TAXCD82 Motion picture tax credit

No provision.

No provision.

R.C. 122.85

Revokes the eligibility of "production contractors" (persons other than the production company that are involved in a motion picture or Broadway theatrical production) for the motion picture tax credit.

Fiscal effect: Reduces the value of prospective credits awarded by the Director of Development. Continuing law permits a refundable tax credit that may be claimed for Ohio production expenditures by eligible productions. The total amount issued may not exceed \$40 million per fiscal year, but the latest Tax Expenditure Report estimated that the credit would reduce GRF receipts between \$25 million and \$30 million per year over the FY 2022- FY2023 biennium. The motion picture tax credit can be taken against the financial institutions tax, income tax and the commercial activity tax.

Fiscal effect: Potential revenue losses to school districts and other political subdivisions, though revenue losses to counties are permissive in certain cases, as explained below. The provision applies to prospective renewable energy (e.g., wind and solar) facilities that will newly obtain the property tax exemption for the two-year period, tax year (TY) 2024-TY 2025. Once a renewable energy project qualifies for this certification, it is exempt from taxation in all ensuing tax years. Since this exemption was originally enacted in 2010, the Ohio Development Services Agency has certified more than 60 renewable energy projects. The property tax exemption applies to real and tangible personal property used by the energy facility. If the nameplate capacity of a qualified energy project is 20 megawatts (MW) or greater, the local board of county commissioners must approve its tax-exempt status. In return for this approval, the owner or lessee of an energy project must make a payment in lieu of taxes (or "PILOT") ranging between \$6,000 and \$9,000 per each MW of nameplate capacity.

Requires such operators and suppliers to apply to the Director of Development Services, similar to the existing job creation tax credit (JTC) requirements. Fiscal effect: The CAT exclusion of gross receipts from sales of a megaproject supplier to a megaproject operator would result in a loss of revenue to the GRF and other state funds. CAT receipts are deposited into the GRF (85%), the School District Tangible Property Tax Replacement Fund (Fund 7047, 13%), and the Local Government Tangible Property Tax Replacement Fund (Fund 7081, 2%). GRF would bear 96.68% of such revenue loss and the remaining would be borne by the Local Government Fund (LGF, 1.66%), and the Public Library Fund (PLF, 1.66%). Funds deposited into the LGF and PLF are distributed to counties, municipalities, townships, special districts, and public libraries. In addition, the enhancement of property tax exemptions under the EZ or CRA programs would reduce revenue to schools and other local governments.
