PUCCD2 Rehearing request**R.C. 4903.10**

Stipulates that a final order issued by PUCO is affirmed by operation of law if PUCO does not affirm, abrogate, or modify the original order within 150 days of the date it granted a rehearing request.

Fiscal effect: None.**R.C. 4903.10**

Same as the Executive, except the deadline is reduced from 150 days to 90 days.

Fiscal effect: Same as the Executive.**PUCCD6 Electric light company****R.C. 4905.03**

Excludes a facility for the production of electricity from being an "electric light company" in the public utilities law if it is located on a customer-generator's premises or, for mercantile customers, within the certified territory of the electric utility providing service to the mercantile customer, operates in parallel with the electric utility's transmission and distribution facilities, and is primarily intended to offset part or all of the customer-generator's or mercantile customer's electricity requirements.

Fiscal effect: Potential savings in PUCO's administrative costs through decreased regulatory oversight and compliance requirements.

No provision.

PUCCD4 Net metering systems**R.C. 4928.01, 4928.67**

Modifies the definition of "net metering system" to include facilities that use fully dispatchable green energy as fuel and facilities not located on the customer-generator's premises but within the certified territory of the electric utility serving a mercantile customer.

Requires mercantile customers with off-site net metering systems to be billed for the net electricity supplied by the utility if the electricity provided exceeds the electricity generated and fed back by the customer-generator during the billing period, and for distribution and transmission services for all electricity used, according to the rates and charges in the utility's tariffs.

No provision.

No provision.

Fiscal effect: Potential increase in administrative costs to regulate modified net metering systems.

PUCCD5 Competitive retail electric service state policy

R.C. 4928.02

Modifies the existing competitive retail electric service state policy by encouraging the development of customer-sited generation and expanding the current policy to ensure that a customer-generator or owner can market and deliver the electricity it produces to apply to marketing and delivering that electricity through power purchase agreements or other contractual agreements.

No provision.

Fiscal effect: None.

PUCCD3 Customer sited green energy resource

R.C. 4928.47

Allows an electric distribution utility to enter into an agreement with a mercantile customer or group of mercantile customers to construct a customer sited "green energy resource" in Ohio (in addition to customer sited renewable energy resources allowed under current law).

No provision.

Fiscal effect: Potential indirect revenue increases as the inclusion of natural gas in green energy resources could boost development, leading to higher tax revenue.

PUCCD7 Percentage of Income Payment Plan (PIPP) Rider creation and Universal Service Rider repeal

R.C. 4928.52, 4928.53, 4928.54, 4928.542, 4928.543, 4928.544, 4928.545

R.C. 4928.52, 4928.53, 4928.54, 4928.542, 4928.543, 4928.544, 4928.545

Replaces the Universal Service rider with the Percentage of Income Payment Plan (PIPP) rider on retail electric distribution rates as determined by PUCO.

Requires the PIPP rider to recover the prudently incurred costs of providing the PIPP program for each electric distribution utility (EDU), the EDUs' allocated shares for funding the low-income customer assistance programs administered by ODJFS, according to each electric distribution utility's annual distribution service revenues, and any amount necessary to fund administrative costs of the low-income customer assistance programs.

Same as the Executive.

Requires each EDU's allocation to include a separately designated allocation equal to the EDU's share of an amount not to exceed \$15 million annually for funding the consumer education program and requires each EDU to remit to ODJFS the EDU's allocated share for the consumer education program and its administrative costs of the low-income customer assistance programs by June 30 each year.

Same as the Executive.

Requires PUCO to administer the PIPP rider and perform periodic audits of each EDU's PIPP rider, and requires PUCO to adopt rules for the administration of the PIPP rider and to cooperate with, and provide assistance to, the ODJFS Director regarding low-income customer assistance program administration.

Same as the Executive.

Requires PUCO (instead of DEV) to establish a competitive procurement process for the supply of competitive retail electric service for PIPP program customers and to aggregate program customers for this purpose.

Same as the Executive.

Fiscal effect: Potential increase in costs for ODJFS and PUCO and potential decrease in costs for DEV, both likely minimal. The Universal Service Fund (Fund 5M40) collected over \$357 million in FY 2024. Costs for agencies for this purpose are reimbursed by the PIPP rider, paid by electric consumers. Potential minimal change in costs of electricity for the state and local governments as ratepayers.

PUCCD8 Publicly available EV charging stations

No provision.

R.C. 4933.51, 4933.53, 4933.54, 4933.55, 4933.57, 4933.59
Prohibits an electric distribution utility (EDU) from owning or operating a publicly available electric vehicle (EV) charging station, with certain exceptions regarding EDU funding, EDU affiliate or subsidiary ownership/operation, and EDU ownership in an area of last resort.

No provision.

Establishes special requirements and procedures regarding EDU ownership of a publicly available EV charging station in an area of last resort.

No provision.

Permits any person to notify PUCO of intent to provide a publicly available EV charging station within a ten-mile radius of the EDU-proposed location, and that it intends to request make-ready infrastructure from the EDU.

No provision.

Prohibits EDU revenues for providing electric distribution service from, directly or indirectly, subsidizing investments in the ownership or operation of EV charging stations, with certain exceptions.

Fiscal effect: None.
