Fiscal effect: Liability claims against the state under the self-insurance program are paid from the Risk Management Reserve Fund (Fund 1300). Expansion of the state's self-insurance liability program will likely result in increased expenditures from Fund 1300. However, allowing additional claims to be paid from this reserve may ease budgetary complications an insured entity may suffer in the event of having to pay a large settlement from otherwise appropriated funds. May somewhat reduce the volume of cases before the Court of Claims, thereby reducing the workload of the Court to adjudicate such cases and the Attorney General to defend the state in those cases. The magnitude of any decrease will depend on the number of cases resolved through the Office of Risk Management.

In FY 2020, 33,238 students were homeschooled in Ohio, Department of Education figures show. Additional losses for donations to SGOs are uncertain, because of insufficient data, are expected in a range with an upper end of \$70 million, in a Department of Taxation estimate. GRF revenue losses would reduce distributions to the Local Government Fund (Fund 7069) and the Public Library Fund (Fund 7065), which each receive 1.66% of GRF tax revenues in codified law. The rest of the loss would remain with the GRF.</p>	<p>Fiscal effect: Same as the Senate, but the reduction in the maximum credit for donations to SGOs will reduce the cost.</p>
