Introduction

The Comparison Document provides brief descriptions and fiscal estimates of the provisions that make up the executive recommended version and subsequent versions of the biennial main operating budget bill of the 135th General Assembly, House Bill 33. The document is arranged in alphabetical order by state agency. It also includes three nonagency items for which appropriations are made: Employee Benefits Fund (PAY), Pension Subsidies (PEN), and Revenue Distribution Funds (RDF) as well as a section for Local Government Provisions (LOC). A Table of Contents follows this Introduction. Two indices are located at the end of the document. The first index gives the page number of each particular item within the sections; the second index lists cross-references by agency.

Generally within an agency's section, items that involve Revised Code changes come first, followed by items that involve uncodified (i.e., temporary) law provisions. The sections for the Department of Education and Workforce, the Department of Taxation, and the Department of Medicaid are first arranged by general topic area. If an item affects more than one agency, it is described under one of the affected agencies, rather than all of the agencies. However, the other agencies are listed in the cross-reference index at the end of the document. This index lists, for each agency, all entries that affect the agency but are not included in that agency's section as well as the page numbers for these entries. A reader who is interested in all provisions affecting a certain agency should consult the cross-reference index in addition to the agency's section.

Each item is assigned a unique identification number. This number begins with the three-letter agency code used in the state's accounting system followed by a comparison document reference ("CD") and a number (TAXCD15, for example). A reader who wants to track an item across several versions of the Comparison Document may find the identification number useful.

The Comparison Document does not include appropriation amounts for the agencies. Please see the Appropriation Spreadsheet for that information. For a complete discussion of the statutory changes in the bill, please see the Bill Analysis for H.B. 33.

<p>DASCD22 Increased parental leave benefits R.C. 124.136 Eliminates, for eligible state employees, the 14-day unpaid waiting period and triples the paid parental leave period, resulting in a total of 12 weeks of parental leave paid at the current rate of 70% of the employee's base rate of pay. Fiscal effect: Increasing the parental leave benefit will result in increased expenditures under Fund 8110 ALI 995671, Parental Leave Benefit Fund, of between \$8.0 and \$10.0 million per year. The bill allows the DAS Director to use ALI 995671 to pay the increased parental leave benefits. (See PAYCD7)</p>	<p>R.C. 124.136 Same as the Executive. 	<p>Fiscal effect: DAS and counties will incur costs to implement Next Generation 9-1-1 services. For DAS, the Department estimates costs totaling approximately \$10.3 million per year over a ten year period. Counties may incur costs of several hundreds of thousands to implement their part of the NG 9-1-1 system. These costs could be at least partially offset by the NG 9-1-1 access fees under the bill. Wireless 9-1-1 fees of 25¢ per month under current law generate an average of approximately \$25.0 million per year. Replacing this fee with a 64¢ per month fee coupled with a likely expansion of the fee base creates the potential for tens of millions of dollars in additional revenue.</p>

No provision.

R.C. 3317.13

Increases the base minimum teacher salary from \$30,000 to \$40,000. EDUCD190 Dissolution of Lorain City School District academic distress commission

No provision.

No provision.

R.C. 3302.111

Dissolves the Lorain City School District (Lorain CSD) academic distress commission (ADC) and academic improvement plan. Requires, upon dissolution of the ADC, the chief executive officer (CEO) to relinquish management and control of the school district to relinquish to the district board of education and district superintendent (under the current law academic improvement plan process, Lorain CSD has employed the CEO as the district superintendent with the state paying the superintendent's compensation costs).

Fiscal effect: Shifts the cost of compensating the district superintendent from the state to Lorain CSD earlier than under current law, which requires a district operating under the improvement plan process to begin compensating the individual once the district either becomes subject to an ADC again or its ADC is dissolved because it meets at least a majority of improvement plan benchmarks. May also decrease DEW's costs associated with providing support and assistance to ADC districts and oversight of improvement plans. No provision.	Creates a financing system for the state to aid counties in constructing or renovating county jail facilities.	No provision.
No provision.	Requires TAX biennially to rank all counties, after which OFCC invites certain low ranking counties to apply and conducts an on-site assessment of existing jail facilities to determine need.	No provision.
No provision.	Requires OFCC to approve a project only if the project conforms to DRC standards and keeps with the county's needs as determined by the assessment, and the county can prove it can generate adequate revenue to fund the county's share of the basic project cost, and its operations and maintenance.	No provision.
No provision.	Specifies the means by which a county may generate revenue for its share of the project cost, and prohibits counties from submitting, as evidence of adequate funding, any proposal to rent any portion of the jail facility to other political subdivisions.	No provision.
No provision.	Sets a county's share at 1% of the basic project cost times the percentile in which the county ranks according to OFCC's funding formula, with a cap at 75%. Requires the Controlling Board to approve or reject OFCC's determination, the amount of the state's share of the basic project cost, and the amount of the state's share to be encumbered in the current fiscal year.	No provision.
No provision.	Prohibits the Controlling Board from approving a project if the county had a project approved in the last 20 years, unless the county demonstrates an exceptional increase in need.	No provision.
No provision.	Requires, if the county has met its share of the basic project cost, OFCC to enter an agreement with the board of county commissioners or the multicounty jail facilities construction commission (MCJFC), and specifies its terms.	No provision.

Executive	As Passed By House	As Passed By Senate
No provision.	Requires the board of county commissioners or MCJFC, after entering the agreement, and if applicable, to issue bonds or notes in anticipation of the agreement.	No provision.
No provision.	Requires the board or MCJFC to employ a qualified professional to prepare data the board or MCJFC, and OFCC consider necessary for the project.	No provision.
No provision.	Requires, if the proposed facility is located within one mile of a state route or highway, the plans also be approved by the ODOT Director.	No provision.

No provision.	Allows the board or MCJFC to reject all bids and readvertise, with OFCC permission.	No provision.
No provision.	Requires OFCC to determine the amount of appropriations to be encumbered for any project, based on its estimated construction schedule for that year.	No provision.
No provision.	Requires OFCC to grant ongoing projects priority for state funds over projects seeking initial state funding.	No provision.
No provision.	Requires the county auditor to disburse county project construction funds upon the approval of OFCC, which then must issue vouchers against the fund as required.	No provision.
No provision.	Allows the board of county commissioners to use all or part of the fund's investment earnings that are attributable to the county's contribution to pay the cost of jail facilities, which are not part of the basic project cost.	No provision.

Executive	As Passed By House	As Passed By Senate
No provision.	Requires, after project completion, any remaining investment earnings to be retained in the county construction fund or transferred to a project maintenance fund, the county's permanent improvement fund, or OFCC, as appropriate.	No provision.

Fiscal effect: The fiscal impact will depend on how much money is transferred or appropriated to the Jail Facility Building Fund by the General Assembly and any grants, gifts, or contributions received by OFCC. Counties receiving a minimum of 25% state funding through the jail construction funding process could save between \$2.3 million and \$6.9 million for the construction of a 100-bed facility. A portion of moneys appropriated from the fund may be used to cover costs incurred by OFCC to evaluate county needs, manage projects, and to perform and manage needs assessments, all of which may require additional resources, staff, or both. The bill authorizes counties, with voter approval, to levy property taxes for jail operation and debt service on bonds for jail construction.

FCCCD15 Levies for school facilities projects

No provision.

R.C. 3318.05, 3318.032, 3318.054, 3318.41

Extends, from 13 months to 16 months, the time during which the voters of a school district must approve bond and tax levies related to a school facilities project after OFCC grants conditional approval of the project.

Fiscal effect: Provides traditional school districts and JVSDs with three additional months to meet local funding requirements for OFCC school facilities projects.

No provision.	Requires OFCC to conditionally approve project applications and submit them to the Controlling Board for approval.	No provision.
No provision.	Requires OFCC and the school district to enter into a CFAP project agreement upon Controlling Board approval.	No provision.

No provision.

Executive	As Passed By House	As Passed By Senate
No provision.	Qualifies for AAAP assistance a district in which the electors pass propositions in the year in which the section becomes effective but prior to its effective date.	No provision.
No provision.	Requires OFCC, if appropriations are not adequate to meet the needs of AAAP, to proportionally reduce the amount of state funds each eligible district receives for that year and maintains that district's eligibility under AAAP until the project is complete.	No provision.
No provision.	Retains eligibility for assistance under standard CFAP for any eligible school district that has not received assistance under AAAP in any year in which AAAP is not funded and maintains that district's place in line on the equity list. Fiscal effect: The bill appropriates \$300 million in the FY 2023 -FY 2024 capital biennium from Fund 7032 ALI C230GD, Accelerated Appalachian School Building Assistance, to fund the program (see FCCCD12).	No provision.
FCCCD13 School facilities maintenance, repair, or replacement assistance		
R.C. 3318.37		
No provision.	Requires OFCC to allocate at least 10% of its Exceptional Needs Program (ENP) funds each year for the maintenance, repair, or replacement of facilities of a school district that previously completed a project under which the twenty-three year half-mill maintenance funding requirement has lapsed.	No provision.
No provision.	Requires OFCC to establish an application process for requests for facilities maintenance, repairs, or replacement under the assistance program.	No provision.

Executive	As Passed By House	As Passed By Senate
	<p>Fiscal effect: Expenditures under this assistance program will most likely depend on how much OFCC sets aside for ENP each year. Continuing law permits OFCC to set aside up to 25% of school facility funds for ENP. From FY 2018 through FY 2022, OFCC disbursed an average of 5.6% (\$16.6 million) of school facility funds each year for ENP assistance. At least 10% of \$16.6 million would amount to approximately \$1.7 million in each year that OFCC would need to spend under the assistance program.</p>

	<p>Fiscal effect: The number of school districts served under the program will depend on the number of them that qualify and the appropriations made available to OFCC to use for the program. The bill appropriates \$33 million in FY 2024 from Fund 5AG1 ALI 230653, Accelerated School Assistance Program, to fund the program (see FCCCD18).</p>

BORCD25 Literacy teacher preparation programs		
R.C. 3333.048	R.C. 3333.048	R.C. 3333.048
Requires metrics and educator preparation programs to ensure that all educators complete coursework in evidence-based strategies for effective literacy instruction.	Replaces the Executive provision with one that requires the Chancellor, in consultation with the Superintendent of Public Instruction, to establish metrics to ensure that each educator training program includes evidence-based strategies for effective literacy instruction aligned to the science of reading, including phonics, phonemic awareness, fluency, comprehension, and vocabulary development, and is part of a structured literacy program.	Same as the House.
No provision.	Requires the Chancellor to (1) develop an audit process that clearly documents the degree to which each institution of higher education that offers educator training programs is in alignment with the literacy requirements described above and (2) annually create a summary of literacy instruction strategies and practices in place for all educator preparation programs based on the program audits.	Same as the House.
No provision.	Requires the Chancellor to revoke approval for programs that are found to be not in alignment and do not address the findings of the audit within one year. Requires all programs to be reviewed every four years after the first audit to ensure continued alignment.	Same as the House.
No provision.	Requires the Chancellor, in conjunction with ODE, to do all of the following: (1) complete and publicly release summaries of these audits by March 31 annually; (2) identify approved vendors who can provide professional development experiences that are consistent with the science of reading to educators who are responsible for teaching reading, including faculty in educator preparation programs; and (3) develop a public dashboard that reports the first-time passage rates of students, by institution, on the Foundations of Reading Licensure test.	Same as the House.

Executive	As Passed By House	As Passed By Senate
<p>Fiscal effect: Under continuing law, ODHE and ODE are required to establish metrics and educator preparation programs, and align them with any new requirements, to prepare educators and other school personnel and the higher education institutions that are engaged in their preparation. The bill provides funding for literacy professional development and training for educators in two ALIs. It appropriates \$115.8 million in FY 2024 and \$58.3 million in FY 2025 from GRF ALI 200566, Literacy Improvement (see EDUCD13) and \$1.0 in each fiscal year from GRF ALI 235427, Adult Literacy Initiatives (see BORCD67).</p>	<p>Fiscal effect: Same as the Executive, but appears to increase the administrative responsibilities of ODHE. It also reduces appropriations from ALI 200566 to \$74.4 million in FY 2024 and \$36.8 million in FY 2025 (see EDUCD13).</p>	<p>Fiscal effect: Same as the House, but eliminates GRF ALI 235585, Educator Preparation Programs (see BORCD107). <p>Increases, from an expected family contribution (EFC) of \$2,190 or less to \$10,000 or less, the income eligibility threshold for an OCOG award, beginning with students who first enroll in the 2023-2024 academic year and each academic year thereafter.</p>	<p>Same as the Executive.</p>	<p>Replaces the Executive provision with one that increases, from an EFC of \$2,190 or less to an EFC of \$3,750 or less, the income eligibility threshold for all students eligible for an OCOG award.</p>
<p>Clarifies, for students who first enroll prior to the 2023-2024 academic, that both the EFC eligibility criteria of \$2,190 or less and the method for calculating OCOG awards remains as under current law.</p>	<p>Same as the Executive.</p>	<p>No provision.</p>

Executive	As Passed By House	As Passed By Senate
Permits the use of a measure of student financial need established under federal law other than EFC to determine student eligibility.	Same as the Executive.	No provision.
Replaces the prohibition against an OCOG award exceeding the state cost of attendance with one that prohibits it from exceeding an individual student's cost of attendance, subject to exceptions established under continuing law.	Same as the Executive.	No provision.
Requires an OCOG award for a student who first enrolls in the 2023-2024 academic year annually to be: (1) \$4,000 per student at a state university main campus; (2) \$5,000 per student at a private nonprofit college or university; and (3) \$1,600 per student at a private for-profit career college.	Same as the Executive.	No provision.
Requires an OCOG award amount for a student who first enrolls in the 2024-2025 academic year or any academic year thereafter annually to be: (1) \$6,000 per student at a state university main campus; (2) \$6,000 per student at a private nonprofit college or university; and (3) \$1,600 per student at a private for-profit career college.	Same as the Executive.	No provision.
Prohibits an eligible institution enrolling students who receive OCOG awards from changing its scholarship or financial aid programs with the goal or net effect of shifting the cost burden of those programs to OCOG.	Same as the Executive.	No provision.
Requires each university, college, or career college that enrolls students who receive OCOG awards to provide at least the same level of needs-based financial aid to its students as it provided in the prior academic year on either an aggregate or per student basis. Permits the Chancellor, in response to exceptional circumstances, to grant a temporary waiver from this requirement.	Same as the Executive.	No provision.

Executive	As Passed By House	As Passed By Senate
<p>Fiscal effect: Students who enroll for the first time in the 2023-2024 academic year or thereafter at a community college or university regional campus will no longer be able to receive an OCOG award. However, these students generally do not receive OCOG currently under the program's "Pell-first" policy. Increasing the EFC eligibility threshold will likely increase the number of students receiving an OCOG award. Students may also be able to use their awards for a broader mix of uses than only instructional and general fees under the current prohibition against an OCOG award exceeding the "state cost of attendance." The bill appropriates \$216.2 million in FY 2024 and \$346.1 million in FY 2025 from GRF ALI 235563, Ohio College Opportunity Grant, to fund the grants (see BORCD73).</p>	<p>Fiscal effect: Same as the Executive, but reduces the appropriations from ALI 235563 to \$140.0 million in FY 2024 and \$175.0 million in FY 2025. If the Chancellor determines those appropriations are inadequate to provide grants to all eligible students using the OCOG award amounts specified in permanent law, temporary law requires the Chancellor to, instead, determine award amounts for students attending eligible institutions in each fiscal year based on the amounts appropriated from GRF ALI 235563, Ohio College Opportunity Grant (see BORCD73).</p>	<p>Fiscal effect: With the exception of the EFC increase, the bill generally maintains current law for OCOG. Therefore, it restores OCOG eligibility to students at a community college or university regional campus, although these students generally do not receive OCOG currently under the program's "Pell-first" policy. More students will be eligible for OCOG than under current law with the increase to the EFC to \$3,750 or less, but not as many people as the Executive-proposed \$10,000 EFC or less for students first enrolling in the 2023-2024 academic year. The bill appropriates \$200.0 million in each fiscal year from ALI 235563 to support OCOG (see BORCD73).</p>

BORCD34 Second Chance Grant Program

R.C. 3333.127	R.C. 3333.127	R.C. 3333.127
Increases, from \$2,000 to \$3,000, the maximum grant amount awarded under the Second Chance Grant Program.	Same as the Executive.	Same as Executive.
Increases, from one-time to each academic year until the student completes a degree, the frequency with which the Chancellor may award a grant, if the Chancellor, in consultation with the qualifying institution, determines that subsequent awards beyond the first are an essential element of student success and degree completion.	Same as the Executive.	No provision.
Expands eligibility for the program to students who enroll in a qualifying institution within 10, rather than five, years of disenrollment.	Same as the Executive.	No provision.
Designates eight months as the minimum period a student must be disenrolled to be eligible for an award under the program for institutions that do not operate on a semester calendar.	Same as the Executive.	Same as Executive.

Executive	As Passed By House	As Passed By Senate
<p>Fiscal effect: Expanding the disenrollment period and increasing the award amounts, as well as the frequency of receiving those awards, may incentivize more individuals to participate in the program. The bill appropriates \$2.0 million in each fiscal year from Fund 5YD0 ALI 235494, Second Chance Grant Program, to fund the grants (see BORCD89). The appropriations are supported through a cash transfer of up to \$4.0 million from the GRF to Fund 5YD0 in FY 2024 (see OBMCD37).</p>	<p>Fiscal effect: Same as the Executive.</p>	<p>Fiscal effect: Same as the Executive, except does not expand the disenrollment period or increase the frequency of receiving awards, potentially impacting the participation incentives.</p>

(4) No provision.

(4) No provision.

(4) Requires the Tax Commissioner to determine the amount by which the tax levied on that first \$26,050 of income can be reduced each year, considering the revenue savings generated by suspending the inflation adjustments for that year.

Fiscal effect: Revenue losses of about \$153 million in FY 2024 and \$48 million in FY 2025, with potential additional revenue loss during the biennium due to a reduction in withholding rates. The Tax Commissioner has discretion over withholding rate adjustments and LBO does not have an estimate for the potential additional revenue loss. Of the total revenue loss, the GRF would bear \$148 million in FY 2024 and \$46 million in FY 2025 under codified law, with the remaining revenue loss split equally between the Local Government Fund (LGF) and the Public Library Fund (PLF). Revenue losses to the LGF and PLF would reduce distributions to municipalities, counties, townships, public libraries, and certain other special districts statewide.

Fiscal effect: Revenue losses of about \$665 million in FY 2024 and \$989 million in FY 2025, including the revenue loss during the biennium due to a reduction in withholding rates. Of the total revenue loss, the GRF would bear \$643 million in FY 2024 and \$956 million in FY 2025 under codified law, with the remaining revenue loss split equally between the LGF and the PLF.

TAXCD30 Income tax: increase dependent exemptions

R.C. 5747.025

Increases the dependent exemption amount by \$2,500 for each dependent under the age of 18, beginning in 2023, for income taxpayers. (Currently, each taxpayer, spouse, and dependent is entitled to a personal exemption ranging from \$1,900 to \$2,400, depending on the taxpayer's income.)

No provision.

No provision.

Fiscal effect: The all funds tax revenue loss is estimated at \$136.0 million in FY 2024 and \$135.4 million in FY 2025. Revenue to the Local Government Fund (LGF, Fund 7069) and Public Library Fund (PLF, Fund 7065) would each be reduced by 1.66% of these amounts under current law. The operating budget introduced by the Executive would increase each percentage to 1.7% in codified law. The GRF would bear the rest.

TAXCD83 Income tax withholding rates

No provision.

No provision.

R.C. 5747.06

Requires that, each year beginning in 2024, the Tax Commissioner reduce withholding rates so that the estimated reduction in withholding tax collections for that year equals the amount of Budget Stabilization Fund investment earnings credited to the GRF in the previous fiscal year [see OBMCD43]. Specifies that changes in withholding rates take effect on September 1 each year.

Fiscal effect: PIT revenue losses starting in FY 2025, with magnitudes that depend on future investment earnings.

Of these amounts the GRF revenue loss would be \$8.8 million each year under codified law, with the remaining loss split equally between the Local Government Fund and the Public Library Fund. Moneys deposited into the LGF and PLF are distributed to counties, municipalities, townships, public libraries, and other political subdivisions. However, the credit would create an incentive for certified providers employed full-time to volunteer during their off-duty days in order to claim the credit; if a significant number responded to that incentive, the revenue loss could be several millions of dollars more per year.</p>	<p>No provision.</p>

No provision.

R.C. 5747.75, Section 803.320

R.C. 131.44, 5739.01, 5739.02, 5739.41, Sections 510.10, 513.10, 516.10

(1) Transfers \$991,000,000 cash from the fiscal year 2023 ending GRF balance (see OBMCD38) and the entire cash balance (\$9.1 million) from the Income Tax Reduction Fund (Fund 4R80) to the newly created Expanded Sales Tax Holiday Fund (Fund 5AX1) to support an expanded sales tax holiday in August 2024. Requires that the sales tax holiday be held on at least fourteen consecutive days, beginning August 1, 2024. Requires the Tax Commissioner, upon the conclusion of the sales tax holiday, to estimate the GRF's, the Local Government Fund's (LGF's), the Public Library Fund's (PLF's), and the Permissive Tax Distribution Fund's forgone sales tax receipts during the time of and immediately preceding and following the sales tax holiday and certify the estimated amounts to the OBM Director. Specifies the method that the Tax Commissioner must use to calculate revenue foregone as a result of the August 2024 expanded holiday.

(2) No provision.	(2) No provision.	(2) Requires the OBM Director, upon receipt of the certification from the Tax Commissioner, to transfer from Fund 5AX1 an amount of cash equal to the certified amounts to the GRF, LGF, PLF, and Permissive Tax Distribution Fund, respectively. Limits the total combined transfer to \$1,000,000,000. Provides that reimbursements paid to the GRF, LGF, PLF, and Permissive Tax Distribution Fund will be made in the same proportions as sales tax revenue is distributed for the same August in which the sales tax holiday is held.
(3) No provision.	(3) No provision.	(3) During the expanded sales tax holiday, exempts all items of tangible personal property (TPP) priced at \$500 or less, other than motor vehicles, watercraft, alcohol, marijuana, and tobacco and vapor products, from state and local sales taxes.

(4) Requires that starting in FY 2024, the GRF surplus revenue remaining after meeting the Budget Stabilization Fund target be deposited into Fund 5AX1 instead of Fund 4R80 to temporarily reduce income tax rates as under current law. Abolishes Fund 4R80. Requires an expanded sales tax holiday to be held in place of continuing law's three-day "back-to-school" sales tax holiday if there is at least \$60 million of cash in Fund 5AX1. Requires the expanded sales tax holiday to be three days or more, and be held on and around the first full weekend in August (the same period as the three-day "back-to-school" sales tax holiday). Requires the GRF, LGF, PLF, and Permissive Tax Distribution Fund to be reimbursed for their sales tax revenue losses from an expanded sales tax holiday (no such reimbursements are provided under the "back-to-school" sales tax holiday).

Excludes, for tax periods beginning in 2024, businesses with taxable gross receipts of \$3 million or less and, for tax periods beginning in 2025 and thereafter, businesses with taxable gross receipts of \$6 million or less from the CAT. Designates the \$3 million and \$6 million thresholds, respectively, as "exclusion amounts," and excludes the exclusion amount from gross receipts subject to the 0.26% tax rate for taxpayers that remain subject to the tax. Requires the Tax Commissioner to adjust the exclusion amount for inflation starting with tax periods in 2026.

No provision.

Eliminates calendar year CAT filing, which was principally available for taxpayers with less than \$1 million in taxable gross receipts, who are now excluded from the CAT.

Fiscal effect: Reduces CAT receipts by about \$238 million in FY 2024 and \$460 million in FY 2025. Under the disposition of revenue codified in current law, the FY 2024 losses would be shared by the GRF (\$194 million), School District Tangible Property Tax Replacement Fund (Fund 7047, \$31 million), Local Government Tangible Property Tax Replacement Fund (Fund 7081, \$5 million), Local Government Fund (LGF, \$3 million), Public Library Fund (PLF, \$3 million), and Revenue Enhancement Fund (Fund 2080, \$2 million). In FY 2025, the CAT revenue loss would be shared by the GRF (\$376 million), Fund 7047 (\$59 million), Fund 7081 (\$9 million), the LGF (\$6 million), the PLF (\$6 million), and Fund 2080 (\$3 million).

No provision.

No provision.

Rescinds changes enacted in S.B. 164 of the 134th General Assembly that allowed Cuyahoga County to convert 30 cents of its existing 34.5 cent cigarette tax (the portion benefitting its regional arts and cultural district) from a per-pack flat rate to a varying rate based on wholesale cost of the cigarettes and to levy a new wholesale tax on vapor products.

No provision.

No provision.

Allows Cuyahoga County to continue levying a cents-per-pack tax and removes the 30 cent cap on the amount of tax that can be levied, provided voters approve the increased rate.

Fiscal effect: The effect on Cuyahoga County revenue would depend on the tax rate that would have been put in place under S.B. 164. This provision may reduce Department of Taxation administrative costs, because the S.B. 164 policy permitted a different tax base than the one for the state cigarette tax.

No provision.	Limits the circumstances under which municipal income tax inquiries or notices may be sent by a municipal tax administrator or the Tax Commissioner to a taxpayer subject to a filing extension. Applies the change to taxable years ending on or after January 1, 2023.	Same as the House.
No provision.	Limits the penalty that may be imposed on a taxpayer for failing to timely file municipal income tax returns from a \$25 monthly penalty, up to \$150, to a one-time \$25 penalty. Exempts a taxpayer's first failure to timely file from the penalty. Applies the change to taxable years ending on or after January 1, 2023.	Same as the House.
No provision.	Specifies that if a municipal corporation tax administrator sends a prohibited notice (or if the administrator is the Tax Commissioner), the municipality (or the GRF if the notice is sent by the Tax Commissioner) must reimburse the taxpayer for reasonable costs incurred in responding to the notice, but limits the costs to up to \$150.	Same as the House, but requires only municipal tax administrators to reimburse costs, not the Tax Commissioner.

Executive	As Passed By House	As Passed By Senate
	<p>Fiscal effect: Reduces municipal income tax revenue, with the reduction variable and depending on the municipality. Statewide, total municipal fiscal losses from the bill are uncertain, but the direct effects are likely to be fairly minimal. If any municipal tax administrators send a prohibited notice, the applicable municipality must reimburse the taxpayer for reasonable costs incurred in responding to the notice, thus increasing such municipality’s administrative costs. If the administrator is the Tax Commissioner, the costs will be reimbursed from the GRF; such reimbursement costs are likely to be minimal. There may be indirect effects, reducing revenue to applicable municipalities more significantly, due to reduced incentives for taxpayers to file returns and to file on time.</p>	<p>Fiscal effect: Same as the House, but with no costs to the state.</p>

(Continuing law, in some instances, prohibits laws from making such a diminution if outstanding lodging tax-backed bonds and notes are outstanding.)
No provision. TAXCD79 Transportation financing districts (TFDs)

No provision.

No provision.

R.C. 5709.48, 5709.49, 5709.50, and 5709.83; Section 803.260

Aligns the notice and approval requirements for creating a transportation financing district (TFD) with those that apply to a tax increment financing (TIF) arrangement by eliminating the requirement that all taxing districts within the territory of a proposed TFD approve its creation or receive compensation for any resulting revenue losses, and instead requiring approval or compensation of only the school districts within that territory, and only if the proposed exemption is greater than 75%, or is longer than ten years.

No provision.

No provision.

Requires that the territory of a TFD consists of all territory of all counties that are participants in the associated regional transportation improvement project (RTIP) other than residential property and property exempt under a TIF arrangement.

No provision.

No provision.

Requires an agreement between the RTIP governing board and the owner of each parcel included in a TFD that specifies the projects and purposes for which owner's service payments will be used. Requires, in the absence of such an agreement, that the parcel be excluded from the TFD. Expressly allows the governing board to amend a TFD resolution for the purpose of adding an excluded parcel if an agreement is later reached.

Fiscal effect: A TFD generates funding for transportation improvements by exempting the increase in assessed value of nonresidential parcels from property taxation and collecting service payments from the property owners. Only the RTIP in Stark, Carroll, and Columbiana County is eligible to create a TFD.

TAXCD93 Tax increment financing changes		R.C. 5709.51, Section 757.70
No provision.	No provision.	Modifies the circumstances under which a county, municipality, or township may extend the term of a tax increment financing arrangement (TIF) by an additional 30 years, as authorized under current law. Applies the changes to pending and completed proceedings:
No provision.	No provision.	--Provides an alternative to the existing requirement that the TIF service payments exceed \$1.5 million in the year before the extension is adopted, allowing a subdivision to determine that payments will meet the \$1.5 million threshold in a future year of the TIF;
No provision.	No provision.	--Applies a bar that prohibits an extension if the service payments exceeded \$1.5 million in any year preceding the year before the extension is adopted to extensions adopted after 2023 (current law only applies this bar to extensions adopted after 2020);
No provision.	No provision.	--Allows a subdivision to extend the term of a TIF in the original ordinance or resolution authorizing the TIF, presumably based on the subdivision's determination that the payments will meet the \$1.5 million threshold in the future, rather than waiting for or satisfying one of the above requirements to amend an existing ordinance or resolution to authorize an extension.
No provision.	No provision.	Authorizes the legislative authority of an impacted city, i.e., a city that meets certain urbanization or disaster criteria, to, before July 1, 2024, adopt an ordinance providing that the public improvements directly benefiting parcels for which TIF service payments have been used have been sufficiently provided for and reallocating service payments to other public improvements that do not directly benefit the parcels but that contribute to urban redevelopment.

Requires the owner of such property to report the property's operating income and expenses to the county auditor of the county in which the property is located in each reappraisal and update year for the purpose of applying this formula. Prescribes presumptive amounts to be used in the formula for certain income and expenses that are a percentage of gross potential rent or operating income, which may be exceeded by a property's actually reported amounts. Sets a minimum total value for such property of the greater of 150% of the unimproved land value or \$5,000 per dwelling unit.</p>	<p>R.C. 5713.03, ; Section 803.280</p> <p>No provision.</p>
