DVMCD1	Televet veterinary services		
		R.C. 4741.04, and 4741.041	R.C. 4741.04, and 4741.041
No provision.	No provision.	Generally allows a licensed veterinarian to conduct veterinary telehealth services if:	Same as the Senate.
No provision.	No provision.	(1) The veterinarian obtains the informed consent from the client, including an acknowledgement that the standards of care equally apply to in-person and telehealth visits.	Same as the Senate.
No provision.	No provision.	(2) The veterinarian provides the client with the veterinarian's name and contact information and secures an alternate means of contacting the client if the telehealth visit is interrupted.	Same as the Senate.
No provision.	No provision.	(3) Before conducting an evaluation of a patient via a telehealth visit, the veterinarian advises the client concerning certain information, including that the veterinarian may ultimately recommend an in-person visit.	Same as the Senate.
No provision.	No provision.	States that, for veterinary telehealth services, the practice of veterinary medicine occurs in the state in which the patient is located.	Same as the Senate.
No provision.	No provision.	Generally prohibits a licensed veterinarian whose client is raising livestock for human food products from using telehealth services unless the veterinarian has previously established a veterinary-client-relationship in person with the livestock.	Same as the Senate.

Executive	As Passed By House	As Passed By Senate	As Reported By Conference Committee
No provision.	No provision.	Allows, however, a licensed veterinarian whose client is raising livestock for human food products to conduct tele-advice before establishing a veterinary-client-relationship in person.	Same as the Senate.
No provision.	No provision.	Allows a licensed veterinarian to prescribe drugs or medications after establishing a veterinary-client-patient relationship via telehealth services with several provisos, including that the veterinarian may issue an initial prescription for up to 14 days and, after a subsequent telehealth visit, one refill for up to 14 days.	Same as the Senate.
No provision.	No provision.	Allows for an examination of a patient in real time via telehealth services to be one of the factors that determine whether a veterinary-client-patient relationship exists and that the veterinarian has demonstrated knowledge of a patient.	Same as the Senate.
Fiscal effect: None.			Fiscal effect: Same as the Senate.
