**Purpose:** This line item provided debt service payments to retire the special revenue

bonds issued for financing capital improvements for state-supported colleges and universities. These special revenue bonds were issued before 2000 and all of them were retired by the end of FY 2014. A 1999

backed by the full faith and credit of the state. Because of this additional backing, general obligation bonds can be issued at lower interest rates than

special revenue bonds.

**Purpose:** This line item provides an eligible campus with the difference between its

formula-determined debt service amount under the capital allocation formula used prior to 2012, and the actual debt service amount received by the campus. The funds can be used by the campus only for capital projects. From 1999 to 2012 DHE implemented an incentive-based capital funding policy which determined each campus's debt service amount through a formula. Campuses, other than the Ohio Agricultural Research and Development Center (OARDC), that received debt service amounts higher than their formula-determined amounts will have the difference deducted from their State Share of Instruction subsidy allocations. For OARDC, the difference is deducted from GRF line item 235535, Ohio Agricultural Research and Development Center. These deducted funds are transferred into this line item. The transferred funds and the original appropriation for this item are distributed to campuses that received debt service amounts less than their formula-determined amounts.

**Purpose:** This line item supports the National Guard Scholarship Program that

provides 100% tuition to Ohio National Guard members attending state colleges or universities. Guard members attending private universities are eligible for scholarships equal to average state tuition at public institutions. If funds are not sufficient to meet full tuition for all eligible applicants, scholarship amounts are reduced and the institutions enrolling the scholarship recipient must make up the difference in the recipient's award amount. The program serves as both a recruitment and retention tool for the Guard and has proved to be an effective incentive for enlisting. Any unused balance of this item is transferred to the National Guard Scholarship Reserve Fund (Fund 5BM0) at the end of each fiscal year.

**Purpose:** This line item provides debt service payments to retire general obligation

bonds issued for state-assisted colleges and universities. A 1999 constitutional amendment authorized the state to issue general obligation bonds for the purpose of financing capital needs of state-assisted colleges and universities. In contrast with special revenue bonds, which were paid by a dedicated revenue source, general obligation bonds are backed by the

full faith and credit of the state. Because of this additional backing, general obligation bonds can generally be issued at lower interest rates than special revenue bonds. Since 2000, the state has issued only general obligation

bonds for capital needs of state-assisted colleges and universities.
