
ELECTRONIC NOTIFICATION AND MEETINGS

Casino Control Commission

- Requires an applicant for casino-related licenses, including for casino operator, management company, holding company, gaming-related vendor, and casino gaming employee to certify that the information provided in the application is true.

Department of Commerce

Board of Building Standards

- Removes telegraph facilities as one of the “workshops or factories” that the Board of Building Standards has control over regarding required alternations or repairs.

Division of Liquor Control

- Specifies that, if the initial required certified notice of unpaid permit fees to a liquor permit applicant is returned because of failure or refusal of delivery, the Division of Liquor Control must send a second notice by regular mail.

Division of Securities

- Eliminates the requirement that copies of process or pleadings served by the Division of Securities on the Secretary of State, acting as agent for the person to be served, be delivered in duplicate and eliminates the requirement that the Secretary use certified mail to forward the documents.
- Eliminates the requirement that securities sold in violation of the securities law be tendered to the seller either in person or in open court to trigger a refund requirement, instead only requiring a tender without specifying method.

Division of Finance Institutions

- Changes, in the list of approved delivery methods, “any other means of communication authorized by the director” to whom the notice is sent to any means authorized by the board of directors acting together.

Department of Developmental Disabilities

- Removes obsolete law requiring the Director of Developmental Disabilities to submit a report to the General Assembly with certain data regarding residential facility licenses issued by the Department of Developmental Disabilities.

Department of Education and Workforce

- Eliminates the following laws that became obsolete on June 30, 2008:
 - Requirement that school districts or school buildings in academic emergency or academic watch, under former law, submit required information to the Department of Education before approval of a three-year continuous improvement plan;

- Requirements for site evaluations conducted for school districts or schools in academic emergency or academic watch.

Environmental Protection Agency

- Authorizes the Director to provide notice of a hearing on the Environmental Protection Agency's website in circumstances where continuing law requires public notice by newspaper publication.
- Authorizes the Director to deliver documents or notice by any method capable of documenting the intended recipient's receipt of the document or notice rather than requiring a document or public notice be provided by certified mail.
- Specifies that the holder of the first mortgage on a regulated facility may contact the mortgagor to determine if the facility is abandoned by any method capable of documenting the intended recipient's receipt of the document or notice, rather than by mail, telegram, telefax, or similar communication only, as in former law.

Department of Insurance

- Replaces the requirement that individuals seeking access to personal information held by certain insurance organizations be allowed to see and copy that information in person or obtain a copy by mail with a requirement that the individual be able to obtain in a manner agreed upon by the individual and the insurance organization.

Department of Job and Family Services

- Removes references to unemployment compensation warrants drawn by the Director of Job and Family services bearing the Director's facsimile signature (but maintains the authority to have the signatures printed on the warrants).

Department of Public Safety

- Eliminates several procedural requirements regarding the submission of a physician's statement accompanying an application for an unrestricted driver's license.
- Allows driver training schools to use specified electronic formats to convey information about anatomical gifts to driver training students, rather than a video cassette tape, CD-ROM, interactive videodisc, or other format.
- Eliminates a reference to the personal delivery of a motor vehicle registration or driver's license if a person is required to surrender the registration or license because of a failure to maintain motor vehicle insurance.
- Eliminates the requirement that an arresting officer remove the license plates on a vehicle seized as part of an arrest for: (1) driving under an OVI suspension or (2) wrongful entrustment of a vehicle and, instead, requires the license plates to remain on the vehicle unless ordered by a court.

Public Utilities Commission of Ohio

- Eliminates items buried or placed below ground or submerged in water for telegraphic communications as a form of “underground utility facility” for purposes of continuing law regarding the protection of such facilities.
- Removes the requirement that an excavator must provide any fax numbers they may have in the excavator’s notification to a protection service before an emergency excavation required under continuing law.

Department of Taxation

- Removes a requirement that certain tax-related documents be open for public inspection.

Department of Transportation

- Makes advertising for bids for Ohio Department of Transportation (ODOT) contracts in a newspaper of general circulation optional rather than required.
- Requires, rather than authorizes, the ODOT Director to publish notice for bids in other publications as the Director considers advisable.

Bureau of Workers’ Compensation

- Specifies that electronic documents have the same evidentiary effect as originals in a workers’ compensation-related proceeding.

Notice and submission requirements

- Makes changes throughout the Revised Code related to:
 - Notice requirements related to certain events or services; and
 - Electronic submission to receive certain public services.

Electronic meetings for public entities

- Makes changes throughout the Revised Code to permit certain public entities to meet via electronic means.

Maintenance of stenographic records

- Makes changes throughout the Revised Code related to the maintenance of stenographic records.

Casino Control Commission

(R.C. 3772.11, 3772.12, and 3772.131)

Under former law, casino-related license applications, including those for a casino operator, management company, holding company, gaming-related vendor, and casino gaming employee must be made under oath. The act removes the requirement that an oath be administered and instead requires that the applications must be certified as true.

Department of Commerce

Board of Building Standards

(R.C. 3781.11(A)(6) and (D)(2))

The act removes telegraph offices as a “workshop or factory” for purposes of Board rules and standards. Under former law, the Board could not require alterations or repairs to any part of a workshop or factory meeting certain criteria under continuing law.

Division of Liquor Control

(R.C. 4303.24)

The act specifies that, if the initial required certified notice of unpaid permit fees to a liquor permit applicant is returned because of failure or refusal of delivery, the Division of Liquor Control must send a second notice by regular mail. It retains the requirement that the Division cancel the permit application if the permit applicant does not remit the unpaid permit fees to the Division within 30 days of the first notice.

Division of Securities

Service through the Secretary of State

(R.C. 1707.11)

Under continuing law, certain people must appoint the Secretary of State as their agent to receive service of process and pleadings on their behalf. The act eliminates a requirement that copies of process or pleadings served by the Division of Securities on the Secretary, acting as agent for the person to be served, be delivered in duplicate. It also eliminates the requirement that the Secretary use certified mail to forward the documents.

Tender for refund

(R.C. 1707.43)

Under continuing law, a buyer who is sold securities in violation of the Securities Law may receive a refund by tendering the securities back to the seller. The act eliminates the requirement that the securities be tendered either in person or in open court to trigger a refund requirement. It instead requires tender without specifying a method.

Division of Financial Institutions

(R.C. 1733.16)

Continuing law requires that notice of credit union board of directors meetings must be given to each director. The act modifies the use of alternative delivery methods by removing the law that allows a director receiving the notice to specify another means of communication, and instead allows alternative methods approved by the board of directors acting together.

Department of Developmental Disabilities

(Repealed R.C. 5123.195)

The act removes obsolete law requiring the Director of Developmental Disabilities to submit a report to the General Assembly after calendar years 2003, 2004, and 2005. The report was to summarize rules regarding residential facility licensure; the number of licenses issued, renewed, or denied; how long those licenses were issued; sanctions imposed on licenses, and any other information the Director deemed important.

Department of Education and Workforce

(R.C. 3302.04(D)(3) and (4))

The act eliminates the obsolete requirement that school districts or school buildings in academic emergency or academic watch submit information to the Department of Education before approval of a three-year continuous improvement plan. It also eliminates the obsolete requirements for site evaluations for districts or buildings in academic emergency or academic watch. The requirements expired on June 30, 2008.

Environmental Protection Agency

General authorizations

(R.C. 3745.019)

The act provides general authorization to the Director of the Ohio Environmental Protection Agency (OEPA) as follows:

- Authorizes the Director to provide public notice of a hearing on the OEPA website in circumstances in which the Director formerly was required to provide notice only by newspaper publication;
- Authorizes the Director to deliver documents or notice by any method capable of documenting the intended recipient's receipt of the document or notice in circumstances in which the Director formerly was required to provide the document or public notice by only certified mail.

It is unclear why, given these broad authorizations, the act also amends other notice provisions that provide for newspaper publication or certified mail.¹⁹²

Regulated facilities

(R.C. 3752.11)

The act specifies that the holder of the first mortgage on a regulated facility may contact the mortgagor to determine if the facility is abandoned by any method capable of documenting the intended recipient's receipt of the document or notice. Former law required contact be made by mail, telegram, telefax, or similar communication only.

¹⁹² See for example, R.C. 3704.03, 3734.02, and 3734.021.

Department of Insurance

(R.C. 3904.08)

Continuing law allows individuals to request access to their personal information held by insurance institutions, agents, and insurance support organizations. Formerly, individuals must be allowed to see and copy the information in person or allowed to obtain a copy by mail. The act changes this requirement, instead mandating that individuals be able to obtain a copy of the information in a manner agreed upon by the individual and the insurance institution, agent, or support organization.

Department of Job and Family Services

(R.C. 4141.09 and 4141.47)

Continuing law specifies that the Treasurer of State must make disbursements from the state Unemployment Compensation Fund and the Auxiliary Services Personnel Unemployment Compensation Fund on warrants drawn by the Director of Job and Family Services. Formerly, the warrants could include the facsimile signatures of the Director and the employee responsible for accounting for the funds printed on the warrants. The act removes the reference to “facsimile” and maintains the authority to have signatures printed on the warrants. Because neither former law nor the act require the Director or employee to directly sign the warrants, it is unclear whether removing “facsimile” has any substantive effect.

Department of Public Safety

Restricted driver’s license: subsequent annual license

(R.C. 4507.081)

Under continuing law, a restricted license is issued to a person who has certain medical conditions that inhibit safe driving, but only if the person’s conditions are under effective control. The holder of a restricted license may subsequently apply for an unrestricted annual license when the restricted license expires. Obtaining the annual license is contingent upon submission of a licensed physician’s statement attesting that the condition is dormant or under medical control (for a period of one year before application). The act eliminates the following regarding this annual license:

- The stipulation that the applicant submit the physician’s statement to the Registrar of Motor Vehicles by certified mail;
- A requirement that the license holder obtain a physical validation sticker for use in conjunction with the license;
- A requirement that the physician’s statement be made in duplicate; and
- A provision allowing an annual license applicant to maintain a physical duplicate copy of the physician’s statement authorizing the applicant to operate a motor vehicle for no more than 30 days following the date of submission of the statement.

Driver training school anatomical gift instruction

(R.C. 4508.021)

The act allows driver training schools to use a website, email communication, compact disc media, or other electronic format to provide information about anatomical gifts to driver training students. Former law specified the schools must use a video cassette tape, CD-ROM, interactive videodisc, or other electronic format.

Failure to maintain motor vehicle insurance

(R.C. 4509.101)

The act allows an administrative hearing regarding a person's failure to maintain motor vehicle insurance to be held remotely upon the person's request. Under continuing law, a person adversely affected by an administrative driver's license suspension associated with this offense may request a hearing within ten days of the issuance of the order imposing the suspension.

The act eliminates a reference to the personal delivery of an impounded or suspended driver's license or registration if a person is required to surrender a license or registration because of a failure to maintain motor vehicle insurance. Thus, under the act, a person may deliver those items (if impounded or suspended) to the Registrar by any means.

Seizure of license plates after offense

(R.C. 4510.41)

The act eliminates the requirement that an arresting officer remove the license plates on a vehicle seized as part of an arrest for either of the following violations:

- Driving under an OVI suspension; or
- Wrongful entrustment of a vehicle.

Instead, the act requires the license plates to remain on the vehicle unless otherwise ordered by a court.

Public Utilities Commission of Ohio

Underground utility facilities – classification

(R.C. 3781.25(B) and 3781.29(C)(1))

The act removes only "telegraphic communications" from being classified as an "underground utility facility" for purposes of the law regarding utility protection services. Under former law, any item buried or placed below ground or submerged under water for use in connection with the storage or conveyance of telephonic or telegraphic communications was considered an "underground utility facility" subject to continuing law regarding utilities registering the location of, and protecting through marking, these facilities.

Excavator contact information

(R.C. 3781.29(E)(1)(b))

The act removes the requirement that an excavator, before performing an emergency excavation, provide any fax numbers they may have to a protection service. Under continuing law, notification must be provided to an underground utility protection service before commencing an emergency excavation, and it must include the excavator's name, address, email addresses, and telephone number.

Department of Taxation

(R.C. 5751.40 and 5736.041)

The act removes two requirements that certain tax-related documents be open for public inspection. Instead, the following documents need only to be made available on the Department of Taxation's (TAX's) website:

- Certificates issued to qualified distribution centers (QDCs) under the commercial activity tax (CAT). Under continuing law, suppliers that ship goods to a QDC can exclude a portion of their receipts from the CAT. Continuing law requires TAX to "publish" QDC certificates, but does not specifically require online publication. The act specifies that these certificates must be available online for at least four years from the date they were issued.
- A list of motor fuel suppliers who are subject to the state's petroleum activity tax. This list is already authorized, but not required, to be published on TAX's website.

Department of Transportation

(R.C. 5525.01)

The act makes advertising for bids for Ohio Department of Transportation (ODOT) contracts in a newspaper of general circulation optional and requires the ODOT Director to publish notice for bids in other publications, as the Director considers advisable. Former law specified the opposite – it requires newspaper publication and makes other publications optional.

Bureau of Workers' Compensation

(R.C. 4123.52)

The act specifies that electronically stored records have the same evidentiary effect as originals in a workers' compensation proceeding before the Industrial Commission, a Commission hearing officer, or a court. Under continuing law, records preserved using photographs, microphotographs, microfilm, films, or other direct forms of retention media also have the evidentiary effect of originals in the same proceedings.

Changes to notice requirements

The act also modifies the type of communication media through which public entities or others may make required notice of events or services. The table below describes the type of

notice and the change made to the permitted form of communication. The table indicates these changes as follows:

Authority for public entities to meet via electronic means

The act permits certain public entities to meet via electronic means, instead of in-person meetings, provided that the meetings still allow for interactive public attendance.

Table 2: Public entities authorized to meet via electronic means		
Public entity	Description	R.C. citation
Ohio Advisory Council for the Aging	Permits the council to form a quorum and take votes at meetings conducted electronically, if arrangements are made for interactive public attendance at those meetings	173.03
Internet- or computer-based community schools (e-schools) – meetings with students	Permits e-school teachers to meet with each student electronically	3314.21
School districts or other public schools – hearings for students and parents regarding notice to Registrar of Motor Vehicles for excessive unexcused student absences from school	Permits districts and schools to conduct hearings electronically if requested by the child's parent, guardian, or custodian.	3321.13
Department of Public Safety – Registrar of Motor Vehicles	Authorizes an administrative hearing on the suspension or impoundment of a driver's license or license plates for a failure to provide proof of motor vehicle insurance to be held remotely upon request.	4509.101
County, township, or municipal corporation	Before creating a tax increment financing district (TIF), community reinvestment area (CRA), enterprise zone, or similar tax-exempt district, a political subdivision must send notice to each school district located within the proposed district or area. The school district may request a meeting with the political subdivision to discuss the terms of the agreement ²¹⁰	5709.83

²¹⁰ There is no requirement under continuing law that these meetings allow public attendance or participation.

Electronic submission to receive certain public services

The act permits or requires public entities to establish electronic means of submission for such services as licensure, approvals, and other services. The table below provides an overview of these changes.

Table 3: Services permitting or requiring electronic submission		
Public entity	Description	R.C. citation
Department of Natural Resources – Division of Oil and Gas Resources Management	May require electronic submission of various documents; permits the Division Chief to establish a procedure to exempt a participant from electronic submission	1509.031
School district boards of education – notice of surplus property for donation	Removes the requirement that district boards publish, in a “newspaper of general circulation,” notice of intent to donate property that is not needed, obsolete, or unfit for the district’s use with a value of less than \$2,500; but maintains requirement of continual posting of such notice in the district board’s office Permits a nonprofit organization to submit electronically its written notice to a district board of its desire to obtain donated district property	3313.41(G)
Department of Education and Workforce – Jon Peterson Special Needs Scholarship provider information to applicants	Permits an alternative public or registered private provider of special education services to submit the profile of the provider’s program to applicants by electronic means	3310.521
Board of county commissioners of a county solid waste management district and the board of directors of a joint solid waste management district	Allows a board to submit a report of fees and accounts to OEPA in any manner prescribed by the Director, rather than by computer disk only, as in former law	3734.575
Every court of record	When a person forfeits bail for a traffic or equipment offense, requires a county court judge, mayor of a mayor’s court, or clerk to submit to the Bureau of Motor Vehicles, in a secure electronic format, an abstract of the court record (former law did not specify the method of submission)	4510.03

References to stenographic records

The act modifies or removes references to public entities creating or retaining stenographic records of certain proceedings. The table below summarizes these changes.

Table 4: Stenographic recordkeeping requirements
