**DDDCD24 Transfer of residential facility license**

No provision.

**R.C. 5123.19**

Makes the following provisions for residential facilities that were leased by the residential facility operator between July 1, 1995, and July 1, 1996, and have been operating without a lease agreement for at least four years: (1) provides that a license that specifies the location of a residential facility is not transferrable to a different location if the licensee is not the owner of the building where the residential facility is located; and (2) specifies that if the licensee no longer operates the residential facility at the location specified in the license, the building owner is permitted to request ODODD to transfer the license to a different licensee or contractor that is willing to operate the facility at that location.

**R.C. 5123.19**

Replaces the House provision with a provision that provides that the ODODD Director must grant a new license for a residential facility if: (1) the facility is certified as an ICF/IID; (2) the building was operated as a residential facility for at least 20 years before the date of application for the new license; (3) the former operator relocated the facility beds to another licensed residential facility; (4) the facility is located in Preble, Claremont, or Warren County; (5) the facility will contain eight beds; and (6) the licensee will make a good faith effort to serve multi-system youth or adults with severe challenges.

No provision.

Clarifies that these provisions do not require the ODODD Director to issue additional residential facility licenses.

**Fiscal effect: Minimal.**

Replaces the House provision with a provision that limits the ODODD Director to issuing no more than 5 such licenses.

**Fiscal effect: There could be costs associated with granting new licenses for these facilities; there could also be a gain in fee revenues, if any are collected.**
