Section II: Active Licenses, FY 2017 and FY 2018 .....	12

## Introduction

### Summary

Section 103.13(H) of the Revised Code requires the Legislative Service Commission (LSC) to prepare a report each year evaluating the extent to which Ohio's various occupational licensing and regulatory boards and commissions are financially self-supporting. This report summarizes the year-end cash balances for funds used by such boards and commissions in fiscal year (FY) 2018 (July 1, 2017 through June 30, 2018). These boards and commissions use a number of different funds as operating accounts into which their receipts are deposited and from which their expenses are paid. As of June 30, 2018, the 24 state funds used primarily by the boards and commissions had a combined cash balance of \$86.2 million, compared to a combined cash balance of \$84.2 million as of July 1, 2017. The boards and commissions also encumbered a total of \$6.8 million in FY 2018 funds to be spent in FY 2019, leaving the funds with a combined, unobligated cash balance of \$79.4 million at the end of FY 2018, compared to a combined unobligated cash balance of \$78.8 million at the end of FY 2017. Collectively, these boards and commissions had sufficient revenues to cover their expenditures and were financially self-supporting in FY 2018.

The report is divided into two sections. Section I provides a simplified cash balance statement for the 24 funds used primarily by the boards and commissions for operations and also summarizes their revenue and expenditure activities for FY 2018. Section II compares the total number of active licenses for each board or commission in FY 2018 to FY 2017. The financial and licensing data presented in this report was compiled from information provided by the boards and commissions and data from the Ohio Administrative Knowledge System (OAKS).

### Board abolishments and consolidations

H.B. 49 of the 132nd General Assembly abolished several boards typically covered in this report. The duties of these abolished boards were placed under one of several existing boards or one of two newly created boards.<sup>1</sup> However, the duties with regard to the Ohio Respiratory Care Board were divided in the following manner: respiratory care regulation was merged into the State Medical Board and home medical equipment regulation was merged into the State Board of Pharmacy. The table below shows the abolished boards, as well as the new or existing board that absorbed their duties. All of the consolidations except one were effective January 21, 2018. The exception was the consolidation of the State Board of Sanitarian Registration into the Ohio Department of Health, which was effective on September 29, 2017. Thus, it is important to note that this report does not reflect a full year's worth of revenue and expenditure data for affected boards.

---

<sup>1</sup> The State Vision Professionals Board and the State Speech and Hearing Professionals Board were created by H.B. 49.

<b>Board Consolidations</b>	
<b>Abolished Board</b>	<b>New or Existing Board Responsible for Regulation</b>
State Board of Optometry Ohio Optical Dispensers Board	State Vision Professionals Board
Hearing Aid Dealers and Fitters Licensing Board Board of Speech-Language Pathology and Audiology	State Speech and Hearing Professionals Board
Ohio Board of Dietetics	State Medical Board
State Board of Orthotics, Prosthetics, and Pedorthics	Ohio Occupational Therapy, Physical Therapy, and Athletic Trainers Board
Ohio Respiratory Care Board duties	
<i>Respiratory care</i>	State Medical Board
<i>Home medical equipment</i>	State Board of Pharmacy
Ohio Manufactured Homes Commission	Ohio Department of Commerce
State Board of Sanitarian Registration	Ohio Department of Health
Ohio State Barber Board	State Cosmetology and Barber Board

## Section I: Revenues, Expenditures, and Year-End Fund Balances

### Year-end fund balances

In FY 2018, several boards and commissions regulated and licensed various occupations and professions in the state of Ohio. These boards and commissions did not receive any funding from the General Revenue Fund (GRF). Rather, their operations were supported by license fees, fines, penalties, and other assessments deposited into many non-GRF funds. This section of the report presents a review of cash balances in 24 of these funds at the close of FY 2018 (Table 1),<sup>2</sup> as well as operating income and expenditures for each board by fund over the course of their licensing cycles (Table 2). This information helps indicate whether these licensing and regulatory boards and commissions are financially self-supporting. Again, it is important to note that revenues and expenditures for boards affected by consolidations only reflect a partial year of licensing activity.

Table 1 is a simplified cash balance statement covering 24 of the funds that are used primarily by the boards and commissions. As of July 1, 2017, the first day of FY 2018, these funds had a combined cash balance of \$84.2 million. During FY 2018, a total of \$107.9 million in receipts (including transfers) were deposited into the funds and a total of \$105.9 million in expenditures (including transfers) were paid out of the funds. As of June 30, 2018, the last day of FY 2018, these 24 funds had a combined cash balance of \$86.2 million and outstanding encumbrances of \$6.8 million, leaving the funds with a combined, unobligated cash balance of \$79.4 million. Of these 24 funds, 23 finished FY 2018 with positive unobligated cash balances. The Manufactured Homes Commission Regulatory Fund (Fund 5MC0) finished FY 2018 with a balance of \$0. This fund was used by the Ohio Manufactured Homes Commission until its abolishment on January 21, 2018. Revenues that were previously deposited into this fund are now deposited into the Industrial Compliance Operating Fund (Fund 5560), which is used by the Ohio Department of Commerce.

In FY 2018, of the \$105.9 million in expenditures made by boards and commissions, \$74.4 million (70.2%) was used for operations and \$31.6 million (29.8%) was transferred out. Of the amount expended for operations, \$49.5 million (66.5%) was for personal services, which includes payroll and fringe benefits, \$14.1 million (18.9%) was for supplies and maintenance, \$5.4 million (7.3%) was for subsidies for things such as training and education programs and grant-related activities, \$4.9 million (6.6%) was

---

<sup>2</sup> Table 1, which shows fund cash balances, does not include the three funds that are used mainly for purposes other than board activities: the General Operations Fund (Fund 4700) used by the Department of Health, the Public Safety – Highway Purposes Fund (Fund 5TM0) used by the Department of Public Safety, and the Industrial Compliance Operating Fund (Fund 5560) used by the Department of Commerce. Nor does it include federal funds used by the State Board of Pharmacy.

for purchased personal services, and the remaining \$545,000 (0.7%) was for equipment and other miscellaneous expenditures.

In total, \$31.6 million was transferred out of the funds used by boards and commissions in FY 2018. The Occupational Licensing and Regulatory Fund (Fund 4K90) had a total of \$17.9 million transferred to other funds. The largest Fund 4K90 transfer was \$13.5 million to the Professional Licensing System Fund (Fund 5JQ0) to support the replacement of the automated licensing system. Fund 5JQ0 is used by the Department of Administrative Services to develop and maintain a replacement automated licensing system for professional licensing boards. Of the remaining funds transferred from Fund 4K90, approximately \$3.0 million was transferred to funds used by boards for educational programs for nurses (Fund 5AC0) and accountants (Fund 4J80). Approximately \$1.1 million was transferred from Fund 4K90 to the Nursing Education Assistance Fund (Fund 6820), used by the Department of Higher Education, to provide financial assistance to Ohio students enrolled in at least half-time study in approved pre-licensure or post-licensure nurse education programs. Additionally, approximately \$310,000 was transferred to the Manufactured Homes Regulatory Fund (Fund 5SU0), used by the Department of Commerce, for licensing and regulation of manufactured housing dealers, brokers, and salespersons. This transfer was done to facilitate the transfer of manufactured home regulation to the Department of Commerce.

The next largest transfer was \$10.0 million from the Division of Securities Fund (Fund 5500) to the GRF. Approximately \$1.6 million was transferred from the Manufactured Homes Commission Regulatory Fund (Fund 5MC0) to the Industrial Compliance Operating Fund (Fund 5560), which again facilitated the transfer of manufactured home regulation to the Department of Commerce. Additionally, \$1.1 million was transferred from the State Medical Board Operating Fund (Fund 5C60) to the Professional Licensing System Fund (Fund 5JQ0). Finally, \$1.0 million was transferred from the Consumer Finance Fund (Fund 5530), used by the Division of Financial Institutions, to the GRF.

### **Occupational Licensing and Regulatory Fund (Fund 4K90)**

The Occupational Licensing and Regulatory Fund (Fund 4K90) serves as an operating fund for many of the boards and commissions covered in this report. Fund 4K90 finished FY 2018 with a cash balance of \$15.7 million, a decrease of \$4.3 million (21.5%) from the beginning cash balance of \$20.0 million. Taking into account the year-end encumbrance of \$1.1 million, Fund 4K90 finished FY 2018 with an unobligated cash balance of \$14.5 million.<sup>3</sup>

---

<sup>3</sup> The Fund 4K90 balance reflects the combined cash balance of all boards and commissions operating out of the fund, including the contribution of the State Board of Career Colleges and Schools, which is otherwise not covered in this report.

Fund 4K90 receipts totaled about \$47.7 million in FY 2018, an increase of \$12.1 million (33.9%) from FY 2017 receipts of \$35.6 million. Fund 4K90 expenditures and transfers out for FY 2018 totaled \$51.9 million, an increase of \$3.5 million (7.2%) over FY 2017 expenditures of \$48.5 million. The difference in expenditures is partially due to the differences in amounts transferred out of Fund 4K90 in each year. When transfers are excluded, expenditures totaled \$34.1 million in FY 2018, about \$1.6 million (4.8%) more than FY 2017 expenditures of \$32.5 million.

**Table 1. Simplified Cash Balance Statement for Funds Used by Occupational Licensing and Regulatory Boards and Commissions, FY 2018**

Fund Name	Fund Code	Beginning Cash Balance	Revenues (Including transfers in)	Expenditures (Including transfers out)	Ending Cash Balance	Year-End Encumbrances	Unobligated Ending Cash Balance
Division of Securities Fund	5500	\$19,456,379	\$18,983,515	\$15,040,449	\$23,399,444	\$451,932	\$22,947,512

## Revenues and expenditures

After examining a fund's year-end cash balance, it may be helpful to examine a fund's revenue and expenditure patterns without taking into account the beginning cash balance. While a sufficient beginning cash balance may help a board or commission to absorb an operating deficit during a given year, a board or commission with an annual expenditure level consistently exceeding its annual revenue level may eventually have to reduce its expenditures, increase its license fees, or both. Table 2 lists revenues and expenditures for each board and commission at the fund level. It also compares each fund's revenues and expenditures to determine whether the revenues generated during a given period were sufficient to cover the expenditures incurred in that period. Transfers in and transfers out are excluded from this table in order to view board finances only pertaining to operations.<sup>4</sup> Nearly all of the revenue received by the boards and commissions covered in this report comes from license fees.<sup>5</sup> This means that license renewal cycles (generally one, two, or three years) can have a significant effect on annual revenue.

In order to provide a more complete picture of revenue and expenditure patterns for those boards and commissions issuing annual licenses, Table 2 lists their FY 2018 revenues and expenditures by fund. For those boards and commissions issuing biennial licenses, the table lists total revenues and expenditures by fund over the FY 2017-FY 2018 period. Likewise, for boards and commissions issuing on a triennial basis, the table lists revenue and expenditure data over the FY 2016-FY 2018 period. Some boards and commissions with biennial or triennial license renewal cycles stagger their license renewal periods to avoid larger fluctuations in revenues and expenditures from year to year.

As mentioned previously, several boards were abolished and their duties were absorbed into an existing board or a new board. Thus, the FY 2018 amounts for these affected boards do not represent a full year of licensing activities. These abolished, new, or consolidated boards are marked with a (†) symbol in Table 2.

### Annual renewal cycles

As shown in Table 2, in FY 2018, 11 boards and commissions on primarily annual renewal cycles registered higher revenues than expenditures. The Division of Securities within the Department of Commerce, which regulates the sale of securities and licenses security professionals, registered the largest overall surplus of \$13.5 million. The

---

<sup>4</sup> Table 2 excludes funds that are primarily used to disburse grants (and are therefore not used for general board operations): the CPA Education Assistance Fund (Fund 4J80), the Nurse Education Grant Program Fund (Fund 5AC0), and the Veterinary Student Loan Program Fund (Fund 5BU0).

<sup>5</sup> The main exception is the State Board of Emergency Medical, Fire, and Transportation Services, which is primarily funded by fees and fines, such as a portion of moneys collected from seat belt law violations. Additionally, the State Board of Pharmacy has several grant funds, holding funds, federal funds, or special law funds that do not collect licensing revenue.

Division uses two funds: the Division of Securities Fund (Fund 5500), which had a surplus of \$13.9 million, and the Investor Education and Enforcement Expense Fund (Fund 5GK0), which had a deficit of \$412,572. The Division of Financial Institution's (within the Department of Commerce) Consumer Finance Fund (Fund 5530), registered the next highest revenue surplus of \$1.2 million.

Ten boards and commissions on annual renewal cycles registered higher expenditures than revenues. The Division of Real Estate and Professional Licensing, within the Department of Commerce, registered the largest deficit with a total deficit of \$231,060 in its four funds. Several of the boards impacted by the consolidations had a deficit. Again, FY 2018 was not a full licensing year for these boards.

### **Biennial renewal cycles**

In FY 2018, 20 boards and commissions that operate mainly on biennial renewal cycles registered higher revenues than expenditures over their two-year licensing period. The Board of Nursing had the largest surplus of \$7.7 million in their portion of Fund 4K90, followed by the State Medical Board with a surplus of \$2.8 million in the State Medical Board Operating Fund (Fund 5C60). A total of three boards and commissions on biennial renewal cycles had higher expenditures than revenues over the licensing period. The largest deficit of \$145,593 was registered by the Bureau of Environmental Health and Radiation Protection within the Department of Health related to radiation technician licensure. The Department of Health uses the General Operations Fund (Fund 4700) for this licensure. The next largest deficit of \$115,969 was registered by the new State Speech and Hearing Professionals Board in its portion of Fund 4K90. Again, FY 2018 was not a full licensing year for this board. Lastly, the State Board of Embalmers and Funeral Directors registered a deficit of \$94,493.

### **Triennial renewal cycles**

Of the boards that mainly renew licenses on a triennial basis, the Accountancy Board registered a surplus of \$1.8 million in their portion of Fund 4K90. The three other boards registered deficits, which include: \$1.5 million in the Trauma and Emergency Medical Services Fund (Fund 83M0) used by the Board of Emergency Medical, Fire, and Transportation Services within the Department of Public Safety, \$1.2 million in the Industrial Compliance Operating Fund (Fund 5560) used by the Department of Commerce's Board of Building Standards for licensing operations, and \$354,612 in the Division of Real Estate Operating Fund (Fund 5490) used by the Department of Commerce's Division of Real Estate and Professional Licensing. Fund 5490 is used for triennial license renewals (most of the other licenses issued by the Division of Real Estate and Professional Licensing are renewed on an annual basis).

**Table 2. Summary of Revenues and Expenditures by Agency by Fund**

Agency Name	Fund Code	Revenues	Expenditures	Revenues Over (Under) Expenditures

<sup>‡</sup>This board was abolished, is new, or acquired the responsibilities of an abolished board. FY 2018 revenues and expenditures do not represent a full fiscal year.

**Triennial Renewal Cycle, FY 2016-FY 2018**

Accountancy Board	4K90	\$4,822,633	\$3,006,413	\$1,816,220
Division of Real Estate and Professional Licensing (Commerce)	5490	\$9,578,897	\$9,933,509	-\$354,612
Board of Building Standards (Commerce)	5560	\$3,126,164	\$4,354,426	-\$1,228,262
Board of Emergency Medical, Fire, and Transportation Services (Public Safety) <sup>****</sup>	83M0	\$18,733,559	\$20,241,743	-\$1,508,184

<sup>\*\*\*\*</sup>Fund 83M0 includes some grant-related expenditures for emergency medical services organizations, in addition to licensure activities.

## Section II: Active Licenses, FY 2017 and FY 2018

Table 3 lists the total number of active licenses for each board or commission for FY 2017 and FY 2018 and the percent change in the number of licenses between these fiscal years. For comparison purposes, licenses that were issued in FY 2017 under now-abolished boards are listed with the new board or existing board that acquired its responsibilities under H.B. 49 of the 132nd General Assembly. Affected boards are noted in the report. Licenses first issued in FY 2018 are noted as "(new)" and discontinued licenses are noted as "(discontinued)."

<sup>13</sup> During FY 2018, the Board began issuing licenses previously issued by the abolished State Board of Orthotics, Prosthetics, and Pedorthics. For comparison purposes, FY 2017 license numbers from the State Board of Orthotics, Prosthetics, and Pedorthics are included under the Occupational Therapy, Physical Therapy, and Athletic Trainers Board.

<sup>14</sup> H.B. 49 of the 132nd General Assembly absorbed Terminal Distributor of Dangerous Drugs CAT I and Controlled Substance Manufacturer licenses into other license types. The Board implemented new categories for the Wholesale Distributor of Dangerous Drugs license as well. H.B. 49 also adjusted licensing renewal schedules and fees. Additionally in FY 2018, the Board took on the responsibilities of issuing Home Medical Equipment Facility Licenses and Certificates of Registration, which were previously issued under the abolished Respiratory Care Board. For comparison purposes, FY 2017 license numbers from the abolished Board are included under the State Board of Pharmacy.
