INTRODUCTION

The Ohio General Assembly appropriates money in the state treasury to more than 100 departments, boards, commissions, and other agencies. Appropriations are made to specific line items of specific funds for each agency. LSC prepares this Catalog of Budget Line Items (COBLI) to provide relevant information on every operating appropriation line item of a state agency. The catalog includes a table for each line item that indicates the fund to which the line item belongs, the line item number, the line item name, and a six-year funding history. Following the table is a brief description of that line item, including the revenue source, legal basis, and purpose (see below for an example). If applicable, the revenue source will include a Federal Assistance Listing (FAL) number, which is a unique identifier for federal assistance programs (formerly known as the Catalog of Federal Domestic Assistance (CFDA) number).

In the catalog, each agency's line items are arranged according to the fund groups to which the line items' funds belong. The line items within the General Revenue Fund appear first, followed by the Dedicated Purpose Fund Group, the Internal Service Activity Fund Group, and the Federal Fund Group. In addition to these four major fund groups, line items can be found in several other smaller fund groups, such as the State Lottery Fund Group and the Revenue Distribution Fund Group.

In addition to the printed version, the catalog may be viewed on LSC's website (lsc.ohio.gov).
