

Introduction

Section 103.13(H) of the Revised Code requires the Legislative Service Commission (LSC) to prepare a report each year evaluating the extent to which Ohio's various occupational licensing and regulatory boards and commissions are financially self-supporting. This report summarizes the year-end cash balances for funds used by 40 such boards and commissions in FY 2010 (July 1, 2009 through June 30, 2010). These 40 boards and commissions use a number of different state funds as operating accounts into which their receipts are deposited and from which their expenses are paid. As of June 30, 2010, the 19 funds used primarily by the boards and commissions for operations had a combined cash balance of \$74.4 million, compared to a combined cash balance of \$72.2 million as of July 1, 2009. As of June 30, 2010, the boards and commissions also encumbered a total of \$3.3 million in FY 2010 funds to be spent in FY 2011, leaving the funds with a combined unobligated cash balance of \$71.2 million. Collectively, the 40 boards and commissions had sufficient revenues to cover their expenditures and were financially self-supporting in FY 2010.

The financial and licensing data presented in this report was compiled from information provided by the boards and commissions and data from the Ohio Administrative Knowledge System (OAKS). The report is divided into three sections. Section I provides a simplified cash balance statement for the 19 funds used by the boards and commissions for operations and also summarizes their revenue and expenditure activity for FY 2010. Section II compares the total number of active licenses for each board or commission in FY 2010 to FY 2009. Section III provides agency staffing levels, web site addresses, and a summary of newly enacted legislative changes affecting the boards and commissions in FY 2010.

In addition to the printed version, this report may be viewed online at www.lsc.state.oh.us by clicking on Publications, and then Occupational Licensing and Regulatory Board Report under the Staff Research Reports heading.
