Ohio Higher Educational Facility Commission

- Non-GRF agency; funding is entirely provided by fee revenue
- Administrative support is provided by the Department of Higher Education

OVERVIEW

Agency Overview

The Higher Educational Facility Commission (HEFC) was established in 1968 to help independent nonprofit colleges and universities obtain construction capital. In 2007, the Commission began issuing bonds on behalf of nonprofit hospitals and health care systems as well. The Commission is comprised of nine members, including the Chancellor of Higher Education, who serves permanently, and eight others who are appointed by the Governor and serve eight-year terms. The Commission receives no General Revenue Fund money; it is supported entirely by fee revenue.

By issuing tax-exempt bonds, the Commission assists eligible independent nonprofit hospitals and institutions of higher education in financing the construction, renovation, and rehabilitation of their educational and medical facilities. The bonds issued by the Commission are held by the state. However, the colleges, universities, or hospitals for which the bonds are issued make all of the principal and interest payments.

Commission Expenses (372601)

The budget provides flat funding in FY 2018 and FY 2019 compared to the FY 2017 appropriation amount. These funds will be used to reimburse the actual expenses incurred by the members of the Commission, including personal travel, parking, professional development, and incidental fees. The Commission usually meets once a month and Commission members receive no compensation for their services.

The budget also authorizes a transfer of up to \$50,000 in each fiscal year from the Commission's Operating Expenses Fund (Fund 4610) to the HEFC Administration Fund (Fund 4E80) used by the Department of Higher Education to pay for the administrative costs of the Commission. The total cost of the Commission's operations for FY 2018 and FY 2019 is currently estimated at \$62,500 in each fiscal year.
