R.C. 2967.16	R.C. 2967.16
Changes the law pertaining to the Adult Parole Authority's (APA's) functions with respect to the termination of an offender's post-release control (PRC) as follows:	Same as the Executive.
Replaces the requirement that APA classify the termination as "favorable" or "unfavorable," depending on the offender's conduct and compliance with the supervision conditions, with language that instead authorizes APA to classify the termination as "unfavorable" if the offender's conduct and compliance with the supervision conditions is unsatisfactory.	Same as the Executive.
Specifies that if APA does not classify the termination of PRC as "unfavorable," the offender's conduct and compliance with supervision conditions may not be considered as an "unfavorable" termination by a court when considering the factors described in the Felony Sentencing Law at a future sentencing hearing for a felony. DRCCD19 Earned credit – expansion of maximum allowed		
	R.C. 2967.193, 2967.194	
No provision.	In the law that, effective April 4, 2024, increases the maximum credit a prisoner may earn for participating in a DRC-approved program while confined from 8% to 15% of the prisoner's sentence, specifies that if a prisoner has met the 8% cap as of the bill's effective date, or reaches the 8% cap between that effective date and April 3, 2024, the cap is 15% of the prisoner's sentence. Stipulates that this change applies only with respect to the time the prisoner is confined between the bill's effective date and April 4, 2024, and the 15% cap that takes effect April 4, 2024, will apply only with respect to the time a prisoner is confined on or after that date.	
	Fiscal effect: Potential incarceration cost savings, as certain offenders may be released from prison sooner than otherwise may have been the case under current law. Costs that DRC's Adult Parole Authority incurs to supervise such a prisoner subsequent to their release from prison may reduce the magnitude of these savings.
