Agency overview

The Ohio State Chiropractic Board was established in 1975. The Board issues licenses for chiropractors, sets the standards of practice, tests each applicant on the Board’s laws and rules, investigates complaints, holds administrative hearings, determines appropriate disciplinary actions, and monitors continuing education compliance among licensees. The Board also issues acupuncture certificates to qualified chiropractors.

The Board’s governing authority consists of five members appointed by the Governor, including four chiropractic physicians and one public member. Members are appointed for four-year terms and may serve two full terms. The Board meets six times per year. In addition to travel reimbursement, Board members receive compensation for the performance of official Board business.

The Board’s daily operations are the responsibility of an executive director who is appointed by the five-member governing authority. Including the Executive Director, the Board currently has four full-time employees. The Board receives no GRF moneys; it is entirely supported by fees.

Analysis of FY 2020-FY 2021 budget

The Board’s operations are funded by a single appropriation item within Fund 4K90 item 878609, Operating Expenses. The budget appropriates \$605,251 in FY 2020, an increase of 10.0% over FY 2019 expenditures and \$622,000 in FY 2021, an increase of 2.8% over FY 2020 appropriations.

Licenses and fees

All of the Board's revenue comes from fees. Fee revenues collected by the Board are deposited into the Occupational Licensing and Regulatory Fund (Fund 4K90). Many occupational licensing and regulatory boards and commissions, including the State Chiropractic Board, use Fund 4K90 as an operating account into which receipts are deposited and from which expenses are paid. Each licensing board or commission is generally expected to be self-sufficient, i.e., generating enough revenue to cover its expenses.

The Board issues chiropractic licenses and acupuncture certificates for chiropractors. The Board also approves preceptorships. The preceptorship is for students in their final clinical phase of chiropractic school. The table below shows the current fee amounts for each type of license. Licenses are renewed biennially.

License Fees by Type	
License Type	Fee
Chiropractic License (Initial)	\$250
Chiropractic License (Renewal)	\$500
Preceptorship	\$75
Acupuncture Certificate (Initial)	\$100
Acupuncture Certificate (Renewal)	\$100
