**School Funding**

**EDUCD3 Community and STEM school funding formula**

R.C. 3314.08, 3326.33

Retains the overall structure of the formula used to calculate per pupil deductions from school districts and transfers to community and STEM schools, but (a) calculates the per pupil deductions for the opportunity grant, special education additional aid, economically disadvantaged funds, limited English proficiency funds, and career-technical education funds using the same dollar amounts as traditional school districts for FY 2016 and FY 2017 (see EDUCD1) and (b) calculates the per pupil deduction for K-3 literacy funds using dollar amounts of \$305 in FY 2016 and \$320 in FY 2017 (amounts that are equal to the sum of the dollar amounts used in calculating K-3 literacy funds for traditional districts).

No provision.

No provision.

R.C. 3314.08, 3314.085, 3326.33, 3326.41

Same as the Executive.

Provides community schools and STEM schools with performance bonus payments related to four-year graduation rates and community schools with performance bonus payments for third grade reading proficiency, both of which are paid directly by the state. Calculates the bonuses in the same manner as those for traditional school districts, but does not use the state share

**Fiscal effect: Alters the per pupil amount deducted from school district state funding allocations compared to current law. In FY 2014, transfers of state aid to community and STEM schools amounted to about \$909 million. In addition to the transfers described here, community schools, other than e-schools, are provided \$200 per ADM for facilities costs (see EDUCD47).**

**Fiscal effect: Same as the House, but also allocates a portion of GRF line item 200550, Foundation Funding, to support the bonus payments, estimated at about \$3.8 million per year, and reduces the per pupil amount provided for facilities costs to \$12.50 for e-schools and \$150 for all other community and STEM schools in FY 2016 (see EDUCD47).**

**Fiscal effect: Same as the Senate, but the bonus payments are estimated at \$2.8 million in FY 2016 and \$3.0 million in FY17 and increases the facilities assistance amounts for e-schools in FY 2016 to \$25 per pupil.**

**EDUCD2 Pupil transportation funding**

**R.C. 3317.0212**

Modifies the pupil transportation formula as follows:

(1) Uses "total ridership" rather than "qualifying ridership" in the calculation of the statewide transportation cost per rider, where "total ridership" means the average number of resident regular education students in grades K-12 transported by a district during the first full week of October, and "qualifying ridership" means the subset of such students who live more than one mile from the school they attend.

(2) Decreases the minimum state share applied to a district's calculated transportation cost from 60%, as under

(3) Specifies that "average valuation" means, for districts with more than 20% agricultural real property valuation, a six-year average of total taxable valuation for tax years 2009 through 2014 for FY 2016 and the six-year average of total taxable valuation for tax years 2010 through 2015 for FY 2017. Specifies that "average valuation" means, for districts with 20% or less agricultural real property valuation, the three-year average of total taxable valuation for tax years 2012, 2013, and 2014 for FY 2016 and the three-year average of total taxable valuation for tax years 2013, 2014, and 2015 for FY 2017. (6) Calculates the state share index in a manner similar to current law, where state share index equals 5% if a district's wealth index is greater than or equal to 1.8, a scaled amount from 5% to 50% if a district's wealth index is between 1.8 and 0.9, 50% if a district's wealth index is 0.9, a scaled amount from 50% to 90% if a district's wealth index is between 0.9 and 0.35, and 90% if a district's wealth index is less than or equal to 0.35.

**R.C. 3302.02**

Requires the State Board of Education to adopt rules to establish proficiency percentages to meet each report card indicator that is based on a state assessment. (Under current law, adopting rules to establish such measures for the 2014-2015 school year and each school year thereafter is optional for the State Board.)

Sets deadlines by which the State Board must adopt proficiency percentages by school year, as follows:

(1) Not later than January 15, 2016, for the 2014-2015 school year;

(2) Not later than July 1, 2016, for the 2015-2016 school year;

Fiscal effect: Local governments would be held harmless for the loss in property tax revenue. Reimbursements will be made from the Production Equipment Property Tax Replacement Fund (Fund 7102). This provision may increase the Department of Taxation's administrative costs associated with determining the increased assessment rate, and with collecting and distributing funds generated by the increased assessment rate. LSC staff are uncertain about the magnitude of any such increase in costs. The provision that allows electric companies to recover more property tax costs, through a reconcilable rider outside of a rate case, may increase electric rates for Ohio electric utility ratepayers, including the state, local governments, and school districts. Any such increase to the state, local governments, or school districts would depend on the amount of electricity consumed, and on the extent to which property taxes currently paid on generation property are recovered through electric rates.

Prescribes different phase-out schedules for different classes of tax levies as follows:

(1) Current expense levies: Specifies that replacement payments for such levies be phased out according to the ratio of a district's FY 2015 payment amount to its total operating revenue from state and local sources ("total sources") and according to a district's tax capacity, a measure that considers both a district's property wealth and income wealth. Groups school districts into five quintiles by tax capacity. For a 5th quintile (highest capacity) district, specifies that the replacement payment will only be made in FY 2016 if the district's FY 2015 payment represents more than 2% of its total resources; increases the percentage threshold to 4% in FY 2017 and by 2

**Fiscal effect: Unlike state or municipal income taxes, school district income taxes (SDIT) may be levied only on the income of residents of the school district. Authorizing a municipal income tax and sharing the proceeds with the school district would potentially yield a greater amount of revenue available to a school district than a SDIT with a comparable rate because the municipal tax base includes nonresidents. The only municipality in Ohio with a population over 400,000 is Columbus; therefore, this provision is only applicable to those municipal corporations adjacent to Columbus.**
