Eligibility

MCD40 Hospital presumptive eligibility

R.C. 5163.102

No provision.

By January 1, 2026, requires ODM to submit a waiver request to CMS to eliminate mandatory Medicaid hospital presumptive eligibility and limit presumptive eligibility determinations to only pregnant women and children.

No provision.

Requires that the waiver request include a program by which ODM sets presumptive eligibility standards for qualified hospitals and establishes penalties for failure to meet them.

No provision.

Requires ODM to submit a new waiver request within 24 months of any denial or waiver withdrawal.

No provision.

Prohibits ODM from designating itself as a qualified health entity for presumptive eligibility determinations or any other purpose not expressly authorized by state or federal law.

No provision.

Not later than 90 days after receiving waiver approval from CMS, requires the Auditor of State to conduct an audit to ensure compliance with these requirements.

Fiscal effect: ODM will incur administrative expenses to prepare and apply for the specified waiver. Conditional on waiver approval, ODM and the Auditor of State would incur expenses related to the subsequent audit. Also conditional on waiver approval, ODM may then experience decreases in service costs if fewer individuals receive coverage as a result of the new presumptive eligibility procedures.

No provision.

Section: 333.360

If, during FY 2026 or FY 2027, the FMAP for the Medicaid Group VIII is set below 90%, requires ODM to establish a phased transition plan to assist individuals who are no longer Medicaid eligible by redirecting them to private insurance subsidies or charity care programs that provide medical assistance. (See OBMCD32).

No provision.

Permits the ODM Director to establish a temporary hospital assessment and/or federally qualified health center assessment and federally qualified health center look-alike assessment to offset the cost of uncompensated care that may result from providing medical care to former members of Group VIII.

No provision.

If the ODM Director establishes such a temporary hospital assessment and/or federally qualified health center assessment and federally qualified health center look-alike assessment, permits the Director to request Controlling Board approval of transfers and increases of appropriations as necessary to implement the assessment(s). Appropriates any approved amounts.

Nursing Facilities

MCD65 Private room incentive payments

No provision.

R.C. 126.021, 5162.138, 5165.158

Regarding the private room incentive rate paid to nursing facilities for private occupancy rooms, removes: (1) outdated terms related to the initial CMS approval and ODM initial application process, and (2) a provision permitting ODM to deny an application if expenditures on the private room payments are projected to exceed \$160 million in a fiscal year.

Executive

As Reported By House Finance

No provision.

Instead, (1) permits ODM to deny an application if the application would cause the total number of private rooms in the state to exceed 15,000 and (2) prohibits ODM from paying the private room incentive payment rate for more than 15,000 rooms.

No provision.

Beginning in 2026, requires ODM to submit a quarterly report to JMOC about the number of private rooms in Ohio nursing facilities, including the total number of licensed private beds and the number of those beds that are occupied by Medicaid residents, and requires the information in that report to be included in the Medicaid caseload and expenditures report.

Fiscal effect: Depending on number of approved private rooms as of the effective date, possible service savings if spending is further below the previous cap. Possible administrative costs related to reporting requirements.

MCDCD1 Waiver of ineligibility period for nursing facility services

Fiscal effect: Although the Executive did not change the minimum, it included appropriations to administratively increase the allowance for individuals to \$100 and for couples to \$200 beginning in 2026. The House decreases GRF ALI 651525, Medicaid Health Care Services, by \$5,475,000 (\$1,581,728 state share) in FY 2026 and \$21,900,000 (\$6,230,550 state share) in FY 2027.

MCDCD9 Case-mix score grouper methodology for nursing facilities

R.C. 5165.192

When determining a case-mix value for a nursing facility, requires ODM to use the grouper methodology used on October 1, 2019, for the patient driven payment model nursing index, by the U.S. Department of Health and Human Services (HHS) for prospective payments of skilled nursing facilities under the Medicare program, instead of the grouper methodology used on June 30, 1999.

Same as the Executive.

Modify the grouper methodology by either (1) establishing a different hierarchy for assigning residents to case-mix categories under the methodology or (2) allowing the use of the index maximizer element of the methodology.

MCDCD10 Nursing facility quality incentive payment

R.C. 5165.26

Eliminates provisions of law that specify that if a nursing facility undergoes a change of owner on July 1, 2023, or later, the facility is ineligible to receive a Medicaid quality incentive payment until the earlier of the Jan 1 or the July 1 that is at least six months after the effective date of the change of owner, if within one year after the change of owner, there is an increase in the lease payments or other financial obligations of the operator to the owner above the payments or obligations specified by the agreement between the previous owner and the operator.

R.C. 5165.26

Same as the Executive.

Specifies that if a nursing facility undergoes a change of operator with an effective date of July 1, 2025 (changed from July 1, 2023) or later, the facility is not eligible to receive a quality incentive payment until the earlier of Jan 1 or July 1 that is at least six months after the effective date of the change of operator.

Same as the Executive.

Fiscal effect: By removing a limitation that delayed payment for some owners, ODM might experience a cost increase in quality incentive payments to nursing facilities meeting the specified conditions.

Fiscal effect: Same as the Executive.

No provision.

Section: 333.263

For FY 2026 and FY 2027, requires ODM to provide a rate add-on of \$110 per treatment for dialysis services provided in a nursing facility to an individual enrolled in the Medicaid program.

No provision.

Specifies that payments made under payment rates specified in a contract between Medicaid MCOs, third-party administrators, and a 340B grantee are subject to audit by ODM.

No provision.

Fiscal effect: The program changes would be expected to increase drug rebate revenues in FY 2027. As a result, appropriations in DPF ALI 651639, Medicaid Services - Recoveries (an ALI funded by drug rebate revenues), are increased by \$95,211,545, which will receive federal match of \$239,451,179 in FED ALI 651623 Medicaid Services - Federal. These funds are proposed to be used as non-GRF offset, leading to decreased GRF spending in GRF ALI 651525, Medicaid Health Care Services, of \$334,662,724 (\$95,211,545 state share) in FY 2027.

Fiscal effect: Removal of Executive-added provisions expected to increase drug rebate revenues in FY 2027 lead to undoing of proposed increases in non-GRF spending and decrease in GRF spending. Resulting changes in FY 2027 are: an increase in GRF ALI 651525, Medicaid Health Care Services, by \$334,662,724 (\$95,211,545 state share); a decrease in DPF ALI 651639, Medicaid Services - Recoveries, by \$95,211,545; and, a decrease in FED ALI 651623, Medicaid Services - Federal, by \$239,451,179.

TOSCD9 Ohio STABLE accounts

R.C. 113.51, 113.53; Section 413.40

No provision.

Exempts funds in an ABLÉ account from collection under the Ohio Medicaid Estate Recovery Program to the extent permitted under federal law.

No provision.

Requires TOS to pay account fees associated with an ABLÉ account on behalf of an Ohio account owner or beneficiary.

No provision.

Requires Fund 4E90 ALI 090639, STABLE Maintenance Fee Subsidy, be used to subsidize costs of monthly fees incurred by account holders for eligible individuals with disabilities.

Fiscal effect: Exempting funds in an ABLÉ account from collection under the Ohio Medicaid Estate Recovery Program would likely result in a reduction in state revenues, as the state would be unable to recover Medicaid costs from these accounts after the account holder’s death. Additionally, TOS would incur increased expenses in the short term due to the costs associated with maintaining Ohio ABLÉ accounts. As of December 1, 2024, there are approximately 44,000 active ABLÉ accounts. The monthly maintenance cost is \$1.25 for Ohio residents and \$2.25 for out-of-state residents, with additional fees based on the usage of account services.
