## Comparison Document

House Bill 33—135th General Assembly

Main Operating Budget Bill

(FY 2024-FY 2025)

As Introduced

As Passed by the House

As Passed by the Senate

June 15, 2023

## **Introduction**

The Comparison Document provides brief descriptions and fiscal estimates of the provisions that make up the executive recommended version and subsequent versions of the biennial main operating budget bill of the 135th General Assembly, House Bill 33. The document is arranged in alphabetical order by state agency. It also includes three nonagency items for which appropriations are made: Employee Benefits Fund (PAY), Pension Subsidies (PEN), and Revenue Distribution Funds (RDF) as well as a section for Local Government Provisions (LOC). A Table of Contents follows this Introduction. Two indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The sections for the Department of Education and Workforce, the Department of Taxation, and the Department of Medicaid are first arranged by general topic area. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies. However, the other agencies are listed in the cross-reference index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page numbers for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-reference index in addition to the agency's section.

Each item is assigned a unique identification number. This number begins with the three-letter agency code used in the state's accounting system followed by a comparison document reference ("CD") and a number (TAXCD15, for example). A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

The Comparison Document does not include appropriation amounts for the agencies. Please see the Appropriation Spreadsheet for that information. For a complete discussion of the statutory changes in the bill, please see the Bill Analysis for H.B. 33.

No provision.	<p>Replaces the wireless 9-1-1 charges imposed on wireless service subscribers and prepaid wireless calling services with a NG 9-1-1 access fee imposed on certain communications services.</p>	No provision.
No provision.	<p>Specifies that the NG 9-1-1 access fee be applied as follows: (1) for a two-year period, 64¢ per month, (2) following the initial two-year period, for a period of five years, 64¢ per month or an alternate amount determined by the Steering Committee not more than 2¢ higher than the previous year's fee, not to exceed 64¢ per month, and (3) following the five-year period, 64¢ per month.</p>	No provision.

No provision.	Exempts certain services, including wireless lifeline service and wholesale transactions between telecommunications providers from the aforementioned fees.	No provision.
No provision.	Specifies purposes for which disbursements from 9-1-1 funds may be made and allowable uses of those disbursements.	No provision.
No provision.	Imposes penalties ranging from \$1,000 to \$5,000 for a violation of, or a failure to meet, certain requirements regarding a multiline telephone system unless preempted or in conflict with federal law.  <b>Fiscal effect: DAS and counties will incur costs to implement Next Generation 9-1-1 services. For DAS, the Department estimates costs totaling approximately \$10.3 million per year over a ten year period. Counties may incur costs of several hundreds of thousands to implement their part of the NG 9-1-1 system. These costs could be at least partially offset by the NG 9-1-1 access fees under the bill. Wireless 9-1-1 fees of 25¢ per month under current law generate an average of approximately \$25.0 million per year. Replacing this fee with a 64¢ per month fee coupled with a likely expansion of the fee base creates the potential for tens of millions of dollars in additional revenue.</b>	No provision.

EDUCD114 Student transportation - noncompliance

No provision.

R.C. 3327.021

No provision.

R.C. 3327.021, 3327.01, Section 265.580

Removes the current law standard of "a consistent or prolonged period of noncompliance" for determining whether penalties apply for noncompliance with student transportation requirements and, instead, defines "out of compliance" as a period of time of five consecutive school days or more than 10 school days within a school year in which any of the following occur for each of those days: (a) students arrive more than 30 minutes late to school, (b) students are picked up more than 30 minutes after the end of the school day, (c) students do not receive any transportation at all due to the failure of the bus to arrive, and (d) noncompliance with any other student transportation requirements under continuing law. Exempts days in which inclement weather caused any of the above to occur from counting towards the period of noncompliance. Specifically prohibits bus operators from delivering students to school late.

No provision.

Limits a district's penalty for noncompliance with its student transportation responsibilities to the daily amount of its state transportation payment for the number of students who did not receive the required transportation for each day that the district is not in compliance, instead of the total daily amount of that payment for each day not in compliance (under continuing law, the amount of the penalty is deducted from a district's state transportation payment).

Replaces the House provision with provisions that require DEW to (1) withhold (instead of deduct) transportation payments from a district that is found to be out of compliance for each day the district is determined to be out of compliance, (2) calculate, for each day the district is found to be out of compliance, the daily amount of the district's transportation payment on a per-pupil basis, and, (3) using the district's withheld transportation funds, disburse the per-pupil amount to the district in which the student is enrolled, which must then remit those funds to the parent or guardian of the student who did not receive proper transportation while the district was out of compliance.

Executive	As Passed By House	As Passed By Senate
No provision.	No provision.	Requires DEW to resolve any disputes over determinations regarding transportation noncompliance received after December 1, 2023, within 30 days of receiving notice of the dispute, or within 45 days if DEW notifies all affected parties in advance that the determination will be delayed.
No provision.	No provision.	Requires DEW, by December 1, 2023, to process and resolve any disputes that are pending on the bill's effective date regarding school district noncompliance with transportation obligations.
	<p><b>Fiscal effect: Decreases potential penalties for noncompliance.</b></p>	<p><b>Fiscal effect: May increase or decrease potential penalties for noncompliance. EDUCD90 Allocation of sports gaming tax revenue

No provision.

R.C. 5753.031, Section 803.40

Limits the portion of sports gaming tax revenue that must be used to support K-12 athletics and other extracurricular activities to the lesser of \$15 million per fiscal year or 50% of that revenue for that year, rather than 50% of the Sports Gaming Profits Education Fund (Fund 5Y00) as under current law. Allocates the remainder of the revenues in Fund 5Y00, instead of the other 50%, for the general support of public and nonpublic education for students in grades K-12.

**Fiscal effect: Increases the amount of sports gaming tax revenues available to support public and nonpublic education. The bill appropriates \$50 million in each fiscal year from these remaining funds in Fund 5Y00 ALI 200491, Public and Nonpublic Education Support, to be used in conjunction with the GRF to fund formula aid payments (see EDUCD91).**

R.C. 5753.021, 5753.031, Sections 803.40 and 812.20

Replaces the House provision with a provision that requires all of the sports gaming tax revenue allocated to Fund 5Y00 (98% of all such tax revenue) to be used for the general support of public and nonpublic education for students in grades K-12.

**Fiscal effect: Same as the House, but shifts the \$15.0 million in each fiscal year allocated for K-12 athletics and other extracurricular activities in Fund 5Y00 ALI 200490, Interscholastic Athletics and Extracurricular Activities, to ALI 200491 (see EDUCD91).**

Increases from 250% to 400% of the federal poverty level (FPL) income eligibility threshold that a recipient's family must meet to be eligible for a first-time income-based Educational Choice (EdChoice) scholarship.	Same as the Executive, but increases the income eligibility threshold to 450% FPL.	Replaces the House provision with provisions that (1) expand eligibility for an income-based EdChoice scholarship to any student entering grades K-12 in the school year for which the scholarship is sought and (2) subject scholarship amounts to means testing for first-time recipients, and any recipient whose parent elects to do so, as follows:
No provision.	No provision.	Provides a "base" scholarship amount equal to the amount that a student would receive if enrolled in the traditional EdChoice program (estimated at \$6,165 for students in grades K-8 and \$8,407 for students in grades 9-12) for a student whose household income is at or below 450% of the federal poverty level (FPL) for the fiscal year.
No provision.	No provision.	Prescribes, for FY 2024, the following reduced scholarship amounts based on a student's household income-to-poverty ratio for students with household incomes above 450% FPL:
No provision.	No provision.	For students above 450% FPL but at or below 500% FPL, \$5,200 for grades K-8 and \$7,050 for grades 9-12.

Executive	As Passed By House	As Passed By Senate
No provision.	No provision.	For students above 750% FPL, \$650 for grades K-8 and \$950 for grades 9-12.
No provision.	No provision.	Prescribes, beginning with FY 2025, a logarithmic function formula that calculates reduced scholarship amounts based on a student's household income-to-poverty ratio for students with household incomes above 450% FPL, such that, for example, a student with a household income of 550% FPL receives 50% of the base amount and a student with a household income of 650% FPL receives 25% of the base amount.
No provision.	No provision.	Prescribes, beginning with FY 2025, a minimum scholarship amount of 10% of the base amount.
No provision.	No provision.	Requires DEW, in calculating a student's EdChoice scholarship amount using the logarithmic function formula, to use the family income documentation submitted for the first school year the student has an amount calculated under the formula for that school year and subsequent school years, unless the student's parent requests that DEW recalculate the amount based on updated documentation for a subsequent school year.
Increases from at or below 100% FPL to at or below 250% FPL the income eligibility threshold for the second tier of prioritization order for income-based EdChoice scholarships if the number of eligible students who apply for scholarships exceeds the number of available scholarships based on appropriations (current law requires ODE to award scholarships first to renewing students, second to eligible students at or below 100% FPL, and third to all other eligible students).	Same as the Executive, but further increases the income eligibility threshold to at or below 300% FPL.	Replaces the House provision with a provision that eliminates the current law priority order if the number of eligible students who apply for a scholarship exceeds the scholarships available based on the appropriation.
No provision.	No provision.	Bases the income eligibility threshold for an income-based EdChoice scholarship on a "family's adjusted gross income" rather than "family income."

Executive	As Passed By House	As Passed By Senate
No provision.	No provision.	Permits a student's parent or guardian to certify income eligibility to DEW by: (1) an affidavit affirming that the student's family income meets the income requirement, (2) proof of income eligibility under another state or federal program, or (3) other evidence determined appropriate by DEW. Exempts an individual who is not required to file a state tax return under continuing law requirements from the requirement to certify income eligibility.
Permits, beginning July 1, 2023, any funds appropriated from GRF ALI 200550, Foundation Funding-All Students, to be used to administer the expansion of the EdChoice program to students whose family is at or below 400% FPL.	Same as the Executive, but increases the income eligibility threshold to 450% FPL.	Same as the House, but eliminates any income requirement to receive funds.
<b>Fiscal effect: Likely increases the number of scholarship recipients. No provision.

**R.C. 3317.13**

Increases the base minimum teacher salary from \$30,000 to \$40,000. Adjusts the statutory stepped teacher salary schedule based on the change to the base minimum salary, using the same percentages for each step as under current law (the stepped teacher salary schedule is based on the teacher's years of service and level of education or training).

**Fiscal effect: Increases the salary and benefit costs for about 16,800 teachers who are currently below the proposed minimums for their experience and education level by a total of \$79.5 million annually across traditional school districts (\$73.0 million), ESCs (\$5.7 million), JVSDs (\$0.7 million) and state-operated schools (\$0.2 million), based on FY 2022 data for teachers reported as active employees who were directly employed by their reporting entity. There may also be indirect salary and benefit costs to maintain existing salary differentials for teachers currently earning more than the proposed minimums who, as a result of the bill, would be much closer to them.**

EDUCD190 Dissolution of Lorain City School District academic distress commission

R.C. 3302.111

Dissolves the Lorain City School District (Lorain CSD) academic distress commission (ADC) and academic improvement plan. Requires, upon dissolution of the ADC, the chief executive officer (CEO) to relinquish management and control of the school district to relinquish to the district board of education and district superintendent (under the current law academic improvement plan process, Lorain CSD has employed the CEO as the district superintendent with the state paying the superintendent's compensation costs).

May also decrease DEW's costs associated with providing support and assistance to ADC districts and oversight of improvement plans. <b>BORCD25 Literacy teacher preparation programs</b>		
<b>R.C. 3333.048</b>	<b>R.C. 3333.048</b>	<b>R.C. 3333.048</b>
Requires metrics and educator preparation programs to ensure that all educators complete coursework in evidence-based strategies for effective literacy instruction.	Replaces the Executive provision with one that requires the Chancellor, in consultation with the Superintendent of Public Instruction, to establish metrics to ensure that each educator training program includes evidence-based strategies for effective literacy instruction aligned to the science of reading, including phonics, phonemic awareness, fluency, comprehension, and vocabulary development, and is part of a structured literacy program.	Same as the House.
No provision.	Requires the Chancellor to (1) develop an audit process that clearly documents the degree to which each institution of higher education that offers educator training programs is in alignment with the literacy requirements described above and (2) annually create a summary of literacy instruction strategies and practices in place for all educator preparation programs based on the program audits.	Same as the House.
No provision.	Requires the Chancellor to revoke approval for programs that are found to be not in alignment and do not address the findings of the audit within one year. Requires all programs to be reviewed every four years after the first audit to ensure continued alignment.	Same as the House.
No provision.	Requires the Chancellor, in conjunction with ODE, to do all of the following: (1) complete and publicly release summaries of these audits by March 31 annually; (2) identify approved vendors who can provide professional development experiences that are consistent with the science of reading to educators who are responsible for teaching reading, including faculty in educator preparation programs; and (3) develop a public dashboard that reports the first-time passage rates of students, by institution, on the Foundations of Reading Licensure test.	Same as the House.

Executive	As Passed By House	As Passed By Senate
<p>Fiscal effect: Under continuing law, ODHE and ODE are required to establish metrics and educator preparation programs, and align them with any new requirements, to prepare educators and other school personnel and the higher education institutions that are engaged in their preparation. The bill provides funding for literacy professional development and training for educators in two ALIs. It appropriates \$115.8 million in FY 2024 and \$58.3 million in FY 2025 from GRF ALI 200566, Literacy Improvement (see EDUCD13) and \$1.0 in each fiscal year from GRF ALI 235427, Adult Literacy Initiatives (see BORCD67).</p>	<p>Fiscal effect: Same as the Executive, but appears to increase the administrative responsibilities of ODHE. It also reduces appropriations from ALI 200566 to \$74.4 million in FY 2024 and \$36.8 million in FY 2025 (see EDUCD13).</p>	<p>Fiscal effect: Same as the House, but eliminates GRF ALI 235585, Educator Preparation Programs (see BORCD107). Increases, from an expected family contribution (EFC) of \$2,190 or less to \$10,000 or less, the income eligibility threshold for an OCOG award, beginning with students who first enroll in the 2023-2024 academic year and each academic year thereafter.	Same as the Executive.	Replaces the Executive provision with one that increases, from an EFC of \$2,190 or less to an EFC of \$3,750 or less, the income eligibility threshold for all students eligible for an OCOG award.
Clarifies, for students who first enroll prior to the 2023-2024 academic, that both the EFC eligibility criteria of \$2,190 or less and the method for calculating OCOG awards remains as under current law.	Same as the Executive.	No provision.
Permits the use of a measure of student financial need established under federal law other than EFC to determine student eligibility.	Same as the Executive.	No provision.
Replaces the prohibition against an OCOG award exceeding the state cost of attendance with one that prohibits it from exceeding an individual student's cost of attendance, subject to exceptions established under continuing law.	Same as the Executive.	No provision.
Requires an OCOG award for a student who first enrolls in the 2023-2024 academic year annually to be: (1) \$4,000 per student at a state university main campus; (2) \$5,000 per student at a private nonprofit college or university; and (3) \$1,600 per student at a private for-profit career college.	Same as the Executive.	No provision.
Requires an OCOG award amount for a student who first enrolls in the 2024-2025 academic year or any academic year thereafter annually to be: (1) \$6,000 per student at a state university main campus; (2) \$6,000 per student at a private nonprofit college or university; and (3) \$1,600 per student at a private for-profit career college.	Same as the Executive.	No provision.
Prohibits an eligible institution enrolling students who receive OCOG awards from changing its scholarship or financial aid programs with the goal or net effect of shifting the cost burden of those programs to OCOG.	Same as the Executive.	No provision.

Executive	As Passed By House	As Passed By Senate
<p>Requires each university, college, or career college that enrolls students who receive OCOG awards to provide at least the same level of needs-based financial aid to its students as it provided in the prior academic year on either an aggregate or per student basis. Permits the Chancellor, in response to exceptional circumstances, to grant a temporary waiver from this requirement.</p> <p><b>Fiscal effect: Students who enroll for the first time in the 2023-2024 academic year or thereafter at a community college or university regional campus will no longer be able to receive an OCOG award. However, these students generally do not receive OCOG currently under the program's "Pell-first" policy. Increasing the EFC eligibility threshold will likely increase the number of students receiving an OCOG award. Students may also be able to use their awards for a broader mix of uses than only instructional and general fees under the current prohibition against an OCOG award exceeding the "state cost of attendance." The bill appropriates \$216.2 million in FY 2024 and \$346.1 million in FY 2025 from GRF ALI 235563, Ohio College Opportunity Grant, to fund the grants (see BORCD73).</b></p>	<p>Same as the Executive.</p> <p><b>Fiscal effect: Same as the Executive, but reduces the appropriations from ALI 235563 to \$140.0 million in FY 2024 and \$175.0 million in FY 2025. If the Chancellor determines those appropriations are inadequate to provide grants to all eligible students using the OCOG award amounts specified in permanent law, temporary law requires the Chancellor to, instead, determine award amounts for students attending eligible institutions in each fiscal year based on the amounts appropriated from GRF ALI 235563, Ohio College Opportunity Grant (see BORCD73).</b></p>	<p>No provision.</p> <p><b>Fiscal effect: With the exception of the EFC increase, the bill generally maintains current law for OCOG. Therefore, it restores OCOG eligibility to students at a community college or university regional campus, although these students generally do not receive OCOG currently under the program's "Pell-first" policy. More students will be eligible for OCOG than under current law with the increase to the EFC to \$3,750 or less, but not as many people as the Executive-proposed \$10,000 EFC or less for students first enrolling in the 2023-2024 academic year. Same as Executive.

**Fiscal effect: Expanding the disenrollment period and increasing the award amounts, as well as the frequency of receiving those awards, may incentivize more individuals to participate in the program. The bill appropriates \$2.0 million in each fiscal year from Fund 5YD0 ALI 235494, Second Chance Grant Program, to fund the grants (see BORCD89). Requires, in calculating campus' degree counts, the Chancellor to use the three-year average associate, baccalaureate, master's, and professional degrees awarded for the most recent three-year period agreed to by the Inter-University Council (IUC) and the Chancellor. Limits, if a student is awarded an associate degree and later is awarded a baccalaureate degree, the amount funded for the baccalaureate degree to either (1) the difference in cost between the cost of the baccalaureate degree and the cost of the previous associate degree, or, (2) if the associate degree has a higher cost than the baccalaureate degree, the cost of the credits earned by the student after the associate degree was awarded. Specifies that in these instances the associate degree granting institution receive only the prorated share of the baccalaureate degree funding for the credits earned at that institution after the associate degree is awarded. Requires, if a student earns more than one degree at the same institution at the same degree level in the same fiscal year, that funding for the highest cost degree be prorated among institutions based on where the credits were earned and additional degrees be funded at 25% of the degree cost.

Same as the Executive.

Same as the Executive.

Requires that eligible associate and baccalaureate degrees counted in degree attainment be weighted by a statewide "at-risk" degree completion weight, calculated based on the at-risk factors of the individual student, determined by calculating the difference between the percentage of students with each risk factor who earned a degree and the percentage of non-at-risk students who earned a degree. Defines "at-risk" for a student based on academic under preparation, age, minority status, financial status, or first generation post-secondary status based on neither parent completing any education beyond high school.

**Fiscal effect: The increase in the maximum amount that a natural gas company may recover for IDRs may increase costs for all natural gas customers, including counties, municipalities, townships, and school districts, if approved by PUCO. As of May 2023, there were a total of 3.7 million natural gas customers (i.e., 3.4 million residential customers, 273,400 commercial, and 5,500 industrial). Natural gas companies could recover an additional up to \$66.7 million per year if approved by PUCO (but the costs for local governments would be a small fraction of this).**

(4) No provision.

(4) Requires the Tax Commissioner to determine the amount by which the tax levied on that first \$26,050 of income can be reduced each year, considering the revenue savings generated by suspending the inflation adjustments for that year.

**Fiscal effect: Revenue losses of about \$153 million in FY 2024 and \$48 million in FY 2025, with potential additional revenue loss during the biennium due to a reduction in withholding rates. The Tax Commissioner has discretion over withholding rate adjustments and LBO does not have an estimate for the potential additional revenue loss. Of the total revenue loss, the GRF would bear \$148 million in FY 2024 and \$46 million in FY 2025 under codified law, with the remaining revenue loss split equally between the Local Government Fund (LGF) and the Public Library Fund (PLF). Revenue losses to the LGF and PLF would reduce distributions to municipalities, counties, townships, public libraries, and certain other special districts statewide.**

Requires that the sales tax holiday be held on at least fourteen consecutive days, beginning August 1, 2024. Requires the Tax Commissioner, upon the conclusion of the sales tax holiday, to estimate the GRF's, the Local Government Fund's (LGF's), the Public Library Fund's (PLF's), and the Permissive Tax Distribution Fund's forgone sales tax receipts during the time of and immediately preceding and following the sales tax holiday and certify the estimated amounts to the OBM Director. TAXCD49 Commercial activities tax revenue distribution

No provision.

R.C. 5751.02, Section 812.20

Reduces from 13% to 2.25% the amount of commercial activities tax (CAT) receipts allocated to the School District Tangible Property Tax Replacement Fund (Fund 7047) beginning in FY 2024, and reduces from 2% to 0.25% CAT receipts allocated to the Local Government Tangible Property Tax Replacement Fund (Fund 7081). Reallocates the 12.5% difference to the GRF.

**Fiscal effect: Revenue directly credited to the GRF is increased by about \$325 million in FY 2024 and \$342 million in FY 2025. The state GRF would retain about \$314.2 million and \$330.6 million in FY 2024 and FY 2025, respectively, of such revenue increase under codified law and the remaining \$10.8 million in FY 2024 and \$11.4 million in FY 2025 would increase allocations to the LGF and PLF. However, under continuing law, transfers may be made between the GRF and Funds 7047 and 7081, so the provision does not affect the amount of revenue received by the state or the amount of property tax reimbursements paid to local governments.**

R.C. 5751.02, Section 812.20

Replaces the House provision with one that deposits 100% of CAT revenue after the administrative cost allocation into the GRF and requires the Tax Commissioner to make quarterly transfers of CAT receipts to Fund 7047 and Fund 7081 as necessary.

**Fiscal effect: Net amounts available to the GRF and to Funds 7047 and 7081 would be unchanged.**

Statewide, total municipal fiscal losses from the bill are uncertain, but the direct effects are likely to be fairly minimal.
