## Fiscal Note & Local Impact Statement

---

**Bill:** Am. H.B. 497 of the 130th G.A.

**Date:** April 1, 2014

**Status:** As Enacted

**Sponsor:** Rep. Amstutz

**Local Impact Statement Procedure Required:** No

**Contents:** Makes capital appropriations and reappropriations for the FY 2015-FY 2016 biennium and other changes

### State and Local Fiscal Analysis

#### Capital appropriations and reappropriations

The bill makes capital appropriations totaling \$2.39 billion for the FY 2015-FY 2016 biennium. The attached *Capital Item Analysis* provides summary reports and detailed information on capital appropriations. The bill also reappropriates approximately \$1.64 billion in capital funds for the FY 2015-FY 2016 biennium. This amount represents an estimate of available appropriations on July 1, 2014. Generally, the actual reappropriations will be equal to the actual appropriations available on July 1, 2014. These capital reappropriations are summarized in the tables at the end of this Fiscal Note. Table 1 presents the estimated amounts by fund. Table 2 presents the estimated amounts by fund and agency.

#### Disaster Services

The bill permits the transfer of up to \$4.0 million from the Disaster Services Fund (Fund 5E20) to a fund and appropriation item used by the Department of Public Safety (DPS) for Putnam County flood mitigation projects. The transfer is to be made at the request of DPS with Controlling Board approval.

#### Transportation Building Fund (Fund 7029)

The bill establishes the Transportation Building Fund (Fund 7029) as a state treasury fund to receive the proceeds of obligations issued by the Treasurer of State to pay for transportation capital facilities.

#### Treasury Management System

The bill authorizes the Treasurer of State to acquire and implement a Treasury Management System (TMS) and limits any lease-purchase agreement to finance the TMS to \$10.0 million. TMS is an integrated treasury technology infrastructure system that will replace the Treasurer of State's existing separate cash, custody, investment, and accounting software and administration systems.

## Enterprise Data Center Solutions project

The bill authorizes the Department of Administrative Services (DAS) to acquire and implement an Enterprise Data Center Solutions (EDCS) project and limits any lease-purchase agreement to finance the EDCS to \$45.0 million. An EDCS project will expand and improve the state's cloud computing environment and will support upgrades to enterprise shared solutions.

## Multi-Agency Radio Communications System (MARCS)

The Multi-Agency Radio Communications System (MARCS) is a statewide computer and communications network that provides instant voice and data communication to public safety law enforcement and first responders. The bill authorizes DAS to update or add functionality to MARCS and limits any lease-purchase agreement to finance MARCS to \$27.2 million. Under the bill, DAS must submit a business plan or model to the Controlling Board before any allocation of money for improvements to MARCS may be made and must seek Controlling Board approval of improvements.

## State Taxation, Accounting, and Revenue System (STARS)

The bill authorizes DAS, in conjunction with the Department of Taxation, to acquire and implement the State Taxation, Accounting, and Revenue System (STARS) and limits any lease-purchase agreement to finance STARS to \$20.0 million. STARS is an integrated tax collection and audit system that replaces all of the state's existing separate tax software and administration systems for the various taxes collected by the state.
