**Purpose:** This line item provides an eligible campus with the difference between its formula-

determined debt service amount under the capital allocation formula used prior to 2012, and the actual debt service amount received by the campus. The funds can be used by the campus only for capital projects. From 1999 to 2012, ODHE implemented an incentive-based capital funding policy that determined each campus's debt service amount through a formula. Campuses that received debt service amounts higher than their formula-determined amounts have the difference deducted from their SSI subsidy allocations. These deducted funds are transferred into this line item. The transferred funds and the original appropriation for this item are distributed to campuses that received debt service amounts less than their formula-determined amounts.

**Purpose:** This line item funds need-based financial aid for higher education students through the

Ohio College Opportunity Grant (OCOG) Program. In general, OCOG award amounts are determined by subtracting the sum of the student aid index (SAI) (or expected family contribution (EFC) prior to FY 2025) and associated Pell award amount from the average instructional and general fees charged by the student's respective institutional sector. OCOG award amounts are published on ODHE's website annually. For FY 2026 and FY 2027, H.B. 96 specifies the maximum OCOG awards per eligible, full-time student for each institutional sector as follows: \$4,000 at a public institution of higher education; \$5,000 at a private nonprofit institution; and \$2,000 at a private career college. A portion of this item is also used by ODHE in each fiscal year to provide the following: (1) reimbursements to institutions under the Ohio Safety Officers College Memorial Fund program, which provides tuition assistance to the children and spouses of peace officers, fire fighters and certain other safety officers who are killed in the line-of-duty, and, since FY 2024, (2) grants on behalf of eligible adopted resident students under the college grant program established by H.B. 45 of the 134th G.A. **Purpose:** This line item supports ODHE's responsibilities related to teacher preparation

programs. Beginning in FY 2026, this item is used to implement and administer various reporting and surveying requirements of educator preparation programs, such as the Ohio Teacher Apprenticeship Program. Beginning with the first full academic year following adoption of new standards, each educator preparation program must align its standards for social studies with new standards adopted by DEW to ensure that educators and other school personnel are adequately prepared and trained in social studies. The Chancellor must complete a review and evaluation process to assess the degree to which each program has aligned with the standards within six months of the beginning of the first full academic year in which the new standards are used. In FY 2024 and FY 2025, ODHE used this line item to contract with the University of Texas at Austin to audit 49 of Ohio's 50 teacher preparation programs to determine the extent to which each program contains coursework in evidence-based strategies for effective literacy instruction aligned to the science of reading, as required by H.B. 33, and to award grants to public and private universities and colleges that assisted them with (1) aligning their educator preparation programs with the science of reading, and (2) placing student teachers with teachers whose instruction and instructional materials are aligned with the science of reading.

**Purpose:** This line item provides college scholarships to Ohio National Guard members. A Guard

member attending a state college or university receives a scholarship for 100% of the state institution's tuition charges. A Guard member attending a private university is eligible for a scholarship equal to the average state tuition at public institutions. A Guard member who is actively enrolled as a full-time or part-time student for at least three credit hours of coursework in a semester or a quarter in a credential-certifying program, licensing program, trade certification program, or apprenticeship program for an in-demand occupation also qualifies for a scholarship. If funds are not sufficient to meet full tuition for all eligible applicants, scholarship amounts are reduced and the institutions enrolling the scholarship recipient must make up the difference in the recipient's award amount. The program serves as both a recruitment and retention tool for the Guard and has proven to be an effective incentive for enlisting. Beginning in FY 2026, a portion of this line item may be used to administer the program if both the Chancellor and the Adjutant General agree to it. Any unused balance of this line item at the end of each fiscal year may be transferred to the National Guard Scholarship

**Purpose:** This line item provides debt service payments to retire general obligation bonds issued

for state-assisted colleges and universities. A 1999 constitutional amendment authorized the state to issue general obligation bonds for the purpose of financing capital needs of state-assisted colleges and universities. In contrast with special revenue bonds, which were paid by a dedicated revenue source, general obligation bonds are backed by the full faith and credit of the state. Because of this additional backing, general obligation bonds can generally be issued at lower interest rates than special revenue bonds. Since 2000, the state has issued only general obligation bonds for capital needs of state-assisted colleges and universities. The last special revenue debt obligations were retired in FY 2014.
