Personal Income Tax	
TAXCD46 Tax deduction for train derailment payments	
	R.C. 5747.01, 5751.01; Section 803.160
No provision.	Authorizes a deduction against the personal income tax for government or railroad company payments, including for lost business, received by a taxpayer as the result of the February 3, 2023, train derailment in East Palestine.
No provision.	Authorizes a commercial activities tax exclusion for receipts a taxpayer receives to compensate for lost business resulting from that derailment.
	Fiscal effect: Dependent on future payment amounts that have yet to be finalized. Tax exemption applies to taxable years or tax periods beginning on or after January 1, 2023, which will reduce revenues the state would otherwise receive beginning in FY 2024.

TAXCD68 Income tax rate reduction	
	R.C. 5747.02, Sections 757.50 and 803.210
No provision.	Reduces, beginning in tax year 2023, the number of income tax brackets, by consolidating the lowest bracket (2.765% for income between \$26,050 and \$46,100) with the second lowest bracket (3.226% for income between \$46,100 and \$92,150).
No provision.	Reduces the rate of that new lowest bracket to 2.75%.
No provision.	Suspends indexing of income tax brackets and exemptions for inflation for tax years 2023 and 2024.
	Fiscal effect: Revenue losses of about \$153 million in FY 2024 and \$48 million in FY 2025, with potential additional revenue loss during the biennium due to a reduction in withholding rates. The Tax Commissioner has discretion over withholding rate adjustments and LBO does not have an estimate for the potential additional revenue loss. Of the total revenue loss, the GRF would bear \$148 million in FY 2024 and \$46 million in FY 2025 under codified law, with the remaining revenue loss split equally between the Local Government Fund (LGF) and the Public Library Fund (PLF). Revenue losses to the LGF and PLF would reduce distributions to municipalities, counties, townships, public libraries, and certain other special districts statewide.
TAXCD30 Income tax: increase dependent exemptions	
R.C. 5747.025	
Increases the dependent exemption amount by \$2,500 for each dependent under the age of 18, beginning in 2023, for income taxpayers. (Currently, each taxpayer, spouse, and dependent is entitled to a personal exemption ranging from \$1,900 to \$2,400, depending on the taxpayer's income.)	No provision.

TAXCD47 Sales and rentals to government entities		
		R.C. 5739.02, 803.140
No provision.	1	Adds specific reference to construction material and services sold or rented to government entities for temporary traffic control or drainage purposes to existing provisions of law that exempt all sales and rentals to government entities from the sales and use tax.
No provision.		Specifies that the provision is a remedial measure intended to clarify existing law and applies to all cases pending on a petition for reassessment or on further appeal, or transactions subject to an audit by the Department of Taxation.
		Fiscal effect: None, because of overlap with existing sales and use tax exemption.

TAXCD45 Broadband grants excluded from CAT	
	R.C. 5751.01, Section 803.190
No provision.	Excludes from gross receipts taxable under the commercial activities tax (CAT) any federal, state, or local grants received or debt forgiven to provide or expand broadband service in Ohio.
	Fiscal effect: About \$1 million loss to CAT revenues over a three-year period, based on nearly \$400 million in broadband grants awarded by the state and federal government during that duration.
TAXCD49 Commercial activities tax revenue distribution	
	R.C. 5751.02, Section 812.20
No provision.	Reduces from 13% to 2.25% the amount of commercial activities tax (CAT) receipts allocated to the School District Tangible Property Tax Replacement Fund (Fund 7047) beginning in FY 2024, and reduces from 2% to 0.25% CAT receipts allocated to the Local Government Tangible Property Tax Replacement Fund (Fund 7081). Reallocates the 12.5% difference to the GRF.
	Fiscal effect: Revenue available to the GRF is increased by about \$325 million in FY 2024 and \$342 million in FY 2025. However, under continuing law, transfers may be made between the GRF and Funds 7047 and 7081, so the provision does not effect the amount of revenue received by the state or paid to local governments.

(7) No provision.		(7) Requires the Tax Commissioner to prescribe a formula for uniformly valuing federal subsidized rental housing that takes into account a property's operating income and expenses and a uniform capitalization rate. Sets a minimum total value for such property of 150% of the value of the underlying land. Requires the owner of such property to annually report the property's operating income and expenses to the county auditor of the county in which the property is located. Removes an existing law provision explicitly authorizing a county auditor to value LIHTC property by employing the income approach, cost approach, or comparable sales approach.		
Fiscal effect: The executive estimates the GRF tax revenue loss at \$10.0 million in FY 2024 and \$20.0 million in FY 2025.		Fiscal effect: LBO estimates state tax revenue losses of \$22 million in FY 2024 and \$46 million in FY 2025, but estimates are highly dependent on federal policy and the availability of the federal LIHTC. Generally, state tax revenue losses would increase over the six-year period that projects could initially qualify for the 10-year credit, FY 2024 through FY 2029. Once the eligibility period expires, state tax revenue losses will plateau for an additional four years, FY 2030 through FY 2033, then decline over a subsequent six-year period as the 10-year duration of the credit lapse for those projects originally awarded by OHFA from FY 2024 through FY 2029.

TAXCD19 Municipal income tax cross-reference		
R.C. 718.01, Sections 803.10 and 820.10		R.C. 718.01, Sections 803.10 and 820.10
Corrects an erroneous cross-reference in the municipal income tax law governing the deduction of net operating losses. Requires municipalities that levy an income tax to adopt an ordinance or resolution incorporating the correction and applying it starting in tax year 2023		Same as the Executive.
Fiscal effect: Potential increase in costs, likely minimal, for municipalities that levy an income tax.		Fiscal effect: Same as the Executive.
TAXCD58 Municipal income tax: exemption for minors' income		
		R.C. 718.01, Section 803.10

TAXCD61 Municipal income tax: inquiries, notices, and penalties	
	R.C. 718.05, 718.27, 718.85, and 718.89; Section 803.100
No provision.	Limits the circumstances under which municipal income tax inquiries or notices may be sent by a municipal tax administrator or the Tax Commissioner to a taxpayer subject to a filing extension. Applies the change to taxable years ending on or after January 1, 2023.
No provision.	Limits the penalty that may be imposed on a taxpayer for failing to timely file municipal income tax returns from a \$25 monthly penalty, up to \$150, to a one-time \$25 penalty. Exempts a taxpayer's first failure to timely file from the penalty. Applies the change to taxable years ending on or after January 1, 2023.
	Fiscal effect: Reduces municipal income tax revenue, with the reduction variable and depending on the municipality. Statewide, total municipal fiscal losses from the bill are uncertain, but the direct effects are likely to be fairly minimal. If any municipal tax administrators send a prohibited notice, the applicable municipality must reimburse the taxpayer for reasonable costs incurred in responding to the notice, thus increasing such municipality's administrative costs. If the administrator is the Tax Commissioner, the costs will be reimbursed from the GRF; such reimbursement costs are likely to be minimal. There may be indirect effects, reducing revenue to applicable municipalities more significantly, due to reduced incentives for taxpayers to file returns and to file on time.
TAXCD62 Municipal income tax: extension for entities	D.C. 740.05 740.05 C. 111. 200.400

TAXCD44 Incentive district TIFs: include other TIF property	
	R.C. 5709.40, 5709.73
No provision.	Allows a parcel included in an existing municipal or township tax increment financing (TIF) exemption, either individually or as part of an incentive district TIF, to be removed from its current TIF and included in another incentive district TIF, provided the owner of the parcel hasn't paid any payments in lieu of taxes under the existing TIF arrangement.
	Fiscal effect: None except shifts the payment in lieu of taxes from one TIF to another.
TAXCD50 Property tax exemption: residential development land	
	R.C. 5709.56
No provision.	Exempts from property tax the value of unimproved land subdivided for residential development in excess of the fair market value of the property from which that land was subdivided, apportioned according to the relative value of each subdivided parcel. Authorizes the exemption for up to eight years, or until construction begins or the land is sold. (Does not apply to land included in a tax increment financing, or TIF, project.)
	Fiscal effect: Could result in loss of revenue to school districts and other units of local government. Tax revenue losses might range into the low millions of dollars statewide but appear indeterminate. No direct fiscal effect on the state.
TAXCD56 Power plant TPP devaluation limits	
	R.C. 5727.47, Section 803.130
No provision.	Prohibits an electric utility from requesting and the Tax Commissioner from approving, for property tax purposes, a reduction in the taxable value of a power plant's tangible personal property (TPP) of more than 7.5% compared to the preceding tax year, beginning in tax year 2024.
	Fiscal effect: May limit the revenue loss from property taxes in some years for political subdivisions in which an electric generating plant is located.

TAXCD51 Brownfield property tax abatement		
	Section: 757.40	
No provision.	Authorizes the owner of property currently subject to a 10-year property tax exemption for remediated brownfield development land to temporarily apply for an abatement or refund of taxes assessed on the property in tax years 2020 and 2021 that would not have been assessed had the property been subject to that exemption for those years. (The property only qualifies if the owner was issued a covenant not to sue by the Ohio EPA in 2020 based on the owner's remediation activities.)	
No provision.	Shortens the exemption's duration by two years to account for the two years of abatement, if the abatement is obtained,	
	Fiscal effect: May result in tax revenue losses of \$450,000, according to one report, possibly more if additional properties are affected. LBO cannot verify this figure.

EDUCD42 Power plant valuation adjustment

Section: 265.310

Requires ODE to make an additional payment to school districts that have at least one power plant in their territory and that experience both at least a 10% decrease in public utility tangible personal property (PUTPP) value and an overall negative change in PUTPP subject to taxation between either: (1) tax year (TY) 2017 and the preceding tax year (e.g., TY 2023, for purposes of the FY 2024 payment); or (2) the preceding tax year and the second preceding tax year (e.g., between TY 2022 and TY 2023, for purposes of the FY 2024 payment).

Calculates the payment for an eligible district generally based on a recomputation of the district's FY 2019 foundation aid using the preceding year's total taxable valuation (instead of the three-year average valuation used to determine funding for FY 2019) and the change in local property taxes between TY 2017 and the preceding tax year.

Requires ODE to make payments for FY 2024 in June 2024, and payments for FY 2025 in June 2025.

Fiscal effect: The bill earmarks \$7 million in each fiscal year for the payments from GRF ALI 200550, Foundation Funding - All Students (see EDUCD35).

Jail facility construction funding FCCCD14

No provision.

R.C. 342.. 5705.234

Creates a financing system for the state to aid counties in constructing or renovating county jail facilities.

Requires TAX biennially to rank all counties, after which OFCC invites certain low ranking counties to apply and conducts an on-site assessment of existing jail facilities to determine need.

Requires OFCC to approve a project only if the project conforms to DRC standards and keeps with the county's needs as determined by the assessment, and the county can prove it can generate adequate revenue to fund the county's share of the basic project cost, and its operations and maintenance.

Specifies the means by which a county may generate revenue for its share of the project cost, and prohibits counties from submitting, as evidence of adequate funding, any proposal to rent any portion of the jail facility to other political subdivisions.

Sets a county's share at 1% of the basic project cost times the percentile in which the county ranks according to OFCC's funding formula, with a cap at 75%. Requires the Controlling Board to approve or reject OFCC's determination, the amount of the state's share of the basic project cost, and the amount of the state's share to be encumbered in the current fiscal year.

Prohibits the Controlling Board from approving a project if the county had a project approved in the last 20 years, unless the county demonstrates an exceptional increase in need.

Requires, if the county has met its share of the basic project cost, OFCC to enter an agreement with the board of county commissioners or the multicounty jail facilities construction commission (MCJFC), and specifies its terms.

Department of Taxation	Main Operating Appropriations Bill H.B. 33
Executive	In House Finance
No provision.	Requires the board of county commissioners or MCJFC, after entering the agreement, and if applicable, to issue bonds or notes in anticipation of the agreement.
No provision.	Requires the board or MCJFC to employ a qualified professional to prepare data the board or MCJFC, and OFCC consider necessary for the project.
No provision.	Requires, if the proposed facility is located within one mile of a state route or highway, the plans also be approved by the ODOT Director.
No provision.	Requires the board or MCJFC to advertise for construction bids using competitive bidding and award the lowest responsible and responsive bidder within 60 days of advertising, and requires that bidder to accept the contract within 10 days of the award.
No provision.	Allows the board or MCJFC to reject all bids and readvertise, with OFCC permission.
No provision.	Requires OFCC to determine the amount of appropriations to be encumbered for any project, based on its estimated construction schedule for that year.
No provision.	Requires OFCC to grant ongoing projects priority for state funds over projects seeking initial state funding.
No provision.	Requires the county auditor to disburse county project construction funds upon the approval of OFCC, which then must issue vouchers against the fund as required.
No provision.	Allows the board of county commissioners to use all or part of the fund's investment earnings that are attributable to the county's contribution to pay the cost of jail facilities, which are not part of the basic project cost.
No provision.	Requires, after project completion, any remaining investment earnings to be retained in the county construction fund or transferred to a project maintenance fund, the county's permanent improvement fund, or OFCC,

as appropriate.

Department of Taxation	Main Operating Appropriations Bill H.B. 33
Executive	In House Finance
No provision.	Permits multiple counties to form a MCJFC, approved by OFCC, and build a multi-county jail facility.
No provision.	Provides that if the voters of one of the counties in a MCJFC fail to approve the funds for that county's portion, the other contracting counties are not obliged to pay it.
No provision.	Creates the Jail Facility Building Fund in the state treasury.
No provision.	States that OFCC has an interest in real property purchased with moneys in the county's project construction fund until obligations are no longer outstanding.
No provision.	Requires OFCC to issue a certificate of completion upon project completion, and certification that the project meets the state's minimum standards.
No provision.	Establishes the corrective action program to provide funding for the correction of defective or omitted work.
	Fiscal effect: The fiscal impact will depend on how much money is transferred or appropriated to the Jail Facility Building Fund by the General Assembly and any grants, gifts, or contributions received by OFCC. Counties receiving a minimum of 25% state funding through the jail construction funding process could save between \$2.3 million and \$6.9 million for the construction of a 100-bed facility. A portion of moneys appropriated from the fund may be used to cover costs incurred by OFCC to evaluate county needs, manage projects, and to perform and manage needs assessments, all of which may require additional resources, staff, or both. The bill authorizes counties, with voter approval, to levy property taxes for jail operation and debt service on bonds for jail construction.

No provision.	Allows a county that currently levies a property tax to fund 9-1-1 and public safety communications systems to replace that tax with a monthly charge on wireless subscribers and others, if approved by voters.
No provision.	Applies the county charge to voice over internet protocol (VOIP) services, in addition to the existing wireless services and prepaid wireless plans to which the state charge applies.
No provision.	Specifies that the rate for permissive local wireless 9-1-1 charge could not exceed the combined state and county sales tax rate in effect in that county.
No provision.	Creates the permissive local wireless 9-1-1 charge fund in the state treasury and requires the Tax Commissioner to determine the proceeds and return the amounts on a monthly basis to the county treasurer of the county imposing the charge.
	Fiscal effect: In calendar year 2022, 22 counties levied a property tax to fund 9-1-1 systems, and they raised about \$30 million statewide. The fiscal effect of the provision is the permissive, as voters must approve any potential charge.
