October 2017

INTRODUCTION

The Ohio General Assembly appropriates moneys to more than 100 departments, boards, commissions, and other agencies. These moneys are appropriated to specific line items of specific funds for each agency. LSC prepares this Catalog of Budget Line Items (COBLI) to provide relevant information on every line item of a state agency. Specifically, the catalog includes a table for each line item that indicates the fund to which the line item belongs, the line item number, the line item title, and a six-year funding history. Following the table is a brief description of that line item, including the revenue source, legal basis, and purpose (see below for an example).

Legal Basis:	Section 205.10 of H.B. 49 of the 132nd G.A. (originally established by H.B. 283 of the 116th G.A.)
Purpose:	This line item is used to support the training and administrative operations of the Ohio Military Reserve, a voluntary state defense force. The expenses charged against this line item are primarily for supplies and maintenance, principally the cost of meals provided during training.

For this 2017 edition, the actual spending amounts for FY 2014 through FY 2017 and appropriations for FY 2018 and FY 2019 are displayed in each line item table. The appropriations for FY 2018 and FY 2019 reflect those made in the As Enacted version of the four operating budget acts of the 132nd General Assembly: H.B. 49 (the main operating budget), H.B. 29 (the transportation budget), H.B. 27 (the Bureau of Workers' Compensation budget), and H.B. 28 (the Industrial Commission budget).

In the catalog, each agency's line items are arranged according to the fund groups to which the line items belong. The line items within the General Revenue Fund appear first, followed by the Dedicated Purpose Fund Group, the Internal Service Activity Fund Group, and the Federal Fund Group. In addition to these four major fund groups, line items can also be found in several other, smaller fund groups, such as the State Lottery Fund Group and the Revenue Distribution Fund Group.

In addition to the printed version, the catalog may be viewed on LSC's website at www.lsc.ohio.gov by clicking on *Budget Central* and then *Catalog of Budget Line Items* under the *Budget Reference Documents* heading.

Line item 653654, Medicaid Services, is used to disburse the federal share to county boards.

Purpose: This line item is used to expend the portion of the federal Social Services Block Grant (SSBG) received by ODODD as well as other smaller federal grants. The federal SSBG is received by ODJFS, which keeps 72.5% and distributes 14.57% to ODODD and 12.93% to the Department of Mental Health and Addiction Services. ODODD distributes their portion of the grant to county DD boards to supplement the costs of services provided by the boards. States have wide discretion in determining which services to provide with these funds.

Beginning in FY 2017, this line item is also used to support the administration of Ohio's Early Intervention Services Program. H.B. 483 of the 131st G.A. transferred the responsibility for implementing the state's Part C Early Intervention Services Program from ODH to ODODD. State funds for the program are expended out of GRF line item 322421, Early Intervention. Prior to FY 2017, funds for the program were spent out of GRF line item 440459, Help Me Grow, and federal line item 440418, Federal Public Health Programs, both within ODH's budget.

H.B. 49 permits funds to be used to purchase one or more residential facility beds for the purpose of reducing the number of beds that are certified for participation in Medicaid as ICF/IID beds in Ohio. Additionally, a portion of the line item may be used to provide a subsidy, disbursed in quarterly installments, to county family and children first council administrative agencies to support central coordination and child find activities.

According to the U.S. Department of Education, all MSP funds must be obligated and expended by September 30, 2018. Nevertheless, ESSA provides a block grant to states and school districts that may be used for a variety of purposes, one permissible use of which is programming to improve instruction and student engagement in science, technology, engineering and mathematics (STEM), including computer science, and increasing access to these subjects for underrepresented groups.

Purpose: This line item provides federal formula dollars to school districts for additional academic support and learning opportunities to help disadvantaged children meet state standards in core academic subjects. Nearly all districts receive basic grants, but three other types of grants are targeted to schools with high concentrations of students from low-income families. ODE may use up to 1% of the state's federal allocation for administration. The federal Every Student Succeeds Act of 2015 (ESSA), the most recent reauthorization on the federal Elementary and Secondary Education Act, requires a state to set aside 7% or more of its Title I, Part A allocation for school improvement activities. In addition, ESSA permits, but does not require, a state to reserve up to 3% of its federal allocation to provide subgrants to local education agencies for various direct student services, subject to certain requirements.

Most of these funds are distributed to school districts, county boards of developmental disabilities, community schools, the State School for the Blind, the School for the Deaf, the Department of Youth Services, and chartered and non-chartered nonpublic schools based on a formula prescribed by the U.S. Department of Education, including a base amount for each local education agency and additional population and poverty allocations. Districts use the funds to provide a free and appropriate public education to children with disabilities, as required by the federal Individuals with Disabilities Education Act. A portion of these funds may be used by ODE for administration and other state-level activities.

Purpose: This line item provides federal funds to assist in the planning and initial implementation of high-quality charter schools, known in Ohio as community schools. Only site-based community schools whose sponsor received a rating of effective or exemplary on its most recent sponsor evaluation qualify. The grant provides up to \$100,000 for planning, up to \$350,000 for the first year of implementation, and up to \$250,000 for the second year of implementation. In 2015, Ohio was awarded a new five-year, \$71 million competitive federal grant for these purposes. However, in April 2017, ODE reduced its grant budget to \$49.4 million, owing to a smaller number of eligible schools due to the results of recent sponsor evaluations.

The grants may be used for tutorial and mentor services, after school activities emphasizing language skills, recreation activities for limited English proficient students, technology programs, and activities that promote parental involvement, drug prevention, arts and music education, mathematics and science education, violence prevention, and character education. Funds are distributed competitively to grantees for a five-year period, with a maximum of \$200,000 per year in the first three years and gradually reduced maximum amounts for the last two years as recipients must transition to other resources to sustain the program. ODE may use up to 2% of the funds for administrative expenses and up to 5% of the funds for state-level activities.

Purpose: This line item supports teacher quality. District allocations are based on a federal formula that takes into account a district's enrollment and poverty rate. Up to 1% of the state's grant allocation may be used for state administration. Additional portions may be reserved for other state activities, including teacher, principal, and other school leader support or preparation academies. Formerly, the Department of Higher Education (DHE) shared a portion of the grant for state administration and planning and for competitive grants that supported partnerships between districts and higher education institutions. Under the federal Every Student Succeeds Act of 2015, state higher education agencies are no longer eligible for the grants beginning in federal FY 2017. DHE's share of funds under former federal law are appropriated within its budget in Fund 3120 line item 235617, Improving Teacher Quality Grant.

Purpose: This line item provided debt service payments to retire the special revenue bonds issued for financing capital improvements for state-supported colleges and universities. These special revenue bonds were issued before 2000 and all of them were retired by the end of FY 2014. A 1999 constitutional amendment authorized the state to issue general obligation bonds for the purpose of financing capital improvements for higher education. In contrast with special revenue bonds, which were paid by a dedicated revenue source (in this case, GRF), general obligation bonds are backed by the full faith and credit of the state. Because of this additional backing, general obligation bonds can be issued at lower interest rates than special revenue bonds.

Campuses, other than the Ohio Agricultural Research and Development Center (OARDC), that received debt service amounts higher than their formula-determined amounts will have the difference deducted from their State Share of Instruction subsidy allocations. For OARDC, the difference is deducted from GRF line item 235535, Ohio Agricultural Research and Development Center. These deducted funds are transferred into this line item. Purpose: This line item funds the Ohio College Opportunity Grant, the state's primary need-based financial aid program. In general, awards are based on the remaining "state cost of attendance" after a student's expected family contribution (EFC) and federal Pell grant are applied to the instructional and general charges for the student's educational program. EFC is a federally determined amount calculated using the information that students provide in the Free Application for Federal Student Aid (FAFSA) form, and is the same method that the federal government uses to determine eligibility for Pell Grants. Since FY 2014, any unused balance of this line item at the end of a fiscal year is transferred to the Ohio College Opportunity Grant Program Reserve Fund (Fund 5PU0), which may be used to pay grant obligations in excess of GRF appropriations.

Purpose: This line item provides college scholarships to Ohio National Guard members. A Guard member attending a state college or university receives a scholarship for 100% of the state institution's tuition charges. A Guard member attending a private university is eligible for a scholarship equal to the average state tuition at public institutions. If funds are not sufficient to meet full tuition for all eligible applicants, scholarship amounts are reduced and the institutions enrolling the scholarship recipient must make up the difference in the recipient's award amount. The program serves as both a recruitment and retention tool for the Guard and has proved to be an effective incentive for enlisting. Since FY 2012, any unused balance of this line item at the end of each fiscal year is transferred to the National Guard Scholarship Reserve Fund (Fund 5BM0), which may be used to pay scholarship obligations in excess of GRF appropriations.

Purpose: This line item provides debt service payments to retire general obligation bonds issued for state-assisted colleges and universities. A 1999 constitutional amendment authorized the state to issue general obligation bonds for the purpose of financing capital needs of state-assisted colleges and universities. In contrast with special revenue bonds, which were paid by a dedicated revenue source, general obligation bonds are backed by the full faith and credit of the state. Because of this additional backing, general obligation bonds can generally be issued at lower interest rates than special revenue bonds. Since 2000, the state has issued only general obligation bonds for capital needs of state-assisted colleges and universities. The last special revenue debt obligations were retired in FY 2014.

Finally, funds support the Knowledge Development for Scaling Guided Pathways (SGP) reforms. The SGP project will provide applied research and strategic technical assistance support to the continuing efforts of Ohio's community colleges and their partners to create "guided pathways" for students to postsecondary credentials and careers in fields of economic importance to the state.

On September 1 of each fiscal year, or as soon as possible thereafter, DHE is to certify to the Director of Budget and Management the amount necessary to pay these obligations. The certified amount is appropriated in this line item. H.B. 49 of the 132nd G.A. expanded the revenue base for Fund 5Y50 to consist of refunds of state financial aid payments disbursed by DHE for programs that DHE is responsible for administering, instead of refunds from only OIG and OCOG. Federal law mandates that all motor carriers required to register with the U.S. Department of Transportation (including private, for-hire, and exempt carriers, as well as brokers, freight forwarders, and leasing companies) pay the fees. Purpose: Funds are used to enforce the Hazardous Materials Transportation Law. Prior to FY 2018, this line item received and disbursed funds received under a base-state registration program for hazardous material carriers. Under this type of program, carriers who operate in more than one state can register for all states in their home state. Consequently, some funds were disbursed to other states for those registration fees that were ultimately transferred out of Ohio. Upon the enactment of H.B. 49 of the 132nd G.A., this state-administered fee was eliminated.

Purpose: These federal funds are used to administer the Motor Carrier Safety Assistance Program (MCSAP) involving the safe operation of commercial motor vehicles. The program, originally authorized by the Surface Transportation Act of 1982, began as an inspection program by the PUCO. However, with the passage of the Intermodal Surface Transportation Act of 1991, it was expanded to deal with drug interdiction and other matters under the purview of the State Highway Patrol. To receive the grant, the state must contribute 20% of the total costs and use the funds to enhance the program, not to support existing activities. The PUCO is the primary recipient for these federal funds. The entire federal grant is appropriated through this PUCO line item. An appropriate amount of the grant is subsequently transferred to the Department of Public Safety to fund the Department's enforcement division.

This program focuses on offenders who are sentenced to prison for 12 months or less for nonviolent, nonsex, nonmandatory felony 5 offenses, and whose criminal history does not include any prior felony violent, sex offense, or felony 5 drug trafficking convictions. The pilot counties receiving T-CAP grant funding agree to supervise, treat, and sanction these targeted offenders locally using a mix of community-based sanctions that range from supervision and electronic home monitoring to, when deemed necessary, local incarceration, including placement in a community-based correctional facility (CBCF).

Legal Basis: ORC 319.302 and 323.151 through 323.157; Section 387.10 of H.B. 49 of the 132nd G.A.

Purpose: This line item is used to reimburse local governments other than school districts for losses incurred as a result of the 10% and 2.5% rollbacks and the homestead exemption reductions in real and manufactured home property taxes. Prior to FY 2016, funds for this purpose were provided through GRF line item 110901 in the Department of Taxation's budget. Only "qualifying levies" as defined in ORC 319.302 are subject to the rollbacks; qualifying levies generally are levies on the tax list for tax year 2013 or renewals of such levies. Types of real property eligible for the 10% rollback include those used for farming; leasing property for farming; occupying, holding, or leasing property improved with one-, two-, or three-family dwellings; or holding vacant land that the county auditor determines will be used for these purposes. Owner-occupants of residential real property are eligible for an additional 2.5% tax reduction for those primary residences.

The homestead exemption is a partial exemption from real property taxation, on the first \$25,000 of a home's market value for owner-occupants who are (1) age 65 or older, or (2) permanently and totally disabled. Starting in tax year 2014, eligibility for the homestead exemption is further limited to persons with incomes of \$30,000 or less, except that persons who previously received the exemption continue to do so, and persons who qualified but did not apply for the exemption in 2013, and who timely filed in 2014, also receive the exemption. The \$30,000 income cap rises with inflation. For certain disabled veterans, the partial exemption is \$50,000 of the real property's market value, with no income test for eligibility.

Legal Basis: ORC 131.51 and 5747.50; Sections 387.10 and 757.20 of H.B. 49 of the 132nd G.A.

Purpose: The Local Government Fund (LGF) provides state aid to counties and municipalities. County amounts are disbursed to local subdivisions to be used for current operating expenses of the county government, municipalities, townships, and certain special districts. Starting in FY 2014, no county undivided local government fund is to receive less than \$750,000 or the amount received in FY 2013, whichever is smaller.

Starting in FY 2016, \$12 million each year that would have been paid directly to municipal corporations by the Department of Taxation was instead paid to county undivided local government funds for distribution to townships (\$10 million) and small villages (those with populations under 1,000; \$2 million). This provision was incorporated in codified law starting in FY 2018. Remaining amounts that would have been distributed directly to municipal corporations by the Department of Taxation during FY 2018 and FY 2019 are instead being transferred to a newly created fund, the Targeting Addiction Assistance Fund (Fund 5TZ0), to pay for various opioid addiction treatment and law enforcement programs in the Departments of Health, Rehabilitation and Correction, Mental Health and Addiction Services, Job and Family Services, and Medicaid. Spending for these programs is appropriated at a total of \$17.65 million in each year of the biennium.

The base state or province then makes payments to other jurisdictions that are owed some of the fuel tax, and also collects tax it is owed from other jurisdictions. These payments are made possible by a set of reciprocal agreements among the states and provinces in IFTA.
