Purpose: The fund receives fees for unified carrier registration. The Revised Code requires that annual fee amounts levied by PUCO be identical to those established by the Unified Carrier Registration Agreement (UCRA) Board of Directors as approved by the Federal Motor Carrier Safety Administration. Federal law mandates that all motor carriers required to register with the U.S. Department of Transportation (including private, for-hire, and exempt carriers, as well as brokers, freight forwarders, and leasing companies) pay the fees. Purely intrastate motor carriers are not subject to unified carrier registration fees.

Purpose: This line item funds the administrative costs of the civil forfeitures program, and centralizes collection of civil forfeitures from for-hire motor carriers, private motor carriers, or persons subject to the laws governing the transportation of persons or property. The Revised Code requires that the forfeitures be deposited into the Public Utilities Transportation Safety Fund (Fund 5LT0) until a point of parity is reached when the amount in the fund equals the total amount appropriated from the fund for the fiscal year. Once the point is reached, additional forfeitures must be deposited into the GRF.

Purpose: This line item contains operating funds for the Gas Pipeline Safety program. This federal grant program was originally authorized by the Natural Gas Pipeline Safety Act of 1968 and more recently by the Protecting our Infrastructure of Pipelines and Enhancing Safety Act of 2016. The grant supports up to 80% of the cost of personnel, equipment and activities reasonably required to carry out inspection and enforcement activities of intrastate pipeline facilities transporting natural gas or hazardous liquids. In order to remain eligible for the funds, the state must maintain a previously established level of effort. The state's share of expenses comes from line item 870622, Utility and Railroad Regulation.

Legal Basis: ORC 4921.21; Section 375.10 of H.B. 110 of the 134th G.A. (originally established by Controlling Board in 1984)

Purpose: These federal funds are used to administer the Motor Carrier Safety Assistance Program (MCSAP) involving the safe operation of commercial motor vehicles. Specific funded activities include vehicle inspections; traffic enforcement; motor carrier reviews; educational outreach by state agencies; safety data uploads and related data quality initiatives; and new entrant carrier reviews. To receive the grant, PUCO must maintain a certain level of expenditure, in addition to the required 15% matching share of a MCSAP grant award. Federal law changes in 2015 resulted in the consolidation of several federal grants, which increased the overall amount of funding for this specific grant. PUCO is the lead state agency for these federal funds, and the entire federal grant is appropriated through this line item. An appropriate amount of the grant is subsequently transferred to the Department of Public Safety to fund the Department's enforcement division.

Legal Basis: Section 375.10 of H.B. 110 of the 134th G.A. (originally established by H.B. 94 of the 124th G.A.)

Purpose: Beginning in federal fiscal year 2017, the Commercial Vehicle Information Systems and Networks (CVISN) Program was renamed as the Innovative Technology Deployment (ITD) Program, but many programmatic components remain the same. Federal funds for the ITD Program are used to enhance existing computer systems for commercial vehicle inspections and registration. PUCO serves as the lead state agency and coordinates projects with departments of Public Safety and Transportation. Multiple federal transportation grants, including CVISN, were consolidated in 2015 with the enactment of the Fixing America’s Surface Transportation Act, or FAST Act. The Motor Carrier Safety Assistance Program High Priority grant program now includes components of the previously separate CVISN grant program.
