Purpose: This line item is used to provide funding for up to five districts, schools, or consortia of districts and schools led by educational service centers to implement a competency-based pilot system that allows students to progress through classes at their own pace. Pilot sites receive up to \$200,000 in each fiscal year to plan for implementing the program from FY 2017 to FY 2019, subject to certain specified program requirements. A portion of the line item may be used by the Superintendent of Public Instruction to provide technical assistance and administration of the program.

**Legal Basis:** Discontinued line item (originally established by Am. Sub. H.B. 204 of the 113th G.A.)

Purpose: This line item was used to reimburse school districts for losses incurred as a result of the 10% and 2.5% "rollback" reductions in real property taxes and as a result of the "homestead exemption" reduction in real property taxes. Beginning in FY 2010, this line item was also used to reimburse school districts for tax revenue lost from Class 2 real property and public utility tangible personal property as a result of passing a conversion levy. Under Am. Sub. H.B. 59 of the 130th G.A., the rollback payments no longer apply to new or replacement levies approved by voters at the November 2013 election and onward. That bill also altered the homestead exemption program so that newly eligible elderly or disabled homeowners must have an Ohio adjusted gross income of less than \$30,000 to qualify (persons currently receiving the exemption for their current home do not lose it). Since 2007, all elderly or disabled homeowners qualified regardless of income. Prior to that, the homestead exemption was also means-tested. Beginning in FY 2016, these payments are made from GRF line item 200903, Property Tax Reimbursement - Education, located in the State Revenue Distributions (RDF) section.

**Source:** Dedicated Purpose Fund Group: Sales of tests and test services; fees for transcripts and duplicate diplomas

**Legal Basis:** Section 263.10 of Am. Sub. H.B. 64 of the 131st G.A. (originally established in 1929)

**Purpose:**Prior to FY 2015, this line item was used primarily for reimbursements to<br/>GED testing centers. The funds were provided through a fee charged for<br/>taking the test. In 2014, GED test administration and credentialing<br/>transitioned from the state to the national testing entity, GED Testing<br/>Service. Under this arrangement, the national testing entity centrally<br/>collects testing fees, reimburses the testing centers, and operates an<br/>electronic transcript system. Beginning in FY 2015, this line is used only for<br/>incidental expenses related to the GED testing program.

- **Purpose:** These funds are used to award competitive matching grants to eligible school districts to provide funding for local networks of volunteers and organizations to sponsor career advising and mentoring for students. Eligible school districts are those with a high percentage of students in poverty, a high number of students not graduating on time, and other criteria determined by the Superintendent of Public Instruction. These districts must partner with members of the business community, civic organizations, or the faith-based community to provide sustainable career advising and mentoring services. Grant awards match up to three times the funds allocated to the project by the local network.

Each brick-and-mortar school receives per-pupil<br>amounts of \$150 in FY 2016 and \$200 in FY 2017, increased from the per-<br>pupil amount of \$100 in FY 2014 and FY 2015. - **Source:** Revenue Distribution Fund Group: 34.7% of receipts from the commercial activities tax
- **Legal Basis:** Discontinued line item (originally established by Am. Sub. H.B. 66 of the 126th G.A.)
- Purpose: This line item was used by ODE, in consultation with the Department of Taxation, to make payments to school districts and joint vocational school districts. These payments helped to compensate school districts and joint vocational school districts for their losses arising from the phase-out of general business tangible personal property taxes as a result of H.B. 66 of the 126th G.A. H.B. 153 of the 129th G.A. accelerated the phase-out of the direct reimbursements for many districts based on the proportion of the district's state and local funding attributable to the reimbursement received in FY 2011. Reimbursements were frozen at the FY 2013 level for FY 2014 and FY 2015. Am. Sub. H.B. 64 of the 131st G.A. resumes the phase-out of reimbursements beginning in FY 2016. Reimbursements will be phased out by a certain percentage each year based on a district's property wealth and personal income until the reimbursements eventually end. Beginning in FY 2016, these payments are funded from RDF Fund 7047 line item 200902, Property Tax Replacement Phase Out - Education, located in the State Revenue Distributions (RDF) section.

- Legal Basis: Section 263.10 of Am. Sub. H.B. 64 of the 131st G.A. (originally established by Controlling Board on May 4, 1987)
- Purpose: This line item provides emergency management services to school districts. Specifically, ODE provides training, resources, tools, and information to support school safety and security, including emergency management planning. Prior to FY 2014, this line item promoted drug free schools in accordance with federal Safe and Drug Free Schools and Communities Act. Traditionally, most of these funds were distributed to school districts based on a federal formula for use in drug and violence prevention activities, with the remaining funds used for related ODE administrative and state level activities. When the federal law expired, ODE used the remainder of the federal grant award to provide competitive grants to Ohio's schools. In addition, funds were used for personal service contracts to maintain an online career development resource, to sustain the School Climate Profile System, and to train parent advocates on prevention and intervention strategies to reduce violence, alcohol, tobacco, and drug abuse in schools and communities.

**Legal Basis:** Discontinued line item (originally established by Controlling Board on December 13, 2010)

**Purpose:** This line item was used to support a State Literacy Team to develop a comprehensive literacy plan for Ohio. The purpose of the plan was to advance literacy skills for students from birth to grade 12 by focusing on literacy development and education. These funds were awarded pursuant to a formula based on each state's share of non-ARRA Title IA funds for federal fiscal year (FFY) 2009. Formula grant funding under the Striving Readers Program was discontinued after FFY 2010.

Purpose: This line item is used to provide grants to local educational agencies and to community and faith-based organizations to create community learning centers that provide academic enrichment opportunities for children, particularly students who attend high-poverty and low-performing schools. The grant funds are used for remedial education activities and academic enrichment programs, tutorial and mentor services, after school activities emphasizing language skills, recreation activities for limited English proficient students, technology programs, and activities that promote parental involvement, drug prevention, arts and music education, mathematics and science education, violence prevention, and character education. ODE may use up to 2% of the funds for administrative expenses and up to 3% of the funds for other state-level activities. Under the state's ESEA flexibility waivers, the state may permit community learning centers to use these funds to support expanded learning time during the school day in addition to non-school hours.
