Legal Basis: Discontinued line item

Purpose: This line item provided debt service payments to retire special revenue bonds issued for state-supported school facilities projects. These special revenue bonds were issued before 2000; all of them were retired in 2008. A 1999 constitutional amendment authorized the state to issue general obligation bonds for the purpose of financing capital needs of primary and secondary education. In contrast with special revenue bonds, which are paid by a dedicated revenue source (in this case, GRF), general obligation bonds are backed by the full faith and credit of the state. Because of this additional backing, general obligation bonds can generally be issued at lower interest rates than special revenue bonds. Since 2000, the state has issued only general obligation bonds for state-supported school facilities projects.
