No provision.	Creates a financing system for the state to aid counties in constructing or renovating county jail facilities.	No provision.
No provision.	Requires TAX biennially to rank all counties, after which OFCC invites certain low ranking counties to apply and conducts an on-site assessment of existing jail facilities to determine need.	No provision.
No provision.	Requires OFCC to approve a project only if the project conforms to DRC standards and keeps with the county's needs as determined by the assessment, and the county can prove it can generate adequate revenue to fund the county's share of the basic project cost, and its operations and maintenance.	No provision.
No provision.	Specifies the means by which a county may generate revenue for its share of the project cost, and prohibits counties from submitting, as evidence of adequate funding, any proposal to rent any portion of the jail facility to other political subdivisions.	No provision.
No provision.	Sets a county's share at 1% of the basic project cost times the percentile in which the county ranks according to OFCC's funding formula, with a cap at 75%. Requires the Controlling Board to approve or reject OFCC's determination, the amount of the state's share of the basic project cost, and the amount of the state's share to be encumbered in the current fiscal year.	No provision.
No provision.	Prohibits the Controlling Board from approving a project if the county had a project approved in the last 20 years, unless the county demonstrates an exceptional increase in need.	No provision.
No provision.	Requires, if the county has met its share of the basic project cost, OFCC to enter an agreement with the board of county commissioners or the multicounty jail facilities construction commission (MCJFC), and specifies its terms.	No provision.

**Fiscal effect: The fiscal impact will depend on how much money is transferred or appropriated to the Jail Facility Building Fund by the General Assembly and any grants, gifts, or contributions received by OFCC. Counties receiving a minimum of 25% state funding through the jail construction funding process could save between \$2.3 million and \$6.9 million for the construction of a 100-bed facility. A portion of moneys appropriated from the fund may be used to cover costs incurred by OFCC to evaluate county needs, manage projects, and to perform and manage needs assessments, all of which may require additional resources, staff, or both. The bill authorizes counties, with voter approval, to levy property taxes for jail operation and debt service on bonds for jail construction.**
