EDUCD114 Student transportation - noncompliance		
	R.C. 3327.021	R.C. 3327.021, 3327.01, Section 265.580
No provision.	No provision.	Removes the current law standard of "a consistent or prolonged period of noncompliance" for determining whether penalties apply for noncompliance with student transportation requirements and, instead, defines "out of compliance" as a period of time of five consecutive school days or more than 10 school days within a school year in which any of the following occur for each of those days: (a) students arrive more than 30 minutes late to school, (b) students are picked up more than 30 minutes after the end of the school day, (c) students do not receive any transportation at all due to the failure of the bus to arrive, and (d) noncompliance with any other student transportation requirements under continuing law. Exempts days in which inclement weather caused any of the above to occur from counting towards the period of noncompliance. Specifically prohibits bus operators from delivering students to school late.
No provision.	Limits a district's penalty for noncompliance with its student transportation responsibilities to the daily amount of its state transportation payment for the number of students who did not receive the required transportation for each day that the district is not in compliance, instead of the total daily amount of that payment for each day not in compliance (under continuing law, the amount of the penalty is deducted from a district's state transportation payment).	Replaces the House provision with provisions that require DEW to (1) withhold (instead of deduct) transportation payments from a district that is found to be out of compliance for each day the district is determined to be out of compliance, (2) calculate, for each day the district is found to be out of compliance, the daily amount of the district's transportation payment on a per-pupil basis, and, (3) using the district's withheld transportation funds, disburse the per- pupil amount to the district in which the student is enrolled, which must then remit those funds to the parent or guardian of the student who did not receive proper transportation while the district was out of compliance.

The Department currently defines "prolonged" noncompliance as 10 consecutive school days of noncompliance and "consistent" noncompliance as 10 total school days of noncompliance in any given semester. ovision.	Limits the portion of sports gaming tax revenue that must be used to support K-12 athletics and other extracurricular activities to the lesser of \$15 million per fiscal year or 50% of that revenue for that year, rather than 50% of the Sports Gaming Profits Education Fund (Fund 5YOO) as under current law. Allocates the remainder of the revenues in Fund 5YOO, instead of the other 50%, for the general support of public and nonpublic education for students in grades K-12.	Replaces the House provision with a provision that requires all of the sports gaming tax revenue allocated to Fund 5YOO (98% of all such tax revenue) to be used for the general support of public and nonpublic education for students in grades K-12.
	Fiscal effect: Increases the amount of sports gaming tax revenues available to support public and nonpublic education. The bill appropriates \$50 million in each fiscal year from these remaining funds in Fund 5YO0 ALI 200491, Public and Nonpublic Education Support, to be used in conjunction with the GRF to fund formula aid payments (see EDUCD91).	Fiscal effect: Same as the House, but shifts the \$15.0 million in each fiscal year allocated for K-12 athletics and other extracurricular activities in Fund 5YO0 ALI 200490, Interscholastic Athletics and Extracurricular Activities, to ALI 200491 (see EDUCD91).

		Fiscal effect: The provision applies to three schools: Buckeye Community School, Buckeye Community School at London, and Buckeye Community School at Marion. Increases from 250% to 400% of the federal poverty level (FPL) income eligibility threshold that a recipient's family must meet to be eligible for a first-time income-based Educational Choice (EdChoice) scholarship.	Same as the Executive, but increases the income eligibility threshold to 450% FPL.	Replaces the House provision with provisions that (1) expand eligibility for an income-based EdChoice scholarship to any student entering grades K-12 in the school year for which the scholarship is sought and (2) subject scholarship amounts to means testing for first-time recipients, and any recipient whose parent elects to do so, as follows:	
No provision.	No provision.	Provides a "base" scholarship amount equal to the amount that a student would receive if enrolled in the traditional EdChoice program (estimated at \$6,165 for students in grades K-8 and \$8,407 for students in grades 9-12) for a student whose household income is at or below 450% of the federal poverty level (FPL) for the fiscal year.

No provision.	No provision.	For students above 750% FPL, \$650 for grades K-8 and \$950 for grades 9-12.
No provision.	No provision.	Prescribes, beginning with FY 2025, a logarithmic function formula that calculates reduced scholarship amounts based on a student's household income-to-poverty ratio for students with household incomes above 450% FPL, such that, for example, a student with a household income of 550% FPL receives 50% of the base amount and a student with a household income of 650% FPL receives 25% of the base amount.
No provision.	No provision.	Prescribes, beginning with FY 2025, a minimum scholarship amount of 10% of the base amount.
No provision.	No provision.	Requires DEW, in calculating a student's EdChoice scholarship amount using the logarithmic function formula, to use the family income documentation submitted for the first school year the student has an amount calculated under the formula for that school year and subsequent school years, unless the student's parent requests that DEW recalculate the amount based on updated documentation for a subsequent school year.
Increases from at or below 100% FPL to at or below 250% FPL the income eligibility threshold for the second tier of prioritization order for income-based EdChoice scholarships if the number of eligible students who apply for scholarships exceeds the number of available scholarships based on appropriations (current law requires ODE to award scholarships first to renewing students, second to eligible students at or below 100% FPL, and third to all other eligible students).	Same as the Executive, but further increases the income eligibility threshold to at or below 300% FPL.	Replaces the House provision with a provision that eliminates the current law priority order if the number of eligible students who apply for a scholarship exceeds the scholarships available based on the appropriation.
No provision.	No provision.	Bases the income eligibility threshold for an income-based EdChoice scholarship on a "family's adjusted gross income" rather than "family income."

No provision.	No provision.	Permits a student's parent or guardian to certify income eligibility to DEW by: (1) an affidavit affirming that the student's family income meets the income requirement, (2) proof of income eligibility under another state or federal program, or (3) other evidence determined appropriate by DEW. Exempts an individual who is not required to file a state tax return under continuing law requirements from the requirement to certify income eligibility.	
Permits, beginning July 1, 2023, any funds appropriated from GRF ALI 200550, Foundation Funding-All Students, to be used to administer the expansion of the EdChoice program to students whose family is at or below 400% FPL.	Same as the Executive, but increases the income eligibility threshold to 450% FPL.	Same as the House, but eliminates any income requirement to receive funds.	
Fiscal effect: Likely increases the number of scholarship recipients. An estimated \$660.8 million in FY 2024 and \$722.5 million in FY 2025 is available for all scholarship programs, including traditional and income-based EdChoice, Cleveland, Autism, and Jon Peterson Special Needs scholarships.	Fiscal effect: Increases the estimated allocation for scholarships by \$49.0 million in each fiscal year. Automatic increases in maximum scholarship amounts (resulting from changes in the statewide average base cost per pupil (see EDUCD38)) and the increase in the JPSN capped amount (see EDUCD117) increase estimated scholarship costs by \$72.9 million in FY 2024 and \$80.4 million in FY 2025 compared to the executive proposal, bringing the total estimated amount available for all scholarships to \$782.7 million in FY 2024 and \$851.9 million in FY 2025.	Fiscal effect: Increases the estimated allocation for scholarships by \$181.8 million in FY 2024 and \$190.7 million in FY 2025, bringing the total estimated amount available for all scholarships, when combined with changes to other scholarships (see EDUCD117), to \$964.5 million in FY 2024 and \$1.05 billion in FY 2025.
