Introduction

Section 103.13(H) of the Revised Code requires the Legislative Service Commission (LSC) to prepare a report each year evaluating the extent to which Ohio's various occupational licensing and regulatory boards and commissions are financially self-supporting. The report is divided into two sections. Section I provides a simplified cash balance statement for the 23 funds used primarily by the boards and commissions for operations and summarizes the revenue and expenditure activities for FY 2023. Section II compares the total number of active licenses for each board or commission in FY 2023 to FY 2022. The financial and licensing data presented in this report was compiled from information provided by the boards and commissions and data from the Ohio Administrative Knowledge System (OAKS).

This report may be viewed online at <u>lsc.ohio.gov</u> by clicking on Budget Central, and then Occupational Licensing and Regulatory Board Report under the Budget Reference Documents heading.

Section I: Revenues, Expenditures, and Year-End Fund Balances

Year-end fund balances

This section of the report provides an overview of the year-end FY 2023 financial position of Ohio's occupational licensing and regulatory boards whose operations were supported by license fees, fines, penalties, and other assessments deposited into various non-GRF funds. None of these boards and commissions receive funding from the GRF. Table 1 is a simplified cash balance statement showing income and expenses in these 23 funds at the close of FY 2023.¹ Table 2 shows operating income and expenditures for each board by fund over the course of their licensing cycles. This information helps indicate whether these licensing and regulatory boards and commissions are financially self-supporting.

Table 1 shows that, as of July 1, 2022, the first day of FY 2023, the 23 funds had a combined cash balance of \$173.1 million. During FY 2023, a total of \$130.8 million in receipts (including transfers) were deposited into the funds and a total of \$96.0 million in expenditures (including transfers) were paid out of the funds. As of June 30, 2023, the last day of FY 2023, these 23 funds had a combined cash balance of \$208.6 million and outstanding encumbrances of just under \$3.6 million, leaving the funds with a combined, unobligated cash balance of about \$205.1 million. All 23 of these funds finished FY 2023 with positive unobligated cash balances.

Occupational Licensing and Regulatory Fund (Fund 4K90)

The Occupational Licensing and Regulatory Fund (Fund 4K90) serves as an operating fund for many of the boards and commissions covered in this report. Fund 4K90 finished FY 2023 with a cash balance of approximately \$38.4 million, an increase of approximately \$3.6 million (10.3%) from the beginning cash balance of \$34.8 million. The fund had year-end encumbrances of approximately \$1.7 million, leaving a year-end unencumbered balance of almost \$36.7 million.²

Fund 4K90 receipts totaled about \$48.1 million in FY 2023, a decrease of \$6.4 million (11.7%) when compared to FY 2022 receipts of \$54.5 million. Fund 4K90 expenditures and transfers out for FY 2023 totaled \$44.5 million, or \$2.6 million (5.5%) less than FY 2022 expenditures of \$47.1 million.

Legislative Service Commission

¹ Table 1, which shows fund cash balances, does not include the three funds that are used mainly for purposes other than board activities: the General Operations Fund (Fund 4700) used by the Department of Health, the Public Safety – Highway Purposes Fund (Fund 5TM0) used by the Department of Public Safety, and the Industrial Compliance Operating Fund (Fund 5560) used by the Department of Commerce. Nor does it include federal funds used by the State Board of Pharmacy.

² The Fund 4K90 balance reflects the combined cash balance of all boards and commissions operating out of the fund, including the contribution of the State Board of Career Colleges and Schools, which is otherwise not covered in this report.

Revenues and expenditures

After examining a fund's year-end cash balance, it may be helpful to examine a fund's revenue and expenditure patterns without taking into account the beginning cash balance. While a sufficient beginning cash balance may help a board or commission to absorb an operating deficit during a given year, a board or commission with an annual expenditure level consistently exceeding its annual revenue level may eventually have to reduce its expenditures, increase its license fees, or both. Table 2 lists revenues and expenditures for each board and commission at the fund level. It also compares each fund's revenues and expenditures to determine whether the revenues generated during a given period were sufficient to cover the expenditures incurred in that period. Transfers in and transfers out are excluded from this table in order to view board finances only pertaining to operations.³

Nearly all of the revenue received by the boards and commissions covered in this report comes from license fees.⁴ This means that license renewal cycles (generally one, two, or three years) can have a significant effect on annual revenues. For those boards and commissions issuing biennial licenses, the table lists total revenues and expenditures by fund over the FY 2022-FY 2023 period. Likewise, for boards and commissions issuing on a triennial basis, the table lists revenue and expenditure data over the FY 2021-FY 2023 period. Some boards and commissions with biennial or triennial license renewal cycles stagger their license renewal periods to avoid larger fluctuations in revenues and expenditures from year to year.

³ Table 2 excludes funds that are primarily used to disburse grants (and are therefore not used for general board operations): the CPA Education Assistance Fund (Fund 4J80), the Nurse Education Grant Program Fund (Fund 5AC0), and the Veterinary Student Loan Program Fund (Fund 5BU0).

⁴ The main exception is the State Board of Emergency Medical, Fire, and Transportation Services, which is primarily funded by fees and fines, such as a portion of moneys collected from seat belt law violations. Additionally, the State Board of Pharmacy has several grant funds, holding funds, federal funds, or special law funds that do not collect licensing revenue.

⁶ Fund 4J80 is used by the Accountancy Board to support educational grants and loans. Ten dollars of each license renewal fee issued by these boards is transferred into Fund 4U80 from Fund 4K90.

⁴ Funds 5ACO and 5BUO are used by the Board of Nursing and the Veterinary Medical Licensing Board, respectively, to support educational grants and loans. Ten dollars of each renewal fee issued by these boards is transferred into the respective funds from Fund 4K90.

⁷ Fund 83M0 includes some grant-related expenditures for emergency medical services organizations, in addition to licensure activities.

Section II: Active Licenses, FY 2022 and FY 2023

Table 3 lists the total number of active licenses for each board or commission for FY 2022 and FY 2023 and the percent change in the number of licenses between these fiscal years. Licenses first issued in FY 2023 are noted as "(New)" and discontinued licenses are noted as "(Discontinued)."
