committee's changes to the NG 9-1-1 access fee from the House Passed version (40¢ for a period of 20 months, after which the fee reverts to 25¢), the smaller amount coupled with the applicability of the fee to VOIP and certain multiline telephone systems will likely still result in tens of millions of dollars in additional revenue. Additionally, the Auditor of State will incur new costs to conduct the audit of NG 9-1-1 fee rates and make the required report to the General Assembly.

No provision.	No provision.	Removes the current law standard of "a consistent or prolonged period of noncompliance" for determining whether penalties apply for noncompliance with student transportation requirements and, instead, defines "out of compliance" as a period of time of five consecutive school days or more than 10 school days within a school year in which any of the following occur for each of those days: (a) students arrive more than 30 minutes late to school, (b) students are picked up more than 30 minutes after the end of the school day, (c) students do not receive any transportation at all due to the failure of the bus to arrive, and (d) noncompliance with any other student transportation requirements under continuing law. Exempts days in which inclement weather caused any of the above to occur from counting towards the period of noncompliance. Specifically prohibits bus operators from delivering students to school late.	Same as the Senate.

Executive	As Passed By House	As Passed By Senate	As Enacted
No provision.	Limits a district's penalty for noncompliance with its student transportation responsibilities to the daily amount of its state transportation payment for the number of students who did not receive the required transportation for each day that the district is not in compliance, instead of the total daily amount of that payment for each day not in compliance (under continuing law, the amount of the penalty is deducted from a district's state transportation payment).	Replaces the House provision with provisions that require DEW to (1) withhold (instead of deduct) transportation payments from a district that is found to be out of compliance for each day the district is determined to be out of compliance, (2) calculate, for each day the district is found to be out of compliance, the daily amount of the district's transportation payment on a per-pupil basis, and, (3) using the district's withheld transportation funds, disburse the per-pupil amount to the district in which the student is enrolled, which must then remit those funds to the parent or guardian of the student who did not receive proper transportation while the district was out of compliance.	Replaces the Senate provisions with provisions that require DEW to (1) notify a district if it is found to be out of compliance with its student transportation responsibilities and requires the district to create a creative action plan to be submitted to DEW within one week of its first notification of noncompliance, (2) withhold 25% of a district's daily state transportation payment amount for each day a district is determined to be out of compliance for the next three subsequent determinations of noncompliance in the same school year, (3) on the fifth determination of noncompliance in the same school year, withhold 100% of a district's daily state transportation payment amount for each day a district is determined to be out of compliance, and (4) resets the noncompliance count to zero at the beginning of the school year.
No provision.	No provision.	Requires DEW to resolve any disputes over determinations regarding transportation noncompliance received after December 1, 2023, within 30 days of receiving notice of the dispute, or within 45 days if DEW notifies all affected parties in advance that the determination will be delayed. No provision.	Eliminates student retention under the law known as the third grade reading guarantee beginning with the 2023-2024 school year (current law requires public schools and chartered nonpublic schools accepting EdChoice or Cleveland scholarships to provide additional supports in reading for a student in grades K-3 determined to be reading below grade level to help the student meet the promotion score by the end of the third grade. In general, under current law, students who do not meet the promotion score are retained in the third grade and receive intensive reading intervention services). Requires districts and schools to continue offering intervention and remediation services to students reading below grade level.	No provision.	Replaces the House provisions with provisions that (1) permit a student to be promoted to fourth grade if the student's parent or guardian, in consultation with the student's reading teacher and building principal, requests that the student be promoted regardless of whether the student is reading at grade level, and (2) require the student to continue receiving reading intervention services until the student reads at grade level.

No provision.	Requires school districts and chartered nonpublic schools accepting EdChoice or Cleveland scholarships to provide reading intervention services to students in grades 4 or 5 reading below grade level or students who have been retained in any of grades K-3 and have received remediation in reading for two school years but continue to read below grade level. Requires school districts to notify parents or guardians of students receiving such services.	No provision.	Replaces the House provisions with provisions that (1) require districts and chartered nonpublic schools to provide reading intervention services to students reading below grade level until the student reaches the required level of skill in reading for the student's current grade level; (2) require the intervention services to (a) include high-dosage tutoring opportunities meeting certain requirements and (b) be aligned to the science of reading; and (3) districts to send, in the written notification to the parents or guardians of a student reading below the required level of skill on the third grade reading assessment, a statement that details the connection between reading proficiency and long-term outcomes of success.
No provision. No provision.	Same as the House, but (1) requires the promotion of a student that was retained for the 2023-2024 school year based on the student's level of achievement on the third grade reading assessment in the 2022-2023 school year unless the student's parent or guardian requests that the student continue to be retained for that school year, and (2) requires that intensive reading instruction be provided to a student promoted under this provision until the student reaches the required level of skill in reading for the student's current grade level.

	Fiscal effect: Expenditures under this assistance program will most likely depend on how much OFCC sets aside for ENP each year. Continuing law permits OFCC to set aside up to 25% of school facility funds for ENP. From FY 2018 through FY 2022, OFCC disbursed an average of 5.6% (\$16.6 million) of school facility funds each year for ENP assistance. At least 10% of \$16.6 million would amount to approximately \$1.7 million in each year that OFCC would need to spend under the assistance program.

Fiscal effect: The number of school districts served under the program will depend on the number of them that qualify and the appropriations made available to OFCC to use for the program. Section: 287.50 Requires OFCC to amend the project agreement between OFCC and a school district that is participating in the Accelerated Urban Initiative (AUI) if OFCC determines it is necessary to do so in order to comply with the change in maintenance levy requirements enacted by H.B. 1 of the 128th G.A.	Section: 287.50 Same as the Executive.	Section: 287.50 Same as the Executive.	Section: 287.50 Same as the Executive.
Fiscal effect: H.B. 1 of the 128th General Assembly changed the maintenance levy requirements for the six AUI districts (Akron, Cincinnati, Cleveland, Columbus, Dayton, and Toledo) to run for 23 years from the date the initial segment is undertaken, instead of extending for 23 years after the district's last segment was undertaken (the six AUI projects are broken into individual segments). For the districts that have not changed their agreements yet, the H.B. 1 change would reduce the number of years for which the districts would have to levy the required 1/2 mill property tax for maintenance. Currently, projects for Cleveland and Columbus are incomplete. R.C. 3333.048	R.C. 3333.048	R.C. 3333.048	R.C. 3333.048
Requires metrics and educator preparation programs to ensure that all educators complete coursework in evidence-based strategies for effective literacy instruction.	Replaces the Executive provision with one that requires the Chancellor, in consultation with the Superintendent of Public Instruction, to establish metrics to ensure that each educator training program includes evidence-based strategies for effective literacy instruction aligned to the science of reading, including phonics, phonemic awareness, fluency, comprehension, and vocabulary development, and is part of a structured literacy program.	Same as the House.	Same as the House.
No provision.	Requires the Chancellor to (1) develop an audit process that clearly documents the degree to which each institution of higher education that offers educator training programs is in alignment with the literacy requirements described above and (2) annually create a summary of literacy instruction strategies and practices in place for all educator preparation programs based on the program audits.	Same as the House.	Same as the House.
No provision.	Requires the Chancellor to revoke approval for programs that are found to be not in alignment and do not address the findings of the audit within one year. Requires all programs to be reviewed every four years after the first audit to ensure continued alignment.	Same as the House.	Same as the House.

Executive	As Passed By House	As Passed By Senate	As Enacted
No provision.	Requires the Chancellor, in conjunction with ODE, to do all of the following: (1) complete and publicly release summaries of these audits by March 31 annually; (2) identify approved vendors who can provide professional development experiences that are consistent with the science of reading to educators who are responsible for teaching reading, including faculty in educator preparation programs; and (3) develop a public dashboard that reports the first-time passage rates of students, by institution, on the Foundations of Reading Licensure test.	Same as the House.	Same as the House.
Fiscal effect: Under continuing law, ODHE and ODE are required to establish metrics and educator preparation programs, and align them with any new requirements, to prepare educators and other school personnel and the higher education institutions that are engaged in their preparation. The bill provides funding for literacy professional development and training for educators in two ALIs. It appropriates \$115.8 million in FY 2024 and \$58.3 million in FY 2025 from GRF ALI 200566, Literacy Improvement (see EDUCD13) and \$1.0 in each fiscal year from GRF ALI 235427, Adult Literacy Initiatives (see BORCD67).	Fiscal effect: Same as the Executive, but appears to increase the administrative responsibilities of ODHE. The bill provides \$75,000 in each fiscal year from GRF ALI 235585, Educator Preparation Programs, for ODHE administrative requirements under this section (see BORCD107). It also reduces appropriations from ALI 200566 to \$74.4 million in FY 2024 and \$36.8 million in FY 2025 (see EDUCD13).	Fiscal effect: Same as the House, but eliminates GRF ALI 235585, Educator Preparation Programs (see BORCD107). The bill appropriates \$1.5 million in each fiscal year from GRF ALI 200566, Literacy Improvement, and \$114.3 million in FY 2024 and \$56.8 million in FY 2025 from Fund 5AQ1 ALI 2006A4, Literacy Improvement, for literacy improvement initiatives under DEW, generally restoring appropriations to the Executive amounts under ALI 200566 (see EDUCD13). R.C. 3333.122	R.C. 3333.122	R.C. 3333.122	R.C. 3333.122
Limits eligibility for an Ohio College Opportunity Grant (OCOG) award, beginning with students who first enroll in the 2023-2024 academic year, to students enrolled at a state university main campus, a private nonprofit university or college, or a private for-profit career college.	Same as the Executive.	No provision.	No provision.
Increases, from an expected family contribution (EFC) of \$2,190 or less to \$10,000 or less, the income eligibility threshold for an OCOG award, beginning with students who first enroll in the 2023-2024 academic year and each academic year thereafter.	Same as the Executive.	Replaces the Executive provision with one that increases, from an EFC of \$2,190 or less to an EFC of \$3,750 or less, the income eligibility threshold for all students eligible for an OCOG award.	Same as the Senate.
Clarifies, for students who first enroll prior to the 2023-2024 academic, that both the EFC eligibility criteria of \$2,190 or less and the method for calculating OCOG awards remains as under current law.	Same as the Executive.	No provision.	No provision.

Executive	As Passed By House	As Passed By Senate	As Enacted
Permits the use of a measure of student financial need established under federal law other than EFC to determine student eligibility.	Same as the Executive.	No provision.	No provision.
Replaces the prohibition against an OCOG award exceeding the state cost of attendance with one that prohibits it from exceeding an individual student's cost of attendance, subject to exceptions established under continuing law.	Same as the Executive.	No provision.	No provision.
Requires an OCOG award for a student who first enrolls in the 2023-2024 academic year annually to be: (1) \$4,000 per student at a state university main campus; (2) \$5,000 per student at a private nonprofit college or university; and (3) \$1,600 per student at a private for-profit career college.	Same as the Executive.	No provision.	No provision.
Requires an OCOG award amount for a student who first enrolls in the 2024-2025 academic year or any academic year thereafter annually to be: (1) \$6,000 per student at a state university main campus; (2) \$6,000 per student at a private nonprofit college or university; and (3) \$1,600 per student at a private for-profit career college.	Same as the Executive.	No provision.	No provision.
Prohibits an eligible institution enrolling students who receive OCOG awards from changing its scholarship or financial aid programs with the goal or net effect of shifting the cost burden of those programs to OCOG.	Same as the Executive.	No provision.	No provision.

Executive	As Passed By House	As Passed By Senate	As Enacted
<p>Requires each university, college, or career college that enrolls students who receive OCOG awards to provide at least the same level of needs-based financial aid to its students as it provided in the prior academic year on either an aggregate or per student basis. Permits the Chancellor, in response to exceptional circumstances, to grant a temporary waiver from this requirement.</p> <p>Fiscal effect: Students who enroll for the first time in the 2023-2024 academic year or thereafter at a community college or university regional campus will no longer be able to receive an OCOG award. However, these students generally do not receive OCOG currently under the program's "Pell-first" policy. Increasing the EFC eligibility threshold will likely increase the number of students receiving an OCOG award. Students may also be able to use their awards for a broader mix of uses than only instructional and general fees under the current prohibition against an OCOG award exceeding the "state cost of attendance." The bill appropriates \$216.2 million in FY 2024 and \$346.1 million in FY 2025 from GRF ALI 235563, Ohio College Opportunity Grant, to fund the grants (see BORCD73).</p>	<p>Same as the Executive.</p> <p>Fiscal effect: Same as the Executive, but reduces the appropriations from ALI 235563 to \$140.0 million in FY 2024 and \$175.0 million in FY 2025. If the Chancellor determines those appropriations are inadequate to provide grants to all eligible students using the OCOG award amounts specified in permanent law, temporary law requires the Chancellor to, instead, determine award amounts for students attending eligible institutions in each fiscal year based on the amounts appropriated from GRF ALI 235563, Ohio College Opportunity Grant (see BORCD73).</p>	<p>No provision.</p> <p>Fiscal effect: With the exception of the EFC increase, the bill generally maintains current law for OCOG. Therefore, it restores OCOG eligibility to students at a community college or university regional campus, although these students generally do not receive OCOG currently under the program's "Pell-first" policy. More students will be eligible for OCOG than under current law with the increase to the EFC to \$3,750 or less, but not as many people as the Executive-proposed \$10,000 EFC or less for students first enrolling in the 2023-2024 academic year. The bill appropriates \$200.0 million in each fiscal year from ALI 235563 to support OCOG (see BORCD73).</p>	<p>No provision.</p> <p>Fiscal effect: Same as the Senate.</p>

Second Chance Grant Program.

Fiscal effect: Some child support enforcement agencies (CSEAs) can currently redirect orders to caretakers. The provision would allow the remaining counties to also redirect these payments. There would be increased administrative costs, the amount of which would depend on the number of cases and the scope of casework involved. There could be a large initial increase in cases. (4) No provision.	(4) No provision. Fiscal effect: Revenue losses of about \$153 million in FY 2024 and \$48 million in FY 2025, with potential additional revenue loss during the biennium due to a reduction in withholding rates. The Tax Commissioner has discretion over withholding rate adjustments and LBO does not have an estimate for the potential additional revenue loss. Of the total revenue loss, the GRF would bear \$148 million in FY 2024 and \$46 million in FY 2025 under codified law, with the remaining revenue loss split equally between the Local Government Fund (LGF) and the Public Library Fund (PLF). Revenue losses to the LGF and PLF would reduce distributions to municipalities, counties, townships, public libraries, and certain other special districts statewide.	(4) [***VETOED: Requires the Tax Commissioner to determine the amount by which the tax levied on that first \$26,050 of income can be reduced each year, considering the revenue savings generated by suspending the inflation adjustments for that year.***] Fiscal effect: Revenue losses of about \$665 million in FY 2024 and \$989 million in FY 2025, including the revenue loss during the biennium due to a reduction in withholding rates. Fiscal effect: The all funds tax revenue loss is estimated at \$136.0 million in FY 2024 and \$135.4 million in FY 2025. Revenue to the Local Government Fund (LGF, Fund 7069) and Public Library Fund (PLF, Fund 7065) would each be reduced by 1.66% of these amounts under current law. The operating budget introduced by the Executive would increase each percentage to 1.7% in codified law. The GRF would bear the rest.
